# isinlive VK-6067B 3-Stage HEPA Air Purifier Filter Replacement Manual

For HOKEKI VK-6067B and Vremi Air Purifiers

---

## 1. PRODUCT OVERVIEW

The isinlive VK-6067B filter is a 3-stage filtration replacement designed for optimal air purification. It is compatible with HOKEKI VK-6067B and Vremi Air Purifier models, ensuring a 100% fit for large rooms. This filter system is engineered to capture a wide range of airborne particles and odors, contributing to cleaner indoor air quality.

## 2. FILTRATION TECHNOLOGY

The VK-6067B filter utilizes a comprehensive 3-stage filtration system to ensure thorough air purification:

1. **Ultra-Fine Pre-Filter:** This initial layer intercepts large particles such as hair, lint, and fibers, extending the lifespan of the subsequent filters.
2. **HEPA Main Filter:** The High-Efficiency Particulate Air (HEPA) layer effectively captures tiny particles as small as 0.3 micrometers, including dust, pet dander, and pollen, with a purification rate of 99.97%.
3. **Activated Carbon Filter:** This layer is designed to absorb various odors and volatile organic compounds (VOCs), such as cigarette smoke, cooking odors, and pet odors, significantly improving air freshness.

### 3. INSTALLATION & REPLACEMENT

To ensure optimal performance of your air purifier, regular filter replacement is essential. Follow these steps to replace your VK-6067B filter:

1. **Power Off and Unplug:** Before beginning, ensure your air purifier is turned off and unplugged from the power outlet.
2. **Access the Filter Compartment:** Gently rotate the base cover of your air purifier counter-clockwise to unlock and remove it.
3. **Remove Old Filter:** Carefully pull out the used filter from the machine unit. Dispose of the old filter responsibly.
4. **Insert New Filter:** Place the new isinlive VK-6067B filter into the air purifier. Ensure it is seated correctly. The filter is designed for easy insertion without a specific orientation.
5. **Secure Base Cover:** Reattach the base cover and rotate it clockwise to lock it securely.
6. **Plug In and Power On:** Plug the air purifier back into the power outlet and turn it on.
7. **Reset Filter Indicator (if applicable):** If your air purifier has a filter replacement indicator light, long-press the filter button for approximately 3 seconds to reset it. Refer to your air purifier's specific manual

for exact instructions on resetting the filter indicator.

## 4. MAINTENANCE

To maintain optimal air purification and extend the life of your air purifier, it is recommended to replace the isinlive VK-6067B filter every **6-8 months**. This timeframe may vary depending on air quality, usage frequency, and environmental factors. Regularly checking the filter for visible dirt and debris can also help determine if an earlier replacement is needed.

**For Optimum Performance**  
Recommend to replace Filter every 6 Month
