

yootech Wireless Charging Pad

yootech Wireless Charging Pad with Quick Adapter User Manual

1. INTRODUCTION

Thank you for choosing the yootech Wireless Charging Pad with Quick Adapter. This manual provides essential information for the safe and efficient use of your new wireless charging device. Please read these instructions carefully before use and retain them for future reference.

What's in the Box

- Three (3) yootech Wireless Charging Pads
- One (1) 20W USB-C Quick Adapter
- User Manual (this document)

Image 1.1: Contents of the yootech Wireless Charging Pad package, showing three charging pads and one wall adapter.

2. SETUP GUIDE

Follow these steps to set up your yootech Wireless Charging Pad:

1. **Connect the Adapter:** Plug the included 20W USB-C Quick Adapter into a standard wall outlet.
2. **Connect the Charging Pad:** Insert the USB-C cable (not included, typically comes with your device or charging pad) into the charging pad and the other end into the 20W USB-C Quick Adapter.
3. **Placement:** Place the wireless charging pad on a flat, stable surface.

QC 3.0 Aadapter

For best results, Use the YOOTECH original charging adapter

3. OPERATING INSTRUCTIONS

Charging Your Device

To charge your device, simply place your Qi-enabled smartphone or AirPods (with wireless charging case) onto the center of the yootech Wireless Charging Pad. Ensure the device is properly aligned for optimal charging.

Image 3.1: Examples of the wireless charging pad in use, charging a smartphone in an office and AirPods at home.

Charging Modes and Compatibility

The charging pad supports multiple charging modes to accommodate various devices:

- **7.5W Charging Mode:** Compatible with iPhone 15/14/13/12/11 series, iPhone SE 2022, iPhone X/XS/XR/8 series, and newer iOS devices.
- **10W Fast Charging Mode:** Compatible with Samsung Galaxy S22/S21/S20/S10/S9/S8 series, Note 10/9/8 series, and other compatible Android devices.
- **5W Standard Charging Mode:** Works with any Qi-enabled devices, including Google Pixel 3/3XL/4XL and other wireless-charging-enabled phones.

4 CHARGING MODES

Wireless Charge Mode

12 Pro/12 Pro Max

iPhone 11/11 Pro/
11 Pro max/SE 2

iPhone XS/
XS Max/XR/X/
8/8 Plus

5W Standard Charge Mode

Compatible with any wireless-charging-enabled devices

Image 3.2: Overview of the four charging modes supported by the device and their respective compatible devices.

AirPods Compatibility

The charging pad is designed to be compatible with AirPods (with wireless charging case) and AirPods Pro. The size of the AirPods case fits perfectly into the charging area, making it easy to find the optimal charging position. Rubber rings on both the top and bottom of the pad help keep your AirPods securely in place and prevent slippage.

