

## Deerma CM1900

# Deerma CM1900 Cordless Anti-Dust Mite Vacuum Cleaner User Manual

Model: CM1900

## 1. INTRODUCTION

Thank you for choosing the Deerma CM1900 Cordless Anti-Dust Mite Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your device. Please read it thoroughly before use and retain it for future reference.

## 2. SAFETY INSTRUCTIONS

- Always ensure the vacuum cleaner is switched off before cleaning or performing maintenance.
- Do not use the appliance to vacuum water or other liquids, hot ashes, or sharp objects.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Do not expose the UV-C lamp directly to eyes or skin. The UV-C lamp is designed to activate only when the vacuum is in contact with a surface.
- Use only the charging adapter supplied with the appliance.
- Store the vacuum cleaner in a dry place when not in use.

## 3. PRODUCT OVERVIEW

The Deerma CM1900 is a versatile 2-in-1 cordless vacuum cleaner designed for effective dust and mite removal. It features a powerful suction system, a UV-C sterilization lamp, and multiple brush heads for various cleaning tasks.

**Figure 3.1:** The Deerma CM1900 handheld unit with its various attachments, including the crevice tool and brush head, ready for assembly.

## 4. SETUP AND CHARGING

### 4.1 Initial Charging

Before first use, fully charge the vacuum cleaner. Connect the charging cable to the charging base and plug it into a power outlet. Place the vacuum cleaner onto the charging base. The indicator lights will show the charging status.

**Figure 4.1:** The Deerma CM1900 vacuum cleaner securely placed on its charging base, indicating it is ready for charging or storage.

## 4.2 Attaching Accessories

The CM1900 comes with standard multi-functional brush heads. To attach a brush head, align it with the suction nozzle and push firmly until it clicks into place. To remove, pull the brush head away from the nozzle.

## 5. OPERATING INSTRUCTIONS

### 5.1 Powering On/Off

Press the power button located on the handle to turn the vacuum cleaner on. Press it again to turn it off.

### 5.2 Using the UV-C Anti-Mite Function

The integrated UV-C quartz glass lamp is designed to assist in killing mites and their eggs. This function activates automatically when the vacuum cleaner is in contact with a surface, such as a mattress or upholstery, ensuring safe operation.

**Figure 5.1:** The Deerma CM1900 in action, illustrating its UV-C anti-mite function on a bed surface, with visual cues indicating its operation.

### 5.3 General Cleaning

Use the appropriate brush head for the surface you are cleaning. The powerful suction is effective for collecting dust, snack debris, and other small particles from various surfaces including carpets, hard floors, and upholstery.

**Figure 5.2:** A user operating the Deerma CM1900 to clean debris from a sofa, demonstrating its handheld versatility and effective suction.

## 6. MAINTENANCE

---

### 6.1 Emptying the Dust Cup

Regularly empty the dust cup to maintain optimal suction performance. Press the release button to detach the dust cup from the main unit, then open it to discard collected debris.

### 6.2 Cleaning Filters

The CM1900 features a 5-fold filtration system including a stainless steel filter, HEPA filter, and filter cotton. These filters should be cleaned periodically. Remove the filters from the dust cup and tap them gently to remove dust. For thorough cleaning, rinse them under running water and ensure they are completely dry before reassembling.

### 6.3 Battery Care

To prolong battery life, avoid fully discharging the battery frequently. Charge the unit when the battery indicator shows low power. If storing the unit for an extended period, charge it periodically to maintain battery health.

## 7. TROUBLESHOOTING

- **No Power:** Ensure the unit is fully charged. Check if the power button is pressed correctly.
- **Low Suction:** Empty the dust cup. Clean or replace the filters. Check for blockages in the nozzle or brush head.
- **UV-C Lamp Not Activating:** Ensure the vacuum cleaner is in contact with a flat surface. The lamp is designed with a safety mechanism that prevents activation when lifted.
- **Unusual Noise:** Turn off the unit and check for any foreign objects lodged in the brush head or suction path.

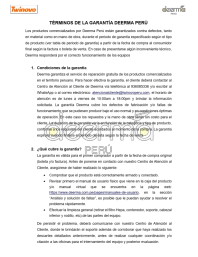

If problems persist after attempting these solutions, please contact customer support.

## 8. SPECIFICATIONS

Feature	Specification
Brand	Deerma
Model	CM1900
Form Factor	Handheld
Power Source	Battery Powered
Battery Type	Lithium-Ion
Wattage	350 watts
Is it cordless?	Yes
Filter Type	Cartridge (HEPA)

## TÉRMINOS DE LA GARANTÍA DEERMA PERÚ

Los productos comercializados por Deerma Perú están garantizados contra defectos, tanto en material como en mano de obra, durante el periodo de garantía especificado según el tipo de producto (ver tabla de periodo de garantía) a partir de la fecha de compra al consumidor final según la factura o boleta de venta. En caso de presentarse algún inconveniente técnico, Deerma responderá por el correcto funcionamiento de los equipos.

### 1. Condiciones de la garantía

Deerma garantiza servicio de reparación gratuita de los productos comercializados en el territorio peruano. Para hacer efectiva la garantía, el cliente deberá contactarse al Centro de Atención al Cliente de Deerma vía telefónica al 936085336 o por correo al WhatsApp o al correo electrónico: [atencioncliente@derma.com.pe](mailto:atencioncliente@derma.com.pe) o [whatsapp@derma.com.pe](mailto:whatsapp@derma.com.pe), el horario de atención es de lunes a viernes de 10:00am a 18:00pm y brindar la información solicitada. La garantía Deerma cubre los defectos de fabricación y/o fallas de funcionamiento que se pudiesen presentar bajo el uso normal y en condiciones óptimas de operación. En este caso los repuestos y la mano de obra serán sin costo para el cliente. La duración de la garantía varía en función de la categoría y tipo de producto, conforme a los requisitos de los clientes acordados al momento de la compra. La garantía expira cuando: finaliza el periodo de esta según la fecha de venta.

## 2. ¿Qué cubre la garantía?

La garantía es válida para el primer comprador a partir de la fecha de compra original (boleta y/o factura). Antes de ponerse en contacto con nuestro Centro de Atención al Cliente, asegúrese de haber realizado lo siguiente:

- Comprobar que el producto está correctamente armado y conectado.
- Revisar primero el manual de usuario físico que viene en la caja del producto y/o manual virtual que se encuentra en la página web: <https://www.deerma.com/paginas/manuales-de-usuario>, en la sección "Análisis y solución de fallos", es posible que le puedan ayudar a resolver el problema rápidamente.
- Efectuar la limpieza general (retirar el filtro Hepa, contenedor, soporte, cabezal inferior y rodillo, etc.) de las partes del equipo.

De persistir el problema, deberá comunicarse con nuestro Centro de Atención al Cliente, donde le brindarán el soporte además de corroborar que haya realizado los descartes detallados anteriormente, antes de realizar cualquier coordinación y/o citación a las oficinas para el internamiento del equipo y posterior evaluación.
