Glideaway m600sk

Glideaway Motion 600 Adjustable Base Instruction Manual

Model: m600sk | Brand: Glideaway

1. Introduction

The Glideaway Motion 600 Adjustable Base is designed to enhance your sleep experience with a full range of motion and advanced features. This manual provides essential information for the proper setup, operation, and maintenance of your adjustable base.

Key features include 2 programmable positions, 3 preprogrammed positions (Zero Gravity, Anti-Snore, Flat), 4 easy access USB ports, compatibility with Glideaway's app remote, and neck tilt. This model includes an Elevation Kit for Twin XL, Queen, and Split-King sizes.

2. Safety Information

WARNING: Read all instructions before using this product. Failure to follow these instructions may result in injury or damage.

- Keep all moving parts clear of obstructions during operation.
- Ensure the power cord is not pinched or damaged.
- Do not allow children or pets to play on or under the adjustable base.
- This product is not intended for medical use. Consult a healthcare professional for medical conditions.
- The German Engineered Motor features Ultra-Energy Efficient Stand-By Mode and Motor Noise Displacement for quieter use.
- The base includes Safety Plus Features with Emergency Power Down.

3. Package Contents

Verify that all components are present before beginning assembly:

- Adjustable Base Frame (Split-King)
- Legs (Recessed 3-in-1, adjustable to 8", 11.5", and 15")
- Remote Control

- Headboard Brackets (included in a separate box)
- Power Supply and Cables
- User Manual

4. Setup Instructions

Assembly is required. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place the frame on a clean, flat surface.
2. **Attach Legs:** Screw the recessed 3-in-1 legs into the designated points on the base. Adjust the leg height to your preference (8”, 11.5”, or 15”) by removing or adding sections.
3. **Connect Power:** Plug the power supply into the base and then into a grounded electrical outlet. Ensure all cables are securely connected and routed to avoid pinching.
4. **Install Headboard Brackets (Optional):** If using a headboard, attach the headboard brackets (found in a separate box) to the base according to the instructions provided with the brackets.
5. **Position Base:** Carefully move the assembled base to its desired location. Ensure it is level and stable. The base fits within most standard bedroom sets.
6. **Platform Friendly:** For platform bed compatibility, a Multifunction Bracket Accessory is available and sold separately.

5. Operating Instructions

Your Motion 600 Adjustable Base offers various comfort settings:

- **Remote Control:** Use the wireless remote to control all functions.
- **Adjustable Positions:**

- *Full Range Positions:* Adjust the upper body incline up to 60 degrees and the lower body incline up to 40 degrees.
- *Neck Tilt:* Fine-tune your comfort with a neck tilt incline of up to 30 degrees.

- **Preprogrammed Positions:**
  - *Zero Gravity:* Elevates your head and feet to a position that may reduce pressure on your back.
  - *Anti-Snore:* Slightly raises the head to help open airways.
  - *Flat:* Returns the base to a completely flat position.
- **Programmable Memory Positions:** Save two of your favorite custom positions for quick access. Refer to your remote control's specific instructions for programming.
- **USB Ports:** Four easy-access USB ports are integrated into the base for convenient charging of your devices.
- **Under-bed Lighting:** Activate the under-bed lighting for soft illumination.
- **Bluetooth App Control:** The base is controllable via the Bluetooth App with a Bluetooth Hub Accessory (sold separately). Download the Glideaway app from your device's app store.
- **Sleep Enhancement Technology:** Utilize the built-in technology for an optimized sleep environment.

6. Maintenance

To ensure the longevity and optimal performance of your Glideaway Motion 600 Adjustable Base, follow these maintenance guidelines:

- **Cleaning:** Wipe the upholstery fabric with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Motor Care:** The German Engineered Motor is designed for durability. No user maintenance is required for the motor.
- **Inspections:** Periodically check all connections and fasteners to ensure they are secure.
- **Power Cord:** Inspect the power cord regularly for any signs of damage. If damaged, discontinue use and contact customer support.

7. Troubleshooting

If you encounter issues with your adjustable base, refer to the following common problems and solutions:

- **No Power:**
  - Ensure the power cord is securely plugged into a working electrical outlet and the base.
  - Check the circuit breaker in your home.
  - Verify the remote control batteries are functional and correctly inserted.
- **Base Not Responding to Remote:**
  - Re-pair the remote control with the base if necessary (refer to remote instructions).
  - Ensure there are no obstructions blocking the signal.
- **Motor Noise:**
  - The motor features noise displacement technology for quieter use. If unusual noises occur, ensure no objects are interfering with the moving parts.
- **Emergency Power Down:** The base is equipped with Safety Plus Features including an emergency power down. If the base stops unexpectedly, check for obstructions or power issues.

If problems persist, contact Glideaway customer support.

8. Specifications
