

MADJAX 03-154

MADJAX Triple Track Grab Handles (Model 03-154) Instruction Manual

For RedDot Versa Triple Track 84" and 120" Tops

PRODUCT OVERVIEW

The MADJAX Triple Track Grab Handles are designed to provide a secure and comfortable grip for passengers in golf carts equipped with RedDot Versa Triple Track 84" and 120" tops. This set includes two grab handles and all necessary hardware for installation. The handles feature a durable armor textured powder coat finish for longevity and a soft grip with a debossed MJFX logo for comfort and brand recognition.

Key Features:

- Exclusively designed for RedDot Versa Triple Track 84" and 120" tops.
- Set includes two grab handles.
- Durable armor textured powder coat finish.
- Soft grip handle with debossed MJFX logo.

SETUP AND INSTALLATION

This section provides general guidance for installing your MADJAX Triple Track Grab Handles. Ensure you have all components before beginning installation.

Included Components:

- 2 x Grab Handles
- Necessary Installation Hardware

Compatibility: These grab handles are specifically designed for RedDot Versa Triple Track 84" and 120" tops. Verify your golf cart's top model for proper fitment.

Installation Steps (General):

1. Identify the mounting points on your RedDot Versa Triple Track top. The handles are designed to

integrate with the existing track system.

2. Position one grab handle at the desired location on the track.
3. Secure the grab handle using the provided hardware. Ensure all bolts and fasteners are tightened securely to prevent movement during use.
4. Repeat the process for the second grab handle on the opposite side or another desired location.
5. After installation, gently pull on each handle to confirm it is firmly attached and does not wobble.

OPERATING INSTRUCTIONS

The MADJAX Triple Track Grab Handles are designed for passenger assistance when entering, exiting, or riding in a golf cart. They provide a stable point of contact for balance and support.

Usage:

- Use the grab handles to steady yourself when getting into or out of the golf cart.
- During travel, especially over uneven terrain, hold onto the handles for increased stability and security.
- Ensure a firm grip on the soft handle for comfort and control.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your grab handles.

- **Cleaning:** Wipe the handles with a damp cloth and mild soap as needed. Avoid abrasive cleaners or solvents that could damage the powder coat finish or soft grip.
- **Inspection:** Periodically check all mounting hardware for tightness. Vibrations from golf cart operation can sometimes loosen fasteners. Tighten any loose bolts immediately.
- **Finish Care:** The armor textured powder coat is designed to be durable. If any chips or scratches occur, touch up with appropriate paint to prevent rust.

TROUBLESHOOTING

This section addresses common issues you might encounter with your grab handles.

Problem	Possible Cause	Solution
Handle feels loose or wobbly.	Mounting hardware is loose.	Inspect all bolts and fasteners. Tighten them securely using appropriate tools. Do not overtighten.
Handle appears corroded or damaged.	Exposure to harsh elements or physical impact.	Clean the affected area. If the damage is superficial, consider touch-up paint for the powder coat. For significant damage, replacement may be necessary.
Difficulty installing handles.	Incorrect golf cart top model or missing hardware.	Verify your golf cart has a RedDot Versa Triple Track 84" or 120" top. Ensure all hardware is present. Refer to the general installation steps. If issues persist, contact MADJAX support.
