# Malongo La Tierra Coffee User Manual

Organic, Fairtrade, Medium Roast Arabica Coffee

## INTRODUCTION

Welcome to the Malongo La Tierra Coffee user manual. This guide provides essential information for enjoying your Malongo La Tierra Organic, Fairtrade, Medium Roast Arabica Coffee. Malongo is committed to delivering high-quality coffee, carefully tracked from the fields to your cup, ensuring a harmonious and delicious experience.

Malongo La Tierra is an exceptional blend that respects both the earth and the people who cultivate it. It is perfect for various brewing methods, including drip, Moka pot, and cold brew.

## SETUP AND PREPARATION

To achieve the best flavor from your Malongo La Tierra coffee, proper preparation is key.

### Recommended Brewing Methods:

- **Drip Coffee:** Use a standard drip coffee maker. Ensure your water is fresh and filtered for optimal taste.
- **Moka Pot:** Ideal for a strong, espresso-like coffee. Fill the lower chamber with water, add ground coffee to the filter basket, and brew on a stovetop.
- **Cold Brew:** For a smooth, low-acid concentrate. Coarsely grind the coffee, steep in cold water for 12-24 hours, then filter.

### Grind Size Recommendations:

Brew Method	Recommended Grind Size
Drip Coffee	Medium
Moka Pot	Fine-Medium
Cold Brew	Coarse

## **OPERATING AND ENJOYING YOUR COFFEE**

Once brewed, your Malongo La Tierra coffee is ready to be enjoyed.

### **Serving Suggestions:**

- Serve hot immediately after brewing for the freshest taste.
- Add milk, cream, or sweeteners to taste.
- For cold brew, serve over ice, diluted with water or milk as desired.

## MAINTENANCE AND STORAGE

Proper storage ensures the longevity of your coffee's freshness and flavor.

### Storage Guidelines:

- Store coffee in an airtight container, away from light, heat, and moisture.
- Avoid storing coffee in the refrigerator, as it can absorb odors and moisture.
- For optimal freshness, consume within a few weeks of opening.

## TROUBLESHOOTING COMMON ISSUES

If you encounter issues with your coffee preparation, consider the following:

- **Weak Coffee:**
  - Check coffee-to-water ratio; increase coffee amount.
  - Ensure grind size is appropriate for your brewing method (finer grind for stronger coffee).
- **Bitter Coffee:**
  - Reduce brewing time.
  - Use slightly coarser grind.
  - Check water temperature; avoid boiling water for pour-over/drip.
- **Sour Coffee:**
  - Increase brewing time.
  - Use slightly finer grind.
  - Ensure water temperature is adequate.
