## SETUP AND ASSEMBLY

---

Your COSTWAY Bar Stool Set requires assembly. All necessary parts and detailed instructions are included in the product package. Please follow the step-by-step guide provided with your purchase for a smooth assembly process.

1. Unpack all components and verify against the parts list in your instruction manual.
2. Identify all hardware and tools required for assembly.
3. Begin by attaching the legs to the seat frame, ensuring all connections are secure.
4. Assemble the footrest supports between the legs.
5. Attach the backrest to the seat frame.
6. Tighten all screws and bolts once the stool is fully assembled, but avoid over-tightening.
7. Ensure the stool is stable and level before use.

It is recommended to assemble the stools on a soft, clean surface to prevent scratching. Two people may be required for certain assembly steps.

## OPERATING INSTRUCTIONS

---

The COSTWAY Bar Stool is designed for straightforward use. Once assembled, it is ready for immediate enjoyment.

- **Swivel Function:** The seat can rotate 360 degrees. Simply apply gentle pressure to turn the seat in any direction. This feature is ideal for easy conversation and movement in social settings.
- **Footrest Use:** Utilize the integrated footrest to comfortably support your feet, reducing pressure on your legs and enhancing overall sitting comfort.
- **Placement:** Position the bar stools in your desired location, ensuring they are on a stable, level surface to prevent wobbling.

## MAINTENANCE

---

Proper maintenance will extend the life and preserve the appearance of your COSTWAY Bar Stools.

- **Cleaning:** For routine cleaning, wipe the upholstered seats and wooden frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish and material.
- **Spills:** In case of spills, wipe them immediately with a clean, dry cloth to prevent staining.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary, but do not over-tighten.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or damage to the wood and upholstery.
- **Weight Limit:** Do not exceed the maximum weight recommendation of 264 pounds to prevent damage to the stool and ensure user safety.

## TROUBLESHOOTING

---

If you encounter any issues with your bar stools, please refer to the following common troubleshooting tips:

- **Wobbling Stool:** Ensure all assembly screws are securely tightened. Check if the stool is placed on an even surface.

Adjust leg levelers if available, or place shims under the legs if needed.

- **Stiff Swivel:** If the swivel mechanism feels stiff, ensure no debris is obstructing the movement. A small amount of silicone-based lubricant can be applied to the swivel plate if necessary, but avoid oil-based lubricants that can attract dust.
- **Loose Parts:** Regularly inspect the stool for any loose parts. Tighten any loose screws or connections immediately to prevent further damage or injury.

If problems persist after following these steps, please contact COSTWAY customer support for further assistance.
