1. PRODUCT OVERVIEW

The VINGLI 75 Gallon Collapsible Outdoor Storage Box is designed for efficient and versatile outdoor storage. This simple-to-assemble plastic container features a durable lid, making it ideal for use on patios, decks, in gardens, by pools, on balconies, or in yards. Its collapsible design allows for compact storage when not in use, and built-in wheels and handles ensure easy portability.

2. KEY FEATURES

- **Lightning-Fast Assembly:** Pre-installed cabinet enables effortless setup, typically in under 10 minutes. Its detachable structure allows for repeated assembly and disassembly.
- **Lightweight & Durable:** Weighing only 17 lbs, this 75-gallon plastic storage box is made with an optimized material formula for enhanced drop resistance, combining portability with rugged durability.
- **User-Centric Design:** Equipped with two built-in handles and two wheels for easy movement. Side-mounted plastic drawstrings secure the lid when open, allowing hands-free access to contents.
- **Space-Saving Storage:** Fully disassembles for compact storage, fitting neatly into any corner when not in use.
- **Versatile & Aesthetically Pleasing:** Features a realistic wood-grain appearance that seamlessly blends into various outdoor spaces. Ideal for organizing patio items, storing packages, or tidying garden essentials.

3. PARTS LIST

Before assembly, please ensure all components are present and undamaged. If any parts are missing or damaged, contact customer support.

- Main Collapsible Body (1 unit)
- Lid (1 unit)
- Lid Support Ropes/Straps (2 units, often pre-attached)
- Wheels (2 units, often pre-installed)
- Handles (2 units, integrated into the main body)
- Instruction Manual (1 unit)

4. ASSEMBLY INSTRUCTIONS

The VINGLI storage box is designed for quick and easy assembly. Follow these steps for a successful setup.

Step 1: Unfold the Main Body

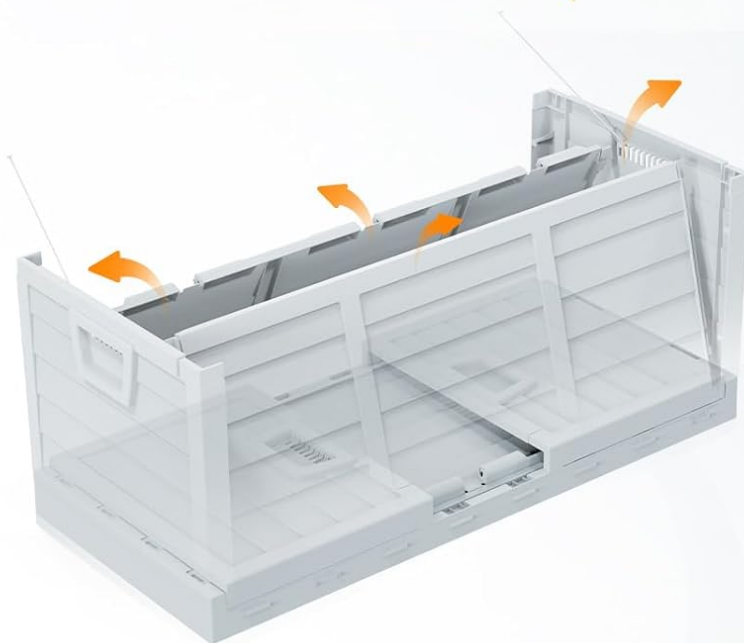

Place the main collapsible body on a flat, stable surface. Gently pull the sides outwards to unfold the pre-installed cabinet structure until it forms a rectangular box shape. Ensure all panels click securely into place.

VINGLI

ULTRA-FAST INSTALLATION

Install a box in 8 minutes

The cabinet is
partially pre-installed

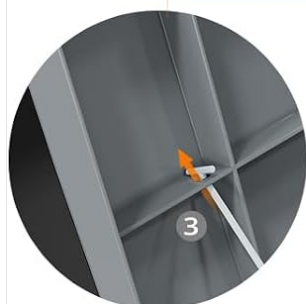

Figure 4.1: Unfolding the main cabinet body.

Step 2: Attach the Lid

Align the lid with the top edges of the unfolded box. Press down firmly along the edges until the lid snaps securely into place. Ensure all connection points are fully engaged. Some force may be required to ensure a tight fit, especially for the plastic bolts/hinges.

SPACE-SAVING

When not in use, it can be put away without taking up space

Figure 4.2: Attaching the lid to the main body.

Step 3: Secure Lid Support Ropes

Locate the pre-attached plastic ropes or straps on the inside of the lid and the corresponding attachment points on the inside of the box. Connect these ropes to their respective points. These ropes prevent the lid from opening too far and provide hands-free access.

WOOD-GRAIN-LIKE APPEARANCE

Figure 4.3: Securing the lid support ropes.

Your VINGLI storage box is now assembled and ready for use. For disassembly, reverse these steps, ensuring to gently detach components to avoid damage.

5. OPERATING INSTRUCTIONS

Opening and Closing the Lid

To open, simply lift the lid from the front. The integrated plastic ropes will hold the lid open at an optimal angle, allowing easy access to the contents without needing to hold the lid manually. To close, gently push the lid down until it sits flush with the box edges.

Moving the Storage Box

The storage box is equipped with two built-in handles on the short sides and two wheels on one end of the base. To move the box, lift the end with the handles and tilt the box onto its wheels. You can then easily roll the box to your desired location. Avoid dragging the box without using the wheels, especially on rough surfaces, to prevent damage.

2 WHEELS

Effortless when moving boxes

Collapsing for Storage

When not in use or for seasonal storage, the box can be fully collapsed. First, detach the lid by gently prying it off the main body. Then, carefully fold the side panels inwards until the box lies flat. Store the lid and folded body in a dry, protected area.

Storage capacity
75 Gallon

Material
PP (Polypropylene)

6. MAINTENANCE

To ensure the longevity and appearance of your VINGLI storage box, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the box regularly with a damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals, as these can damage the plastic surface. Rinse thoroughly with water and dry completely.
- **Inspection:** Periodically check all connection points and hinges for any signs of wear or damage. Ensure the lid still closes securely.
- **Storage:** If storing the box collapsed for an extended period, ensure it is clean and dry to prevent mold or mildew growth. Store in a cool, dry place away from direct sunlight to prevent material degradation.
- **Weight Capacity:** Do not overload the box beyond its intended capacity. While durable, excessive weight can stress the plastic and compromise its structural integrity.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid does not close securely.	Lid not properly aligned or hinges not fully engaged.	Ensure the main body is fully unfolded and all panels are locked. Re-align the lid and apply firm, even pressure until it clicks into place. Check for any obstructions.
Difficulty unfolding/collapsing the main body.	Panels are stiff or misaligned.	Apply gentle, even pressure. Ensure no debris is caught in the folding mechanisms. If stiff, try moving the panels slightly to free them.
Box feels unstable or wobbly.	Not all panels are fully locked into place.	Verify that all four side panels of the main body are fully extended and securely clicked into their upright positions. Ensure the box is on a flat, level surface.
Lid support ropes are not holding the lid open.	Ropes are detached or damaged.	Re-attach the plastic ropes to their designated connection points on the lid and box. If damaged, contact customer support for replacement parts.

8. PRODUCT SPECIFICATIONS

Attribute	Detail
Brand	VINGLI
Model Number	VL-G55000216
Color	Black Grey
Material	Plastic (PP - Polypropylene)
Capacity	75 Gallons
Product Dimensions (L x W x H)	43.5" x 19.5" x 19.7"
