Sunjoy Outdoor Pergola 11 x 11 ft. with Retractable Tan Sun Shade Canopy

Model: Sunjoy | Brand: Sunjoy

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Sunjoy Outdoor Pergola. Designed to enhance your outdoor living space, this 11 x 11 ft. black steel pergola features a retractable tan sun shade canopy, offering versatile shade and comfort for your patio, backyard, or garden activities. Please read this manual thoroughly before assembly and use to ensure safe and proper operation.

SAFETY INFORMATION

Always follow basic safety precautions when assembling and using this product to reduce the risk of injury or damage.

- Ensure all parts are present and undamaged before beginning assembly.
- Assemble the pergola on a flat, level surface.
- Use appropriate tools and wear protective gear, such as gloves and eye protection.
- Do not attempt to assemble the pergola alone; a minimum of two people is recommended.
- Securely anchor the pergola to the ground or a solid surface to prevent tipping in windy conditions.
- Retract the canopy during strong winds, heavy rain, or snow to prevent damage.
- Keep children and pets away from the assembly area.
- Regularly inspect all bolts and connections to ensure they remain tight.

PARTS LIST

Before assembly, verify that all components listed below are included in your package. If any parts are missing or damaged, please contact customer support.

SETUP AND ASSEMBLY

Follow these steps carefully for proper assembly. It is recommended to have at least two people for this process.

Step 1: Unpack and Organize

Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the parts list provided.

Step 3: Install Triangulated Braces

Attach the triangulated steel braces connecting each leg and beam. These braces provide additional structural strength and stability. Tighten all bolts once the frame is fully upright and stable.

