3. IMPORTANT SAFETY INSTRUCTIONS

- Ensure the product is properly anchored to prevent it from falling over, especially in windy conditions.
- Keep the inflatable away from heat sources, open flames, and sharp objects.
- Follow all manufacturer instructions for inflation and deflation.
- Do not operate the inflatable if any part is damaged or if the power cord is frayed.
- For outdoor use, ensure all electrical connections are waterproof and protected from the elements.
- Do not allow children to play unsupervised near the inflatable or its electrical components.

4. SETUP GUIDE

Follow these steps to set up your FunFanso 8FT Christmas Inflatable Santa Claus:

1. **Unpack:** Carefully remove the inflatable and all accessories from the packaging.
2. **Position:** Lay the deflated inflatable flat on a clean, level surface in your desired outdoor location. Ensure the air blower is not obstructed.
3. **Secure Zipper:** Locate the zipper on the inflatable and ensure it is fully closed to allow for proper

inflation.

4. **Connect Power:** Plug the power adapter into a suitable outdoor-rated electrical outlet.
5. **Inflate:** The inflatable will begin to inflate automatically within one minute.
6. **Anchor:** Once fully inflated, use the provided grounding ropes and stakes to secure the inflatable to the ground. Attach ropes to the designated loops on the inflatable and insert stakes firmly into the ground. The inflatable also features built-in sandbags for added stability.

5. OPERATING INSTRUCTIONS

Inflation

To inflate the Santa Claus, simply plug in the power adapter. The built-in fan will quickly inflate the decoration within one minute. Ensure the zipper is fully closed and the air blower is unobstructed for optimal inflation.

Deflation

To deflate, simply unplug the power adapter. The inflatable will automatically deflate. For compact storage, gently press out any remaining air and fold the material.

Figure 4: The powerful air blower ensures rapid inflation of the Santa Claus.

6. MAINTENANCE AND STORAGE

Cleaning

To clean the inflatable, wipe it gently with a damp cloth. Do not use harsh chemicals or abrasive cleaners, as these may damage the material or colors.

Storage

After the holiday season, ensure the inflatable is completely dry before folding and storing it in a cool, dry place away from direct sunlight and pests. This will help prolong its lifespan.

Durability

The FunFanso inflatable is made of 190T durable thickened polyester, designed to be airtight and resistant to punctures. It is also IP44 waterproof, anti-snow, wind-proof, and anti-sunburn, making it suitable for various outdoor weather conditions.

Figure 5: The inflatable is designed to be weatherproof and durable.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Inflatable does not inflate fully.	Zipper is open; air blower is blocked; power issue.	Ensure zipper is closed. Check for obstructions around the air blower. Verify power connection.
Inflatable falls over easily.	Insufficient anchoring; strong winds.	Ensure all ropes and stakes are securely fastened. Verify sandbags are properly positioned. Consider additional anchoring in very windy conditions.
LED lights are not working.	Power issue; damaged lights.	Check power connection. If lights are damaged, contact customer support.
