3. Connecting to a Device:

- **USB-C Connection (Full-featured):** For devices with a full-featured USB-C port (supporting video, audio, and power), use one of the provided USB-C to USB-C cables. This single cable can provide display, power, and touch functionality.
- **HDMI Connection:** Connect the monitor to your device using the Standard HDMI cable for video and audio. For power, use the provided USB-C to USB-A cable connected to a power source (like the power adapter or a USB port on your device) and the monitor's USB-C port.
- **Touch Functionality:** To enable touch, ensure a USB-C to A or USB-C to C cable is connected from your

device to the monitor's USB-C port. Note that touch does not support right-click or long-press for option activation.

Compatible with Multiple Devices

4. **Power On:** Once connected, the monitor should automatically power on. If not, press the power button.

OPERATING INSTRUCTIONS

Your UPERFECT Y monitor offers several features to enhance your experience:

- **10-Point Capacitive Touchscreen:** The monitor features a highly responsive 10-point capacitive touchscreen.

Simply connect the USB cable to your device (PC, Mac, Chrome) to enable touch functionality without additional drivers.

- **USB 3.0 Port:** Use the integrated USB 3.0 port to connect peripherals like a keyboard or mouse directly to the monitor, expanding your connectivity options.

MAINTENANCE

To ensure the longevity and optimal performance of your UPERFECT Y Portable Monitor, follow these maintenance guidelines:

- **Cleaning the Screen:** Use a soft, lint-free cloth slightly dampened with water or a screen-cleaning solution. Avoid harsh chemicals or abrasive materials.

- **Cleaning the Body:** Wipe the monitor's body with a soft, dry cloth.
- **Storage:** When not in use, store the monitor in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Handling:** Always handle the monitor by its edges and avoid applying pressure to the screen.

TROUBLESHOOTING

If you encounter issues with your UPERFECT Y Portable Monitor, refer to the following common solutions:

- **No Display/Power:**
 - Ensure all cables (USB-C, HDMI, power) are securely connected.
 - Verify the power adapter is functioning and connected to a live outlet.
 - Try connecting the monitor to a different device to rule out source issues.
- **Touchscreen Not Responding:**
 - Confirm the USB-C cable providing touch data is properly connected between the monitor and your device.
 - Restart both the monitor and the connected device.
 - Ensure your operating system drivers are up to date.
- **Image Flickering or Distortion:**
 - Check cable connections for looseness or damage.
 - Adjust the display resolution and refresh rate on your connected device.
 - Ensure the monitor is receiving sufficient power.
- **No Audio:**
 - Check the volume settings on both the monitor and your connected device.
 - Ensure the correct audio output device is selected on your connected device.
 - If using HDMI, verify that audio is being transmitted over HDMI from your source.
