Brighttown Christmas Star Tree Topper (Model 39060) - Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Brighttown Christmas Star Tree Topper, Model 39060. Please read all instructions carefully before installation and operation to ensure proper function and safety.

2. PRODUCT OVERVIEW

The Brighttown Christmas Star Tree Topper is a 9.5-inch golden glittered 3D star designed to enhance your holiday tree. It features a metal hollow design with built-in clear light bulbs for a brilliant display.

Features:

- Lighted treetop with 10 replaceable clear light bulbs.
- Coated golden dazzling pieces with a metal hollow design.
- UL-certified plug with built-in fuse for safety.

What's Included:

- 1 x Christmas Star Tree Topper
- 4 x Replacement Bulbs
- 2 x Spare Fuses
- 1 x Tree Topper Base (for stability)

3. IMPORTANT SAFETY INSTRUCTIONS

When using electrical products, basic precautions should always be followed, including:

- Read and follow all safety instructions.
- Do not use seasonal products outdoors unless marked suitable for indoor and outdoor use.
- This product is not intended for permanent installation or use.
- Do not secure the wiring of the product with staples or nails, or place on sharp hooks or clips.
- Do not let lamps rest on the supply cord or on any wire.
- Unplug the product when leaving the house, when retiring for the night, or if left unattended.
- The AC plug should NOT be exposed to rain during operation.
- If any bulb or product is damaged, replace the bad or damaged ones with the steps illustrated in the maintenance section.

4. SETUP

Follow these steps to properly install your Christmas Star Tree Topper:

1. **Prepare the Tree:** Ensure your Christmas tree is stable and securely placed.
2. **Attach the Base:** Place the provided green tree topper base onto the top branch of your Christmas tree. This base helps secure the star.
3. **Position the Star:** Carefully place the star topper onto the base, ensuring it is upright and stable.
4. **Connect Power:** Locate the power cord extending from the star topper. Plug this cord into an available electrical outlet or into the end of your tree's existing light string, if compatible.

Image: A child carefully placing the star tree topper on a Christmas tree, illustrating the final step of setup.

Setup Tip:

For optimal stability, ensure the tree topper base is firmly attached to the central top branch of your tree. If the tree is artificial, you may need to gently bend branches around the base for extra support.

5. OPERATING INSTRUCTIONS

The Brightown Christmas Star Tree Topper is designed for simple operation:

1. **Power On:** Once the star topper is securely installed and plugged into a power source, the built-in lights will illuminate.

2. **Power Off:** To turn off the lights, simply unplug the power cord from the electrical outlet or the tree's light string.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your tree topper.

Bulb Replacement:

The tree topper includes 4 spare bulbs. If a bulb burns out, follow these steps:

1. Unplug the tree topper from the power source.

2. Carefully remove the non-working bulb by gently pulling it straight out.
3. Insert a new spare bulb into the empty socket, ensuring it is fully seated.
4. Plug the tree topper back in to test the new bulb.

Fuse Replacement:

The tree topper includes 2 spare fuses. If the lights stop working entirely, the fuse may need replacement:

1. Unplug the tree topper from the power source.
2. Locate the fuse compartment on the plug. This is usually a small sliding cover.
3. Open the compartment and carefully remove the old fuse.
4. Insert a new spare fuse into the compartment and close the cover.
5. Plug the tree topper back in to test.

Cleaning and Storage:

- Wipe the star with a soft, dry cloth to remove dust. Avoid using abrasive cleaners or solvents.
- Store the tree topper in its original packaging or a protective container in a cool, dry place when not in use.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	Not plugged in, loose connection, blown fuse, or burnt-out bulb.	Ensure the plug is fully inserted. Check for loose connections. Replace the fuse or burnt-out bulbs as per maintenance instructions.
Star topper is unstable.	Improper attachment to the tree.	Re-secure the tree topper base to the top branch. Adjust branches around the base for added support.
Glitter shedding.	Normal for glittered products.	Handle with care. This is typical for glittered decorations and does not affect functionality.

8. SPECIFICATIONS

- **Model Number:** 39060
- **Dimensions:** 2.2"D x 8"W x 8"H
- **Material:** Metal
- **Color:** Pvc Gold Star
- **Item Weight:** 12 ounces
- **Power Source:** Plug-in (AC)
