2. SETUP INSTRUCTIONS

2.1 Unpacking and Battery Installation

Before first use, ensure all components are present: 1 wireless keyboard, 1 wireless mouse, and 1 USB nano receiver. Batteries are required for operation.

- **Keyboard:** Open the battery compartment on the underside of the keyboard and insert one (1) AA battery.
- **Mouse:** Open the battery compartment on the underside of the mouse and insert one (1) AA battery. The USB nano receiver is typically stored within this compartment.

Image 2.1: Illustration of battery installation for both keyboard and mouse, showing the USB receiver storage.

2.2 Connecting to Your Computer

The keyboard and mouse share a single USB nano receiver for a streamlined setup.

1. Locate the USB nano receiver, usually stored in the mouse's battery compartment.
2. Plug the USB nano receiver into an available USB port on your computer (desktop, laptop, tablet, etc.).
3. Turn on the power switches for both the keyboard and the mouse. The devices are plug-and-play and should connect automatically.

2.3 Compatibility

This combo is compatible with Windows 7/8/10/11 and macOS. Please note that some shortcut keys may not function optimally on updated macOS systems.

3. OPERATING INSTRUCTIONS

3.1 Keyboard Features

- **Retro Round Keycaps:** Designed for a comfortable and tactile typing experience.
- **Full-Sized Layout:** Includes a numeric keypad for enhanced productivity.
- **Function (Fn) Keys:** Utilize the 'Fn' key in combination with F1-F12 keys for various multimedia and system shortcuts. Refer to the user guide image below for specific functions.

3.2 Mouse Features

- **Optical Tracking:** Provides precise and responsive cursor control.
- **Ergonomic Design:** Shaped for comfortable use over extended periods.

3.3 Power Saving Mode

Both the keyboard and mouse feature an automatic sleep mode to conserve battery life during periods of inactivity. To reactivate, simply press any key on the keyboard or move the mouse.

4. MAINTENANCE

4.1 Cleaning

- The mirror-finish panel can be cleaned with a soft, dry cloth.
- Keycaps are removable for thorough cleaning. Use a keycap puller (if provided) or gently pry them off. Clean with a soft brush or damp cloth, then reattach securely.

4.2 Battery Replacement

When the battery indicator light on the keyboard or mouse flashes, it's time to replace the batteries. Use fresh AA batteries for optimal performance.

5. TROUBLESHOOTING

If you encounter any issues, please refer to the following common solutions:

Issue	Solution
-------	----------

Issue	Solution
Keyboard not working	1. Install fresh AA battery and turn on the keyboard. 2. Hold ESC + Q keys until the battery indicator flashes. 3. Ensure the USB receiver is securely inserted into your PC.
Mouse not working	1. Install fresh AA battery and turn on the mouse. 2. Hold Left and Right mouse buttons until the battery indicator flashes. 3. Ensure the USB receiver is securely inserted into your PC.
Disconnection issues	Re-insert the USB receiver into a different USB port on your computer. Ensure no obstructions are blocking the wireless signal.
