Elegant Home Products Vintage Full Size Metal Platform Bed Frame Instruction Manual

Model: B093P6TDYC

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Elegant Home Products Vintage Full Size Metal Platform Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- **Weight Limit:** Do not exceed the maximum weight limit of 660-770 lbs.
- **Assembly Caution:** Be cautious of sharp edges during assembly and use.
- **Adult Assembly:** Assembly should be performed by adults.
- **Tighten Fasteners:** Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten all fasteners.
- **Level Surface:** Assemble and use the bed frame on a flat, level surface.

PARTS LIST

Before assembly, verify that all components are present and undamaged. Refer to the included hardware packet for labeled parts.

- Headboard Section
- Footboard Section
- Side Rails (2)
- Center Support Bar(s)
- Steel Slats

- Support Legs (if applicable)
- Hardware (bolts, washers, nuts, Allen wrench)

SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps for proper assembly. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Carefully unpack all components from the box. Lay out all parts on a clean, soft surface (like a carpet) to prevent scratching. Identify each part using the labels provided in the hardware packet.

2. **Attach Side Rails to Headboard:** Connect the two side rails to the headboard section using the provided bolts and an Allen wrench. Do not fully tighten the bolts at this stage.
3. **Attach Side Rails to Footboard:** Connect the other ends of the side rails to the footboard section. Again, insert bolts but do not fully tighten.

4. **Install Center Support Bar(s):** If your model includes center support bar(s) and legs, attach them according to the diagram in your hardware instructions. These provide additional stability.
5. **Insert Steel Slats:** Place the steel slats across the side rails. Ensure they are evenly spaced and securely seated in their designated positions. Some slats may require attachment with screws.

- 6. Fully Tighten All Bolts:** Once all components are assembled and aligned, go back and fully tighten all bolts using the Allen wrench. Ensure all connections are firm and secure.

Image: A detailed view of the bed frame's corner connections, illustrating how the headboard, footboard, and side rails are joined with bolts.

7. **Final Check:** Gently shake the frame to ensure stability. If any wobbling occurs, re-check all connections and tighten as necessary.

OPERATING INSTRUCTIONS

This bed frame is designed to support a full-size mattress directly, eliminating the need for a box spring. Simply place your mattress on top of the assembled steel slats.

- Ensure the mattress is centered on the frame.
- The 10.6-inch clearance from the floor provides ample space for under-bed storage.

MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Inspection:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten if any looseness is detected to maintain stability and prevent squeaking.
- **Weight Distribution:** Distribute weight evenly across the bed frame to prevent undue stress on any single point.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame wobbles or is unstable.	Loose bolts or uneven assembly.	Ensure all bolts are fully tightened. Verify the frame is on a level surface.
Squeaking noises.	Loose connections or friction between metal parts.	Re-tighten all bolts. Apply a small amount of lubricant (e.g., silicone spray) to connection points if necessary.
Slats falling out of place.	Improper installation or movement.	Ensure slats are correctly seated in their designated slots. If applicable, secure with screws as per assembly instructions.

SPECIFICATIONS

- **Model:** B093P6TDYC
- **Brand:** Elegant Home Products
- **Size:** Full
- **Product Dimensions:** 77.56"L x 54.33"W x 37.79"H
- **Under-bed Clearance:** 10.6 Inches
- **Material:** Steel
- **Color:** White
- **Weight Capacity:** Approximately 660-770 lbs
- **Assembly Required:** Yes
- **Included Components:** Headboard, Footboard, Slats
- **Item Weight:** 42.5 pounds
- **UPC:** 786468480270
