KAWADA NBM-032

KAWADA nanoblock Animal Deluxe Dragon (NBM-032) Instruction Manual

Model: NBM-032 | Brand: KAWADA | Series: Sights to See

1. Introduction

This instruction manual provides detailed guidance for assembling your KAWADA nanoblock Animal Deluxe Dragon, model NBM-032. This intricate building kit, part of the Sights to See Series, allows you to construct a highly detailed dragon model. The kit contains approximately 600 micro-sized pieces and is rated at a difficulty level of 4, recommended for ages 15 and up.

The nanoblock system utilizes miniature bricks, with the smallest measuring 4mm x 4mm x 5mm, enabling the creation of models with exceptional detail and realism.

2. Safety Information

WARNING: CHOKING HAZARD - Small Parts. This product contains small parts and is not suitable for children under 3 years. Adult supervision is recommended during assembly, especially for younger builders, due to the miniature size of the blocks.

3. Setup and Assembly

3.1 Unpacking the Kit

Carefully open the product box. The kit includes the nanoblock Animal Deluxe Dragon building set and detailed step-by-step instructions. Ensure all bags of blocks are present before beginning assembly.

3.2 Assembly Instructions

Follow the included detailed step-by-step instructions provided within the kit. The assembly process involves connecting approximately 600 micro-sized blocks to form the dragon model. Due to the small size of the blocks, precision and patience are key. A pair of tweezers may be helpful for handling the smaller pieces.

Figure 1: The fully assembled nanoblock Animal Deluxe Dragon. This model features intricate details and a dynamic pose, showcasing the precision possible with nanoblocks.

4. Operating and Display

The nanoblock Animal Deluxe Dragon is designed as a display model. Once assembled, the model stands approximately 4.72 inches tall. It includes a clear stand to help maintain its upright posture. While some parts may have limited articulation, the model is primarily intended for static display. Handle the assembled model with care, as the small block connections can be delicate.

5. Maintenance

To maintain the appearance of your nanoblock model, gently dust it regularly with a soft brush or a can of compressed air. Avoid using liquid cleaners or abrasive materials, as these may damage the blocks or printed details. Store the model away from direct sunlight and extreme temperatures to prevent discoloration or warping.

6. Troubleshooting

6.1 Missing Pieces

In the rare event of missing pieces, please contact the authorized distributor for your region. For U.S. Markets, refer to the warranty and support section for contact information.

6.2 Model Stability

If the model appears unstable, carefully re-examine the connections of the blocks, particularly at the base and joints. Ensure all blocks are firmly pressed into place. The included clear stand is designed to provide additional stability for display.

7. Specifications

- **Model Number:** NBM-032
- **Product Name:** Animal Deluxe Dragon, Sights to See Series
- **Brand:** KAWADA
- **Number of Pieces:** Approximately 600
- **Difficulty Level:** 4 (on a scale of 1 to 5, 5 being most advanced)
