CROC MF-ICG15

CROC Infrared Flat Iron MF-ICG15 User Manual

Model: MF-ICG15 | Brand: CROC

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using the CROC Infrared Flat Iron. Keep this manual for future reference.

- **Electrical Safety:** Do not use near water. Unplug immediately after use and before cleaning.
- **Heat Hazard:** The plates become extremely hot. Avoid direct contact with skin. Allow to cool completely before storing.
- **Children:** Keep out of reach of children. This appliance is not intended for use by persons with reduced physical, sensory, or mental capabilities unless supervised.
- **Damage:** Do not operate if the cord or plug is damaged. If the appliance malfunctions, discontinue use and contact customer support.
- **Ventilation:** Ensure the ventilation system is not blocked during use.

2. PRODUCT OVERVIEW

The CROC Infrared Flat Iron MF-ICG15 is designed for professional hair styling, featuring advanced infrared technology and titanium plates for efficient and gentle straightening.

Figure 2.1: CROC Infrared Flat Iron MF-ICG15, showing its sleek black design.

Key Features:

- **Patented Infrared Technology:** Seals cuticles, locks in moisture, and reduces heat damage.
- **Black Titanium Plates:** Provides even heat distribution and a smooth glide.
- **Negative Ion Production:** Helps to reduce static and frizz, enhancing shine.
- **Advanced Ventilation System:** Releases excess heat to prevent internal and physical damage.
- **Built-in Ceramic Heaters:** Ensures instant heat recovery and consistent temperature during use.
- **Fully Digital Temperature Settings:** Adjustable from 280°F to 450°F (138°C to 232°C).
- **Dual Voltage Capabilities:** Compatible with 110V-240V for international use.
- **Built-in Automatic Shut-off:** Activates after 30 minutes of non-use for safety.
- **Convenient 9-foot Swivel Cord:** Provides flexibility and ease of use.
- **Deluxe Thumb Grip:** Ergonomically designed for comfortable styling.

