Daiso Japan Petit Block Robot Builder's Beast Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, use, and care of your Daiso Japan Petit Block Robot Builder's Beast model. Please read carefully before beginning assembly to ensure a correct and enjoyable building experience.

SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not suitable for children under 3 years old.

The recommended age for assembly and play is 12 years and up. Adult supervision is advised, especially for younger users, due to the small size of the blocks.

Keep all packaging materials away from children to prevent suffocation hazards.

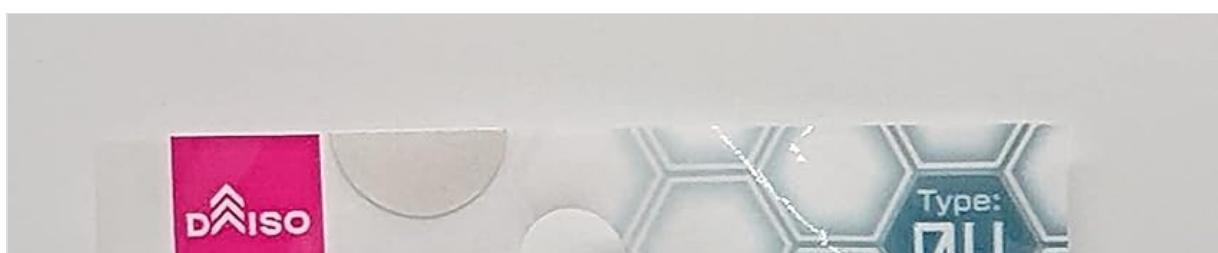

Image: Back of the product packaging, displaying safety warnings in multiple languages, including a 'CHOKING HAZARD' notice for small parts, and the recommended age of 12 years and up. The barcode with model number 4549131851472 is also visible.

PACKAGE CONTENTS

Your Daiso Japan Petit Block Robot Builder's Beast package should contain the following:

- Petit Blocks (various shapes and colors) sufficient for one Robot Builder's Beast model.
- Instruction sheet (may be provided in Japanese, English, and Spanish).

ASSEMBLY INSTRUCTIONS

Follow the step-by-step diagrams provided in the included instruction sheet to assemble your Robot Builder's Beast.

- Preparation:** Open the re-sealable pouch and carefully empty all blocks onto a clean, flat surface. Sorting blocks by color or shape can aid in the assembly process.
- Follow Diagrams:** Refer to the instruction sheet. Each step will illustrate which blocks to connect and their precise placement. Pay close attention to the orientation of each block.
- Secure Connections:** Ensure each block is firmly pressed into place to create stable connections. Some connections, particularly for articulated parts like legs and the tail, may require extra care to ensure stability.
- Articulation:** The model features articulated legs and neck. Assemble these sections carefully to allow for movement without detachment.
- Final Check:** Once assembly is complete, gently test the stability of the model and the movement of its articulated parts.

Note: The instruction sheet is designed for visual guidance. If you encounter difficulty, re-examine the diagrams closely.

OPERATING THE MODEL

The Daiso Japan Petit Block Robot Builder's Beast is primarily a static display model with limited articulation. Once assembled, you can:

- Pose:** Gently adjust the articulated legs and neck to create different poses for display.
- Display:** Place your assembled model on a shelf, desk, or other flat surface as a decorative item.
- Play:** Engage in imaginative play, moving the robot carefully. Avoid forceful movements to prevent parts from detaching.

MAINTENANCE

- Cleaning:** To clean the blocks or assembled model, gently wipe with a dry, soft cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- Storage:** When not on display, store the blocks or assembled model in a cool, dry place away from direct sunlight to prevent material degradation. The original re-sealable pouch can be used for storage.
- Disassembly:** If disassembling the model, do so carefully to avoid damaging the blocks. Store all blocks together to prevent loss.

TROUBLESHOOTING

- Parts Detach Easily:** If parts of the model, such as the head or tail, detach frequently, ensure that the blocks were pressed firmly together during assembly. Re-assemble any loose sections with extra care to secure connections.
- Missing Blocks:** Double-check the packaging and your work area. If blocks are genuinely missing upon opening, contact the retailer or manufacturer.

- **Difficulty with Assembly:** Review the instruction diagrams carefully. Sometimes, a slight reorientation of a block can resolve assembly issues. Ensure you are using the correct blocks for each step.

SPECIFICATIONS

- **Model Name:** Robot Builder's Beast
- **Brand:** Daiso
- **Model Number:** 4549131851472
- **Material:** Acrylonitrile Butadiene Styrene (ABS Resin)
- **Color:** Multicolor
- **Number of Pieces:** 1 (refers to the kit, not individual blocks)
- **Assembly Required:** Yes
