LifeGoods LG514

LifeGoods Monitor Stand with Drawer - User Manual

Model: LG514

1. PRODUCT OVERVIEW

The LifeGoods Monitor Stand with Drawer is designed to enhance your workspace by elevating your monitor or laptop to an ergonomic viewing height, reducing strain on your neck and back. It features a convenient integrated drawer for storage and a perforated top for improved airflow. This product comes as a 2-pack, offering versatile solutions for your home or office.

Image: Two LifeGoods Monitor Stands, each with an integrated storage drawer and accompanied by cable ties. The stands are black with perforated tops.

Key Features:

- **Height Adjustable:** Easily adjust the stand to 10, 12, or 14 cm for optimal eye-level viewing.
- **Integrated Drawer:** A practical drawer with compartments helps organize pens, sticky notes, and other small office supplies.
- **Robust & Stable Design:** Constructed from durable metal with anti-slip feet, supporting up to 20 kg.
- **Improved Airflow:** Perforated surface allows for better ventilation, keeping your devices cool.
- **Cable Management:** Includes 5 cable ties to keep your workspace tidy and free of tangled wires.
- **Multifunctional Use:** Suitable for monitors, laptops, printers, computers, and more.

2. SETUP AND ASSEMBLY

The LifeGoods Monitor Stand is designed for quick and easy assembly, requiring no tools. Follow these simple steps to set up your stand:

1. **Unpack Components:** Carefully remove all parts from the packaging. You should have the main platform, the integrated drawer, and eight adjustable legs (four for each stand).

- 2. Attach Legs:** Take one main platform. Insert the four adjustable legs into the designated holes on the underside of the platform. Ensure they click securely into place.
- 3. Insert Drawer:** Slide the integrated drawer into the slot beneath the main platform.
- 4. Adjust Height:** Press the button on each leg and slide the inner part to select your desired height (10 cm, 12 cm, or 14 cm). Ensure all four legs are set to the same height for stability.
- 5. Repeat for Second Stand:** If you have the 2-pack, repeat steps 2-4 for the second monitor stand.

3. OPERATING INSTRUCTIONS

Placing Your Device:

Place your monitor, laptop, or other compatible device directly onto the perforated top surface of the stand. Ensure the device is centered and stable. The stand can support devices up to 20 kg (44 lbs).

Wide Compatibility

Can be used for any device up to 20kg

Image: A monitor and a laptop positioned on separate LifeGoods monitor stands, illustrating the product's wide compatibility and maximum weight capacity of 20 kg.

Adjusting Height for Ergonomics:

To achieve an ergonomic viewing angle, adjust the height of the stand so that the top of your screen is at or slightly below eye level. This helps maintain a neutral neck posture. The stand offers three height settings: 10 cm (4.1 inches), 12 cm (4.8 inches), and 14 cm (5.6 inches).