Unique Design Perfect for AirPods/AirPods Pro

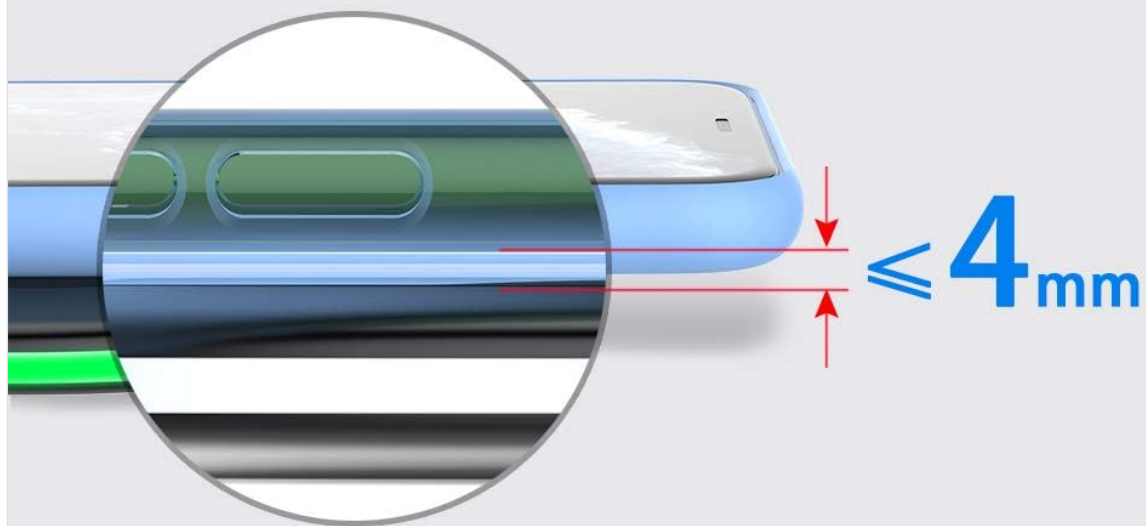

Image 3.3: The charging pad's design is optimized for AirPods and AirPods Pro cases.

Case Friendly Charging

The charging pad can charge through most phone cases up to 4mm thick. For optimal charging performance, cases with metal linings or magnetic attachments should be removed.

Case Friendly

Charge straight through most of all cases

Case with metal lining should be removed before charging

Image 3.4: The charging pad supports charging through phone cases up to 4mm thick.

LED Indicator

The LED indicator light will illuminate for 16 seconds when a device is placed on the pad and charging begins, then it will turn off. This feature is designed to prevent disruptive light during nighttime use.

No Annoying Lights

LED indicator will be on for 16s then off

Image 3.5: The LED indicator turns off after 16 seconds to avoid disturbing sleep.

4. MAINTENANCE

To ensure the longevity and optimal performance of your yootech Wireless Charging Pad, follow these maintenance guidelines:

- **Cleaning:** Disconnect the charging pad from the power source before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners, solvents, or harsh chemicals.
- **Storage:** When not in use, store the charging pad in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the device or subjecting it to strong impacts. Do not disassemble the charging pad, as this will void the warranty and may cause damage.

5. TROUBLESHOOTING

If you encounter issues with your yootech Wireless Charging Pad, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not charging	Improper placement, loose connection, incompatible case, power issue	Ensure the device is centered on the charging pad. Check that the USB-C cable is securely connected to both the pad and the adapter. Verify the 20W USB-C Quick Adapter is properly plugged into a working wall outlet. Remove any phone cases thicker than 4mm or those with metal/magnetic components. Restart your device.
Slow charging	Misalignment, background apps, non-optimal adapter	Reposition your device to ensure it is perfectly centered on the charging pad. Close unnecessary background applications on your device. Ensure you are using the included 20W USB-C Quick Adapter for optimal performance.
LED indicator not lighting up	No power, device not detected	Check all power connections. Ensure your device is Qi-enabled and properly placed on the pad. Remember the LED light turns off after 16 seconds.

6. SPECIFICATIONS

Feature	Detail
Model	Wireless Charging Pad
Connectivity Technology	Wireless
Input Voltage	9 Volts
Output Wattage	7.5W (iPhone), 10W (Samsung), 5W (Standard)
Connector Type	USB Type C
Included Components	20W USB C Charger, Wireless Charging Pads
Safety Features	Temperature control, surge protection, short-circuit prevention, UL Certificate
Case Compatibility	Charges through cases up to 4mm (excluding metal/magnetic cases)
LED Indicator	Lights for 16 seconds, then turns off

7. WARRANTY INFORMATION

yootech products are manufactured with high-quality standards. For specific warranty terms and conditions, including duration and coverage, please refer to the official yootech website or contact customer support directly. Please retain your proof of purchase for any warranty claims.

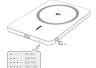

8. SUPPORT

For technical assistance, product inquiries, or customer service, please visit the official yootech website or contact their support team through the contact information provided on their website. When contacting support, please have your product model and purchase details ready.
