Engage Engage Rechargeable

User Manual for Engage Premium Rechargeable OTC Hearing Aids

Brand: Engage | Model: Engage Rechargeable

PRODUCT OVERVIEW

The Engage Premium Rechargeable OTC Hearing Aids are designed to provide clear, natural sound for adults with mild to moderate hearing loss. These devices offer advanced features including app-controlled sound settings, Bluetooth streaming, and a comfortable, discreet fit for all-day wear.

- **OTC Hearing Aids:** A rechargeable solution that delivers clear, natural sound to help you meet all your hearing needs. Wirelessly stream music from your phone, take calls, and listen to the world around you.
- **Features:** Award-winning OTC hearing aids with nano coating for moisture resistance, a speaker in the ear for greater clarity, directional microphones, a rechargeable battery, app-controlled sound settings & streaming from your Android device.
- **High-Definition Natural Sound:** Designed for adults with signs of mild to moderate hearing loss, Lucid Hearing technology helps produce more natural sound than traditional compression-based hearing aids, meaning clearer sound without distortion.
- **Lucid Hearing App:** Personalize your sound with the Lucid Hearing App & select from four pre-programmed hearing profiles. Adjust volume, control hearing aids together or independently, get support, and check the battery status.
- **In the Box:** Includes one pair of hearing aids, a rechargeable case, nine pairs of assorted ear tips, 10 wax stops, a cleaning tool, USB-C charging cable, power adapter, and a user manual.

SETUP

1. Remove the hearing aids from the charging case.
2. Insert into your ears using appropriate ear tips.
3. Turn on by pressing the button on each device.
4. Adjust volume via the app or directly on the aid.
5. To connect to your phone for streaming, enable Bluetooth and select 'Engage' in your phone's settings.

OPERATING INSTRUCTIONS

App Control and Personalization

The Lucid Hearing App allows you to fine-tune your listening experience. You can select from four pre-programmed hearing profiles or customize your own settings. The app also provides volume control for both hearing aids, either together or independently, and allows you to monitor battery status.

DISCREET, ALL DAY COMFORT

Available in 3 colors

Bluetooth Streaming

Engage hearing aids support Bluetooth streaming from your Android device. This feature allows you to wirelessly stream music, take phone calls, and listen to other audio directly through your hearing aids, enhancing your daily interactions.

Your browser does not support the video tag.

Video 1: Engage Hearing Aids Overview. This video demonstrates the key features and benefits of the Engage Bluetooth Hearing Aids, including their rechargeable nature, customizability via the app, and discreet fit. It also highlights their suitability for mild to moderate hearing loss and the ability to stream calls and music.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Engage hearing aids. Use the provided cleaning tool to remove any earwax or debris. Store the aids in their charging case when not in use. The aids feature a nano coating for moisture resistance, but it is important to keep them dry and clean.

- **Cleaning:** Use the provided cleaning tool to remove earwax and debris.
- **Storage:** Always store the hearing aids in their rechargeable case when not in use.
- **Charging:** Charge the aids using the included USB-C cable and power adapter.
- **Wax Stops:** Replace wax stops as needed to prevent blockages and maintain sound quality.

WHAT'S INCLUDED

Rechargeable batteries
allow up to 16 hours of listening