Height Adjustable

Easy to adjust with the press of a button

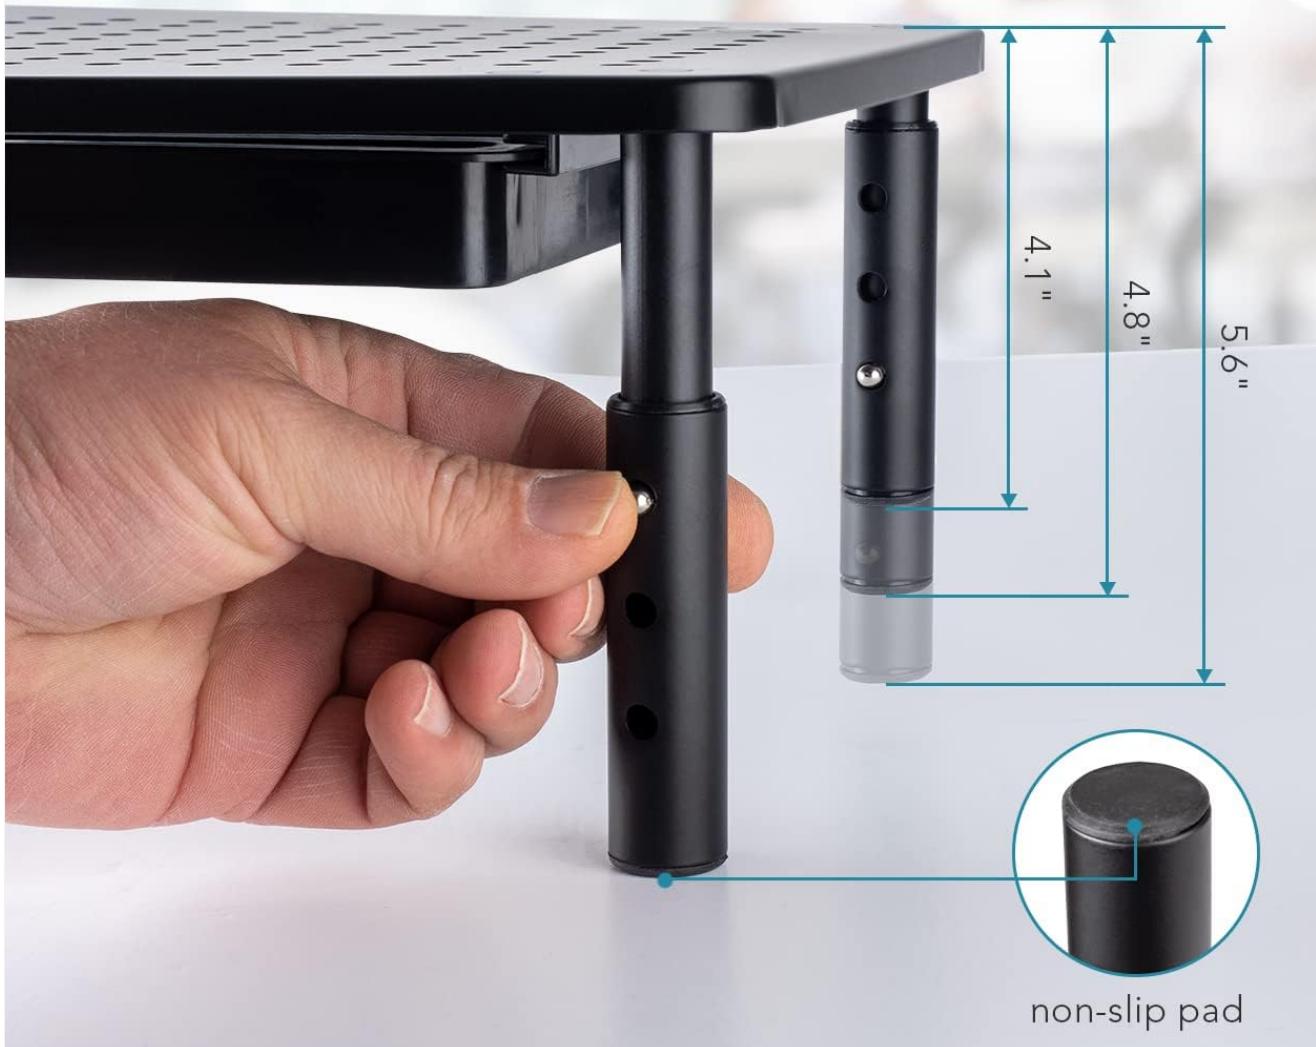

Image: A detailed view of a hand adjusting the height of one of the monitor stand's legs, with labels indicating the three adjustable height settings (4.1", 4.8", 5.6") and the non-slip pad at the base.

For optimal ergonomic setup, ensure your feet are flat on the floor, your elbows are at a 90-degree angle, and your wrists are straight when typing.

