JOYIN 13775 (Princess Castle & Ice Cream Truck Building Blocks Advent Calendar)

JOYIN Princess Castle and Ice Cream Truck Building Blocks Advent Calendar Instruction Manual

Model: 13775

1. Introduction

This instruction manual provides guidance for the assembly and use of the JOYIN 24-Day Advent Calendar featuring Princess Castle and Ice Cream Truck building blocks. This product offers a daily building activity leading up to Christmas, culminating in two larger models: a princess castle and an ice cream truck, along with various smaller themed creations.
Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable experience.

2. Product Overview

The JOYIN Advent Calendar contains 24 individually packaged sets of building blocks, designed for daily discovery. Each day's set contributes to the overall theme, allowing for the construction of smaller, unique models. These smaller models can then be combined to form a larger Princess Castle and a larger Ice Cream Truck. A playmat is included to enhance the play experience.

2.1. Contents

- 1 x Advent Calendar box with 24 numbered doors.
- 24 x Individual building block sets (one for each day).
- 1 x Playmat (playing ground map).
- Instruction sheets for daily builds (may vary).

3. Setup

1. **Unpack the Calendar:** Carefully remove the advent calendar box from its packaging.
2. **Locate the Playmat:** The playmat is typically found inside the main box. Unfold it and place it on a flat, stable surface.
3. **Daily Unveiling:** Starting from December 1st (or your preferred start date), open one numbered door each day. Each door reveals a small bag containing building blocks for that day's model.

4. Assembly Instructions

Each day's building block set is designed to be assembled into a small, unique model. These smaller models eventually combine to form the larger Princess Castle and Ice Cream Truck.

4.1. Daily Builds

- Open the numbered door for the current day.
- Carefully remove the bag of building blocks.
- Refer to the included instruction sheet for that day's specific model. If no separate sheet is provided, instructions may be printed on the calendar flap or require scanning a QR code.
- Assemble the blocks according to the visual guide.

4.2. Combining Models for Princess Castle

After completing all the daily builds related to the Princess Castle theme, you can combine them to form the larger castle structure. The calendar packaging or a separate guide should illustrate how these smaller components fit together.

4.3. Combining Models for Ice Cream Truck

Similarly, once all Ice Cream Truck themed daily builds are complete, assemble them into the larger Ice Cream Truck model. Consult the calendar packaging or any provided supplementary instructions for the complete assembly guide.

4.4. Dual Forms for Each Model

Many of the individual daily models can be constructed in two different forms, offering versatility and extended play. Refer to the specific daily instructions for details on these alternative builds.

Figure 4.3: Examples of Princess Castle themed mini-builds, illustrating their two possible forms (e.g., Parlor/Sightseeing, Carriage/Swing).

5. Operating and Play

Once assembled, the building block models are ready for imaginative play. The playmat provides a themed backdrop for the Princess Castle and Ice Cream Truck, encouraging creative storytelling and interaction with the various smaller models.

- Arrange the assembled castle, truck, and mini-builds on the playmat.
- Encourage children to create their own stories and scenarios using the models.
- The dual forms of the mini-builds allow for varied play setups.

6. Maintenance

- **Cleaning:** To clean the building blocks, gently wipe them with a dry or slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the blocks and assembled models in a clean, dry place away from direct sunlight and extreme temperatures to prevent damage or discoloration. The original advent calendar box can be used for storage.

- **Disassembly:** If disassembling models for storage, keep small pieces together in labeled bags to prevent loss.

7. Troubleshooting

Below are common issues and suggested solutions:

Issue	Possible Cause / Solution
Missing Pieces or Stickers	Carefully check all packaging and the play area. If pieces are genuinely missing, contact JOYIN customer support for assistance. Note that some sets may not include stickers as depicted in promotional materials.
Difficulty Assembling Blocks	Ensure blocks are aligned correctly before applying pressure. Some blocks may require firm pressure to connect. Adult assistance may be needed for younger children.
Unclear or Missing Instructions	Review the calendar box for any printed instructions or QR codes. If instructions for specific daily builds or the combined large models are unclear or missing, contact JOYIN customer support for digital copies or clarification.
Models Do Not Stay Together	Ensure all connections are fully pressed together. If blocks consistently detach, check for any deformities in the blocks.