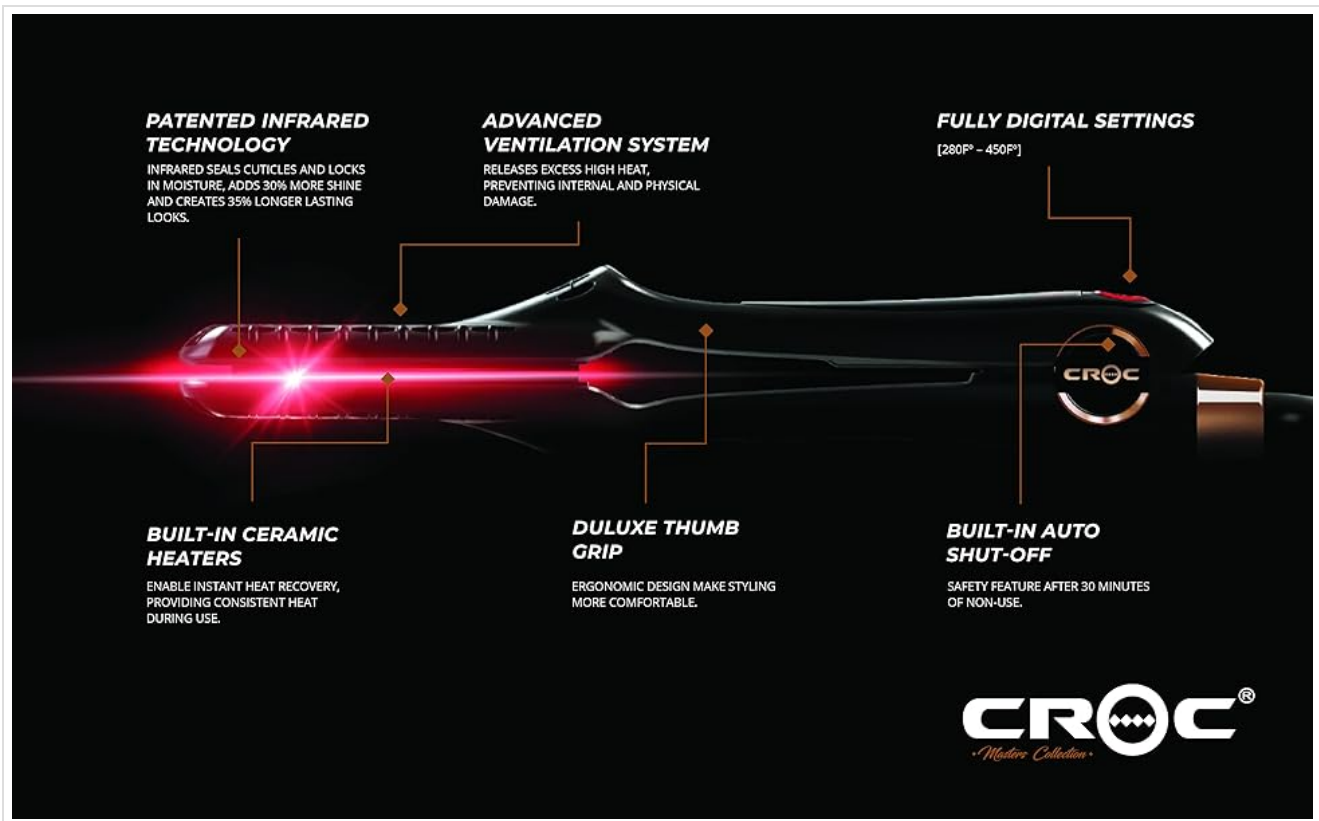

Figure 2.2: Detailed diagram highlighting the key features of the flat iron, including infrared technology, ventilation, digital settings, ceramic heaters, thumb grip, and auto shut-off.

3. GETTING STARTED (SETUP)

1. **Unpack:** Carefully remove the flat iron from its packaging.
2. **Inspect:** Check the appliance for any signs of damage. Do not use if damaged.
3. **Placement:** Place the flat iron on a heat-resistant surface during use.
4. **Plug In:** Insert the power plug into a suitable electrical outlet (110V-240V).

4. OPERATING INSTRUCTIONS

Powering On/Off:

- To turn on, press and hold the power button (usually marked with a circle or power symbol) until the digital display illuminates.
- To turn off, press and hold the power button again until the display turns off.

Figure 4.1: The digital display and control buttons for power and temperature adjustment.

Adjusting Temperature:

- Once powered on, use the temperature control buttons (often '+' and '-' or a rotating dial) to select your desired heat setting.
- The digital display will show the current temperature, which will increase rapidly to the set temperature.
- Recommended temperatures vary by hair type: lower temperatures for fine/damaged hair, higher for thick/coarse hair.

Styling Your Hair:

1. Ensure hair is clean, dry, and detangled. Apply a heat protectant spray.
2. Divide hair into small, manageable sections.
3. Starting from the roots, gently clamp a section of hair between the plates.
4. Smoothly glide the flat iron down the hair section to the ends. Avoid holding the iron in one place for too long.
5. Repeat on all sections until desired style is achieved.

Figure 4.2: The infrared light emitted from the plates, indicating active infrared technology for gentle heat penetration.

Automatic Shut-off:

For safety, the CROC Infrared Flat Iron will automatically turn off after approximately 30 minutes of inactivity. To resume use, turn the appliance off and then on again.

5. MAINTENANCE AND CARE

- **Cleaning:** Ensure the flat iron is unplugged and completely cool before cleaning. Wipe the plates and exterior with a soft, damp cloth. Do not use abrasive cleaners or immerse in water.
- **Storage:** Store the cooled flat iron in a dry, safe place, away from moisture and extreme temperatures. Do not wrap the cord tightly around the appliance. The 9-foot swivel cord is designed for durability and flexibility.

Figure 5.1: The convenient 9-foot swivel cord and an indicator for dual voltage capabilities (110V-240V).

6. TROUBLESHOOTING

Common Issues and Solutions:

- **Appliance not turning on:**
 - Check if the power cord is securely plugged into a working outlet.
 - Ensure the power button is pressed and held until the display illuminates.
- **No heat or insufficient heat:**
 - Verify the temperature setting on the digital display.
 - Allow a few moments for the plates to reach the set temperature.
 - If the auto shut-off activated, cycle the power off and on again.
- **Flashing display or error code:**
 - Unplug the appliance, wait a few minutes, and plug it back in. If the issue persists, contact customer

support.

If you encounter any issues not listed here, or if the problem persists, please contact CROC customer support.

7. SPECIFICATIONS

Feature	Detail
Model Number	MF-ICG15
Brand	CROC
Plate Material	Black Titanium
Technology	Infrared, Negative Ion
Temperature Range	280°F - 450°F (138°C - 232°C)
Voltage	Dual Voltage (110V-240V)
Auto Shut-off	Yes, after 30 minutes of inactivity
Cord Length	9-foot Swivel Cord
Product Dimensions	9.84 x 1.18 x 1.18 inches
Weight	1.68 Pounds
UPC	850017219069
