Moby-System Mountain

Moby-System Runner Mountain 3-Wheel All-Terrain Stroller

INSTRUCTION MANUAL

Model: Mountain | Brand: Moby-System

1. Introduction

Thank you for choosing the Moby-System Runner Mountain 3-Wheel All-Terrain Stroller. This manual provides essential information for the safe assembly, operation, and maintenance of your stroller. Please read it thoroughly before use and keep it for future reference.

This stroller is designed for children up to 15 kg and complies with the EN 1888:2012 safety standard.

2. Safety Information

- Always use the 5-point safety harness to secure your child in the stroller. Ensure it is adjusted correctly and comfortably.
- Never leave your child unattended in the stroller.
- Ensure all locking devices are engaged before use.
- Do not overload the storage basket or attach items to the handle, as this can affect the stroller's stability. The maximum weight for the storage basket is 3 kg.
- Be aware of reflective strips on the stroller, which enhance visibility during low-light conditions. However, always exercise caution.
- Avoid placing hot liquids or heavy objects in the child tray.
- This stroller is not suitable for running or skating unless specifically designed for such activities. (Note: Product is a 'Jogging Stroller' as per specs, so this general warning should be adjusted. Let's rephrase to 'This stroller is suitable for jogging, but always ensure your child is securely fastened and the terrain is appropriate.')
- This stroller is suitable for jogging, but always ensure your child is securely fastened and the terrain is appropriate.
- Keep children clear of moving parts during adjustment or folding.

3. Package Contents

Your Moby-System Runner Mountain Stroller package should include the following components:

- 1 x 3-Wheel Stroller Frame with Seat Unit
- 1 x Large Storage Basket (pre-attached or requiring minor assembly)
- 1 x 5-Point Safety Harness with Shoulder and Belly Padding
- 1 x Adjustable Sun Canopy with Viewing Window
- Wheels (front and rear)
- 1 x Child Tray
- 1 x Thermal Padding (if included with your model)
- 1 x Rain Cover (if included with your model)

4. Assembly Instructions

Follow these steps to assemble your Moby-System Runner Mountain Stroller:

1. **Unfolding the Stroller:** Release any locking mechanisms and carefully unfold the stroller frame until it clicks into place. Ensure all frame locks are securely engaged.
2. **Attaching the Wheels:** Insert the front and rear wheels into their respective axles until they lock. Pull on the wheels to ensure they are firmly attached.
3. **Attaching the Child Tray:** Align the child tray with the designated slots on the stroller frame and push down until it clicks into position.
4. **Adjusting the Canopy:** Extend the canopy to its desired position. The canopy can be easily enlarged with a zipper for extra sun protection.
5. **Harness Setup:** Ensure the 5-point harness is correctly threaded through the seat and shoulder pads. Adjust the straps to fit your child snugly but comfortably.

5. Operating Instructions

5.1 Securing Your Child

Place your child in the seat and fasten the 5-point harness. Adjust the shoulder and waist straps for a snug fit. The harness features comfortable padding on the shoulders and belly.

5.5 Folding the Stroller

To fold the stroller for storage or transport, engage the brakes, remove your child, and follow the folding mechanism instructions specific to your model. Ensure all locking mechanisms are engaged once folded.

6. Maintenance

- **Cleaning:** Clean plastic and metal parts with a damp cloth. For the polyester fabric, wash at a low temperature. The durable plastic footrest is designed for easy cleaning, resisting dirt and mud.
- **Inspection:** Regularly check all parts for wear and tear, especially the wheels, brakes, and harness. Replace any damaged parts immediately.
- **Lubrication:** Periodically lubricate moving parts, such as wheel axles, to ensure smooth operation.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight when not in use.

7. Troubleshooting

- **Stroller not unfolding/folding smoothly:** Check for any obstructions or ensure all locking mechanisms are properly disengaged/engaged. Refer to assembly instructions.
- **Wheels not turning freely:** Inspect wheels for debris, ensure they are properly attached, and lubricate axles if necessary.
- **Harness not securing:** Ensure straps are correctly threaded and adjusted. Check buckle for any damage or obstruction.

8. Specifications

Feature	Detail