ADJUSTABLE CANOPY WITH HANDLE

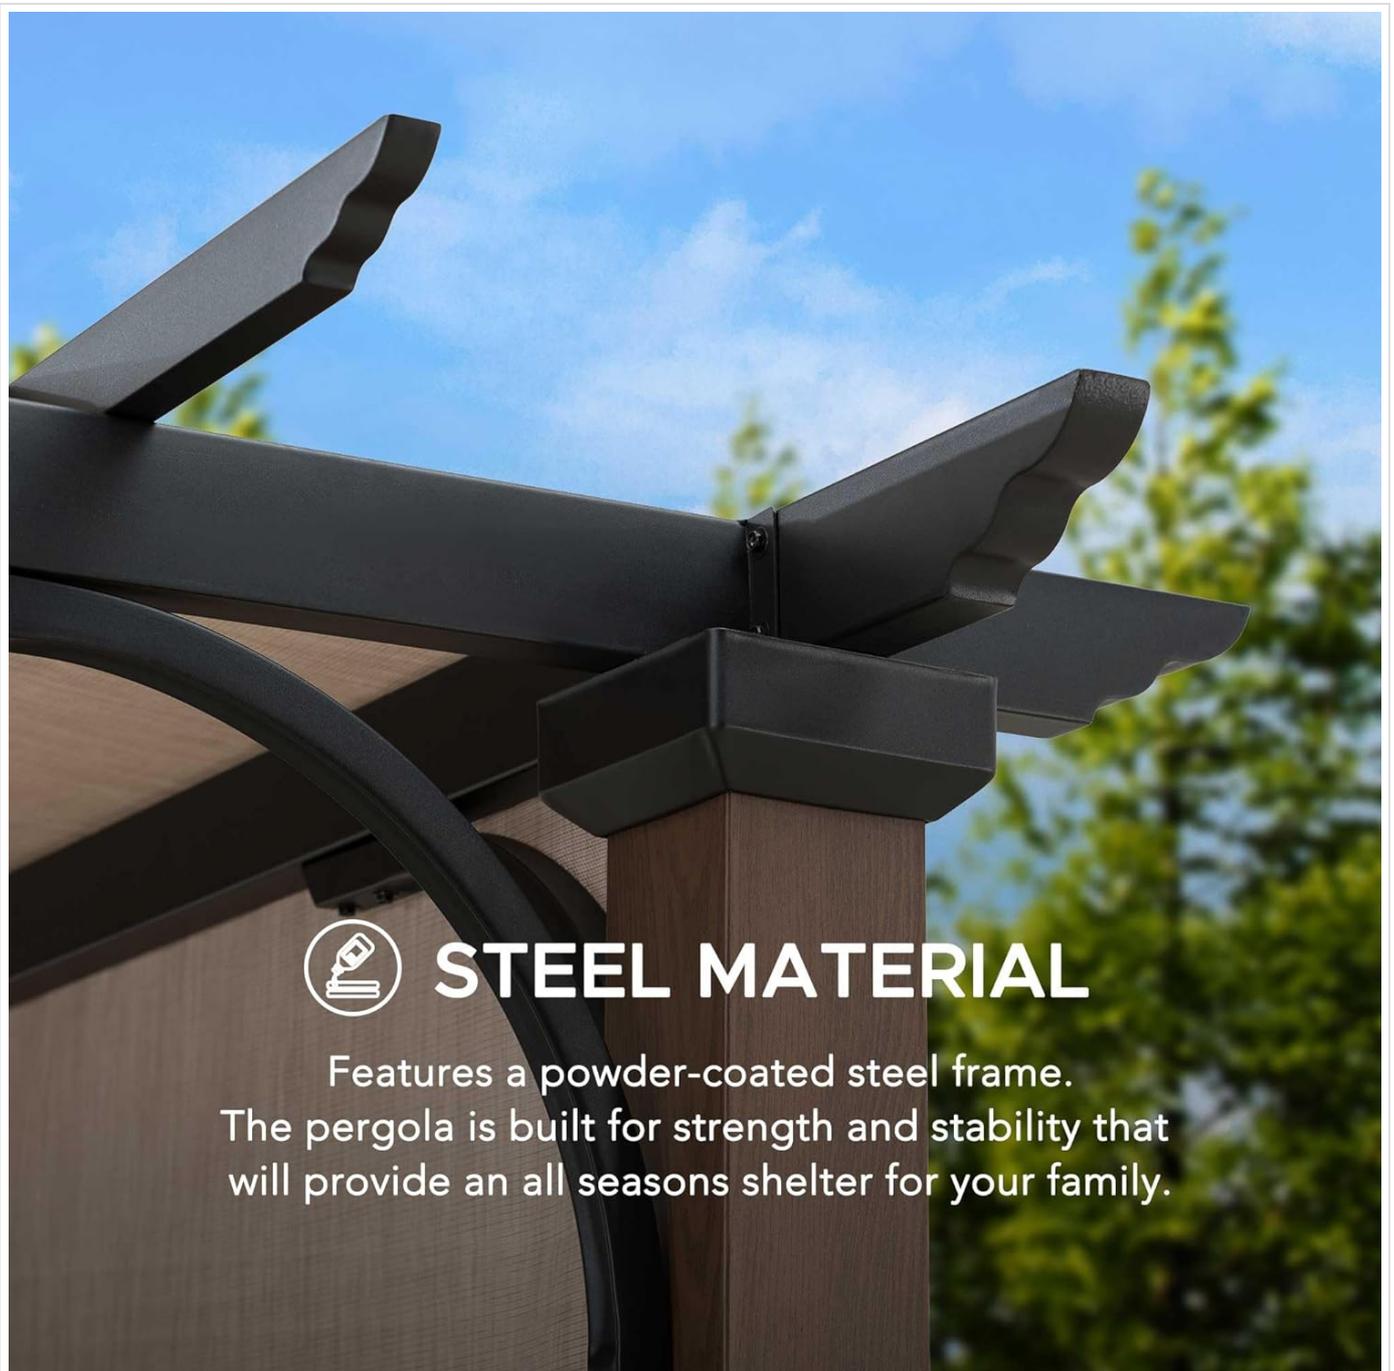

This canopy comes with two easily adjusted handles on each side that allow you to fully customize the level of sun and shade that your outdoor space receives throughout the day.

OPERATING INSTRUCTIONS

Adjusting the Sun Shade Canopy

The Sunjoy pergola features an adjustable tan canopy designed to provide customizable shade. To adjust the canopy, simply use the handles located on each side. Slide the canopy along its tracks to extend or retract it, allowing you to control the amount of sun exposure in your outdoor space. Ensure the canopy is fully retracted during high winds or severe weather to prevent damage.

MAINTENANCE

Regular maintenance will prolong the life and appearance of your pergola.

- **Cleaning the Frame:** Wipe the steel frame with a damp cloth and mild soap. Rinse thoroughly and dry to prevent water spots and rust. Avoid abrasive cleaners.

- **Cleaning the Canopy:** The tan fabric canopy can be cleaned with mild soap and water. Use a soft brush for stubborn spots. Allow it to air dry completely before retracting or storing.
- **Seasonal Care:** In regions with harsh winters, it is recommended to remove the fabric canopy and store it indoors to protect it from snow and ice accumulation.
- **Hardware Inspection:** Periodically check all bolts and connections to ensure they are tight. Re-tighten as necessary to maintain structural integrity.
- **Rust Prevention:** The powder-coated steel frame is designed to resist rust. However, if any scratches or chips occur, touch them up with rust-resistant paint to prevent corrosion.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Pergola feels wobbly or unstable.	Loose bolts or improper anchoring.	Ensure all bolts are fully tightened. Verify that the anchoring plates are securely fastened to a stable surface.
Canopy is difficult to retract or extend.	Tracks are dirty or obstructed; canopy fabric is misaligned.	Clean the canopy tracks of any debris. Check for proper alignment of the canopy fabric on its runners.
Water pooling on the canopy.	Canopy not taut enough or excessive rain.	Ensure the canopy is fully extended and taut. Retract the canopy during heavy rainfall.
Rust spots appearing on the frame.	Scratches or chips in the powder coating exposing metal.	Clean the affected area and apply rust-resistant touch-up paint.
