## ZeroDark S-ZTS3-FHL

# ZeroDark 3-Piece Tactical Light Set User Manual

Model: S-ZTS3-FHL

## INTRODUCTION

Thank you for choosing the ZeroDark 3-Piece Tactical Light Set. This versatile kit provides reliable illumination for various situations, including outdoor activities, emergencies, and everyday tasks. It includes a powerful LED flashlight, a hands-free headlamp, and a collapsible camping lantern, all designed for durability and ease of use.

## PRODUCT COMPONENTS

Your ZeroDark 3-Piece Tactical Light Set includes the following items:

- **1 x LED Flashlight:** A durable aluminum alloy flashlight with both directional and lantern modes, featuring a strong magnetic base.
- **1 x Collapsible Camping Lantern:** A compact, battery-operated lantern made of ABS material, providing 360-degree illumination.
- **1 x Hands-Free Headlamp:** A lightweight headlamp with 120 lumens of brightness, a wide-angle beam, and adjustable positions.
- **Batteries:** All necessary alkaline batteries are included for immediate use.

## SETUP

### Battery Installation

All components in your ZeroDark Tactical Light Set are battery-powered and come with batteries included. Follow these steps to install or replace batteries:

- 1. Flashlight (3x AAA batteries):** Unscrew the tail cap of the flashlight. Insert three AAA batteries according to the polarity markings (+/-). Screw the tail cap back on securely.
- 2. Camping Lantern (3x AA batteries):** Twist the base of the lantern counter-clockwise to open the battery compartment. Insert three AA batteries according to the polarity markings (+/-). Twist the base clockwise to close and secure the compartment.
- 3. Headlamp (3x AAA batteries):** Open the battery compartment cover located on the side or back of the headlamp. Insert three AAA batteries according to the polarity markings (+/-). Close the battery compartment cover firmly.

## OPERATING INSTRUCTIONS

### LED Flashlight

- **Power On/Off:** Press the power button located on the tail cap to turn the flashlight on or off.
- **Mode Selection:** Cycle through different lighting modes (e.g., high, medium, low, strobe, SOS) by pressing the power button repeatedly while the flashlight is on.
- **Directional Beam:** The front LED provides a focused beam for long-distance illumination.
- **Lantern Mode:** Slide the body of the flashlight to reveal the side COB LED panel for 360-degree area lighting.
- **Magnetic Base:** Utilize the strong magnetic base to attach the flashlight to metal surfaces for hands-free operation.

### Collapsible Camping Lantern

- **Expand/Collapse:** Gently pull the top and bottom sections apart to extend the lantern and turn it on. Push them back together to collapse and turn it off.
- **Illumination:** The lantern provides 360-degree area lighting, ideal for tents or campsites.
- **Carrying Handles:** Use the integrated metal handles for carrying or hanging the lantern.

## Hands-Free Headlamp

- **Wearing:** Adjust the elastic headband to comfortably fit around your head.
- **Power On/Off:** Press the power button on the top of the headlamp to turn it on or off.
- **Mode Selection:** Press the power button repeatedly to cycle through various brightness levels and flash modes.
- **Adjustable Beam Angle:** Tilt the headlamp unit up or down to direct the light where needed.

## MAINTENANCE

- Cleaning:** Wipe the exterior of each device with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Battery Replacement:** Replace batteries promptly when lights dim to ensure optimal performance. Always use fresh, high-quality alkaline batteries of the correct size (AAA for flashlight and headlamp, AA for lantern).
- Storage:** When not in use for extended periods, remove batteries to prevent leakage and store the devices in a cool, dry place.
- Water Resistance:** While water-resistant, these devices are not submersible. Avoid prolonged exposure to heavy rain or submersion in water.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Dead or incorrectly installed batteries.	Check battery polarity (+/-). Replace with fresh batteries.
Light is dim or flickers.	Low battery power.	Replace batteries with new ones.
Flashlight/Headlamp modes not cycling.	Button malfunction or low battery.	Ensure batteries are fresh. Press the button firmly. If issue persists, contact customer support.
Lantern does not extend/collapse smoothly.	Debris or obstruction.	Gently clean the sliding mechanism. Avoid forcing the lantern.
