AONBOY F2

AONBOY Cat Water Fountain Instruction Manual

Model: F2

Product Overview

The AONBOY Cat Water Fountain (Model F2) is designed to provide fresh, clean, and flowing water for your pets, encouraging increased hydration. Its ultra-silent operation and multi-stage filtration system ensure a pleasant and healthy drinking experience for cats and small dogs.

What's in the Box

Upon opening your AONBOY Cat Water Fountain package, you should find the following components:

- Cat Water Fountain Unit (Main Reservoir)
- Water Pump
- Carbon Filter

- Filter Sponge
- Flower Spout
- Power Adapter
- User's Manual (this document)

Setup Instructions

Follow these steps to assemble and prepare your AONBOY Cat Water Fountain for use:

1. **Clean Components:** Before first use, thoroughly rinse all parts of the fountain (reservoir, pump, filter tray, flower spout) with water.
2. **Install Water Pump:** Place the water pump securely at the bottom of the main reservoir. Ensure the power cord is routed through the designated channel.
3. **Insert Filter Sponge:** Place the filter sponge over the water pump.
4. **Place Filter Tray:** Position the filter tray on top of the reservoir, ensuring it sits correctly.
5. **Insert Carbon Filter:** Place the carbon filter into the designated slot in the filter tray.
6. **Add Water:** Fill the reservoir with clean water up to the MAX level indicator. Do not overfill.
7. **Attach Flower Spout:** Securely attach the flower spout to the pump's outlet on the filter tray. You can choose from three different flow designs by adjusting the spout.
8. **Connect Power:** Plug the power adapter into a standard electrical outlet. The fountain will begin operating, and the LED light will illuminate.

Operating Instructions

The AONBOY Cat Water Fountain is designed for continuous operation. Once set up and plugged in, it will provide a constant flow of filtered water.

- **Continuous Flow:** The fountain operates continuously when plugged in, ensuring fresh water is always available.
- **Water Level Monitoring:** The translucent design and built-in LED light allow for easy monitoring of the water level. Refill when the water level is low to prevent the pump from running dry.
- **Ultra-Silent Operation:** The upgraded water pump operates at a low noise level (≤30dB), ensuring it does not disturb your pet or household.
- **Encouraging Hydration:** The flowing water and multiple flow designs (flower waterfall, flower bubble, soft fountain) are designed to attract pets and encourage them to drink more water, which is beneficial for their kidney health.

Maintenance

Regular cleaning and filter replacement are crucial for maintaining water quality and extending the life of your fountain.

- **Weekly Cleaning:** Clean the entire fountain unit, including the reservoir, pump, and filter tray, at least once a week. This prevents mineral buildup and bacterial growth.
- **Filter Replacement:** The quad filtration system (high-density cotton, coconut shell activated carbon, ion exchange resin) effectively removes impurities. Replace the carbon filter every 3-5 days or as needed, depending on water quality and pet usage.
- **Pump Cleaning:** Periodically disassemble and clean the water pump to ensure optimal performance and prevent blockages.

Troubleshooting

If you encounter any issues with your AONBOY Cat Water Fountain, please refer to the following common solutions:

Problem	Possible Cause	Solution
Fountain not flowing / Weak flow	Low water level, clogged pump, dirty filter.	Refill water to MAX level. Clean the pump and filter. Replace filter if necessary.
Excessive noise	Low water level, pump not properly seated, debris in pump.	Ensure water is at adequate level. Re-seat the pump. Clean pump impeller.
Water tastes bad / Odor	Dirty filter, stagnant water, mineral buildup.	Replace filter. Clean entire fountain thoroughly. Use filtered water.

Specifications

- **Model Name:** F2-2
- **Capacity:** 2 Liters (67oz)
- **Dimensions (LxWxH):** 6.3 x 6.3 x 6.3 inches
- **Item Weight:** 1.28 pounds
- **Material:** Plastic (Green color variant)
- **Power Consumption:** 1.5W (Ultra-silent operation ≤30dB)
- **Filtration System:** Quad Filtration (High-density cotton, coconut shell activated carbon, ion exchange resin)
- **Special Features:** Built-in LED light, 3 Water Flow Designs
