SETUP AND ASSEMBLY INSTRUCTIONS

The nanoblock Piplup kit consists of approximately 170 micro-sized blocks. Due to the small size of the blocks (4mm x 4mm x 5mm), careful handling is required. The kit is rated at a difficulty level 2 out of 5, suitable for ages 8 and up.

- Preparation:** Unpack all contents and lay out the blocks on a clean, flat surface. Organize blocks by color or size if desired, though the instruction sheet typically guides piece selection per step.
- Follow Instructions:** Refer to the detailed step-by-step instruction sheet included in your package for precise assembly guidance. Each step illustrates which blocks to use and where to place them.
- Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.
- Patience is Key:** Take your time with each step. The small size of nanoblocks requires precision. Tweezers (not included) may be helpful for handling very small pieces.

MAINTENANCE

To clean your nanoblock model, gently wipe with a dry, soft cloth. Do not use liquid cleaners, solvents, or abrasive materials, as these may damage the blocks or cause discoloration.

TROUBLESHOOTING

- **Missing Pieces:** In the rare event of missing pieces, please contact nanoblock customer support with your model

number (NBPM079) and details of the missing components.

- Assembly Challenges:** If you encounter difficulty during assembly, double-check the instruction sheet. Ensure each block is firmly pressed into place. If blocks do not seem to fit, verify you are using the correct piece as indicated in the instructions.