Ergonomic Design

Puts your screen at the correct height

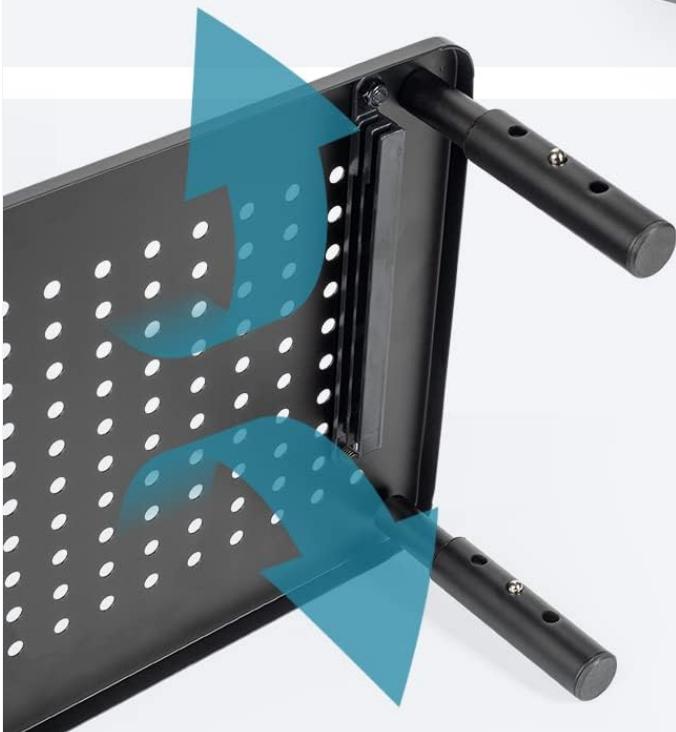

Image: A woman seated at a desk, working on a computer with her monitor elevated by the LifeGoods stand, illustrating the ergonomic benefits of proper screen height.

Using the Integrated Drawer:

The pull-out drawer provides convenient storage for small office items. It features compartments to help keep your supplies organized. You can also utilize the space beneath the drawer to store a keyboard, books, or other larger items when not in use.

Versatile Applications:

Beyond monitors and laptops, these stands can be used to elevate other office equipment such as printers, desktop computers, or even for organizing books and binders, maximizing vertical space on your desk.

4. MAINTENANCE

To ensure the longevity and optimal performance of your LifeGoods Monitor Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand and drawer with a soft, damp cloth. For stubborn marks, a mild soap solution can be used. Avoid abrasive cleaners or solvents, as they may damage the finish.
- **Dusting:** Regularly dust the perforated surface to maintain optimal airflow and prevent dust buildup in your devices.
- **Check Stability:** Periodically check that all legs are securely attached and set to the same height. Ensure the non-slip pads on the feet are intact.
- **Drawer Care:** Keep the drawer free of excessive weight or sharp objects that could scratch its surface or hinder smooth operation.

5. TROUBLESHOOTING

If you encounter any issues with your monitor stand, refer to the following common problems and their solutions:

Problem	Possible Cause	Solution
Stand is wobbly or unstable.	Legs not fully inserted or not set to the same height. Uneven surface.	Ensure all legs are securely clicked into place and adjusted to the identical height setting. Place the stand on a flat, stable surface.
Drawer is difficult to open or close.	Drawer overloaded or obstructed. Debris in the drawer track.	Remove some items from the drawer. Check for and remove any debris in the drawer's sliding mechanism.
Device overheating on stand.	Blocked ventilation holes.	Ensure the perforated top surface is not obstructed by papers or other items, allowing for proper airflow. Regularly dust the holes.

If the problem persists, please contact LifeGoods customer support for further assistance.

6. SPECIFICATIONS

Feature	Detail
Brand	LifeGoods
Model Number	LG514
Material	Metal
Color	Black
Product Dimensions (L x W x H)	37 x 23.5 x 10 cm (14.57 x 9.25 x 3.94 inches)
