Altec Lansing MZX5200

Altec Lansing NanoBuds True Wireless Earbuds Instruction Manual

Model: MZX5200

INTRODUCTION

Welcome to the Altec Lansing NanoBuds True Wireless Earbuds instruction manual. This guide provides essential information for setting up, operating, maintaining, and troubleshooting your new earbuds. Please read this manual thoroughly to ensure optimal performance and longevity of your device.

WHAT'S IN THE BOX

Your Altec Lansing NanoBuds package includes the following items:

- Altec Lansing NanoBuds True Wireless Earbuds (Left and Right)
- Wireless Charging Case
- USB Charging Cable
- Multiple sizes of ear tips for a customized fit
- Quick Start Guide

Image: The NanoBuds earbuds displayed alongside their charging case.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge your NanoBuds and their charging case. Place the earbuds into the charging case. Connect the USB charging cable to the charging port on the case and plug the other end into a USB power source. The indicator lights on the case will show the charging status.

Image: NanoBuds seated in the charging case, with blue indicator lights illuminated, signifying charging status.

2. Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by flashing lights.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and turn Bluetooth on.
4. Select "Altec NanoBuds" from the list of available devices.
5. Once connected, a voice prompt will confirm successful pairing.

3. Achieving a Secure Fit

For optimal sound quality and comfort, select the ear tips that best fit your ears. The NanoBuds feature Altec Lansing Helix wings for a secure fit, especially during active use. Gently insert each earbud into your ear canal and twist slightly to lock the Helix wing into place.

Image: Close-up view of the NanoBuds, highlighting the integrated Helix wings designed for a stable and secure fit in the ear.

OPERATING THE EARBUDS

Touch Controls

The NanoBuds feature intuitive touch controls on each earbud for managing audio playback and calls.

Action	Function
Single Tap (Left/Right)	Play/Pause Music, Answer/End Call
Double Tap (Right)	Next Track
Double Tap (Left)	Previous Track
Triple Tap (Left/Right)	Activate Voice Assistant
Press and Hold (2 seconds)	Reject Call

Power On/Off

- **Power On:** The earbuds automatically power on when removed from the charging case.
- **Power Off:** Place the earbuds back into the charging case to automatically power them off and begin charging.

Making and Receiving Calls

The NanoBuds feature dual microphones for clear calling. Use the touch controls as described above to manage your calls.

MAINTENANCE

Cleaning

Regularly clean your earbuds and charging case to maintain performance. Use a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials. Ensure charging contacts are free of debris.

Water Resistance (IPX4)

The NanoBuds are rated IPX4 water-resistant, meaning they are protected from splashing water from any direction. This makes them suitable for workouts and light rain. They are not designed for submersion in water.

TROUBLESHOOTING

If you encounter issues with your NanoBuds, try the following steps:

- **No Power:** Ensure the earbuds and charging case are fully charged.
- **Pairing Issues:** Make sure Bluetooth is enabled on your device and the earbuds are in pairing mode. Try forgetting the device in your phone's Bluetooth settings and re-pairing.
- **One Earbud Not Working:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open and try again. Ensure both earbuds are charged.
- **Poor Sound Quality:** Check the ear tip fit. Ensure there is no obstruction in the earbud's speaker mesh.
- **No Audio During Calls:** Confirm the NanoBuds are selected as the audio output device on your

phone during a call.

- **Reset:** For persistent issues, consult the Altec Lansing support website for specific reset instructions for your model.

SPECIFICATIONS

Feature	Specification
Model Name	NanoBuds Sport
Model Number	MZX5200
Connectivity Technology	Wireless (Bluetooth 5.0)
Bluetooth Range	Up to 15.24 meters (50 feet)
