Bug Hunt

OFFICIAL INSTRUCTION MANUAL

Introduction

Welcome to Bug Hunt! This game challenges players to collect their matching bugs from within a 3D shrub. It's a game of memory and observation, perfect for families and young gamers. The first player to successfully collect all their bugs wins.

The Bug Hunt game box, showcasing the vibrant artwork.

Components

Before starting, ensure all components are present:

- **1 Shrub Screen:** The main cardboard structure of the shrub.
- **1 Shrub Tunnel:** A cardboard piece forming the entrance to the shrub.
- **1 Shrub Floor:** The base of the shrub where bugs are placed.
- **50 Colored Bugs:** Small bug-shaped pieces in various colors.
- **4 Player Dashboards:** Magnifying glass shaped boards for players to store collected bugs.

Overview of game components and basic gameplay shown on the back of the box.

Setup

1. **Assemble the Shrub:** Construct the 3D shrub using the Shrub Screen, Shrub Tunnel, and Shrub Floor. The box itself transforms into the shrub structure.
2. **Place the Bugs:** Randomly place all 50 colored bug pieces onto the Shrub Floor inside the assembled shrub. Ensure they are spread out.
3. **Choose Player Dashboards:** Each player selects one Player Dashboard (magnifying glass) to use throughout the game. This dashboard will hold their collected bugs.
4. **Determine First Player:** Decide who goes first. This can be done by the youngest player, rolling a die, or any other agreed-upon method.

The 3D shrub assembled and filled with various colored bug pieces, ready for play.

Operating (Gameplay)

Bug Hunt is played in turns, with players attempting to collect bugs of their assigned color.

Player Turn:

1. **Observe the Shrub:** Before reaching in, players can look at the back of the shrub to see the arrangement of bugs. Try to memorize the locations of bugs matching your color.
2. **Reach In:** Turn the shrub around so the opening faces you. Without looking, reach your hand into the shrub through the tunnel opening.
3. **Grab a Bug:** Select and grab one bug piece.
4. **Reveal and Check:** Pull your hand out and reveal the bug you grabbed.

Bug Outcomes:

- **Your Color Bug:** If you grabbed a bug that matches the color of your Player Dashboard, you successfully collected it! Place it on your dashboard. You get to take another turn.
- **Another Player's Color Bug:** If you grabbed a bug that matches another player's dashboard color, you must give that bug to the correct player. Your turn ends.
- **White Bug:** If you grabbed a white bug, it's a
