

NC WG12-1

NC Astronaut Mini Building Blocks Model WG12-1 with LED Light Instruction Manual

Model: WG12-1 (HC9077) | Brand: NC

1. INTRODUCTION

This manual provides instructions for assembling and operating your NC Astronaut Mini Building Blocks Model WG12-1 with LED Light. Please read all instructions carefully before beginning assembly.

Safety Warning:

- This building block set contains many small parts. It is recommended for ages 8 years and older.
- Adult supervision is advised during assembly, especially for younger users, to ensure safe play and prevent choking hazards.
- Keep small parts away from infants and pets.

2. PACKAGE CONTENTS

Verify that all components are present in your package:

- DIY Building Blocks Kit (1008 pieces)
- LED Light String
- Instruction Manual

3. ASSEMBLY INSTRUCTIONS

Follow the detailed step-by-step instructions provided in the included instruction booklet. It is recommended to sort all parts according to the manual before beginning assembly.

Video 3.3: A demonstration of the assembled astronaut models, including those with LED lights and within clear globes. This video highlights the visual appeal of the completed models.

4. OPERATING INSTRUCTIONS (LED LIGHT)

The Astronaut Mini Building Blocks Model includes an LED light string to illuminate the astronaut's helmet.

1. During assembly, integrate the LED light string into the helmet section as indicated in the instruction manual.
2. Once assembled, connect the LED light string to a suitable power source (e.g., battery pack, USB port) as specified in the manual.
3. Activate the LED light to illuminate the astronaut's helmet.

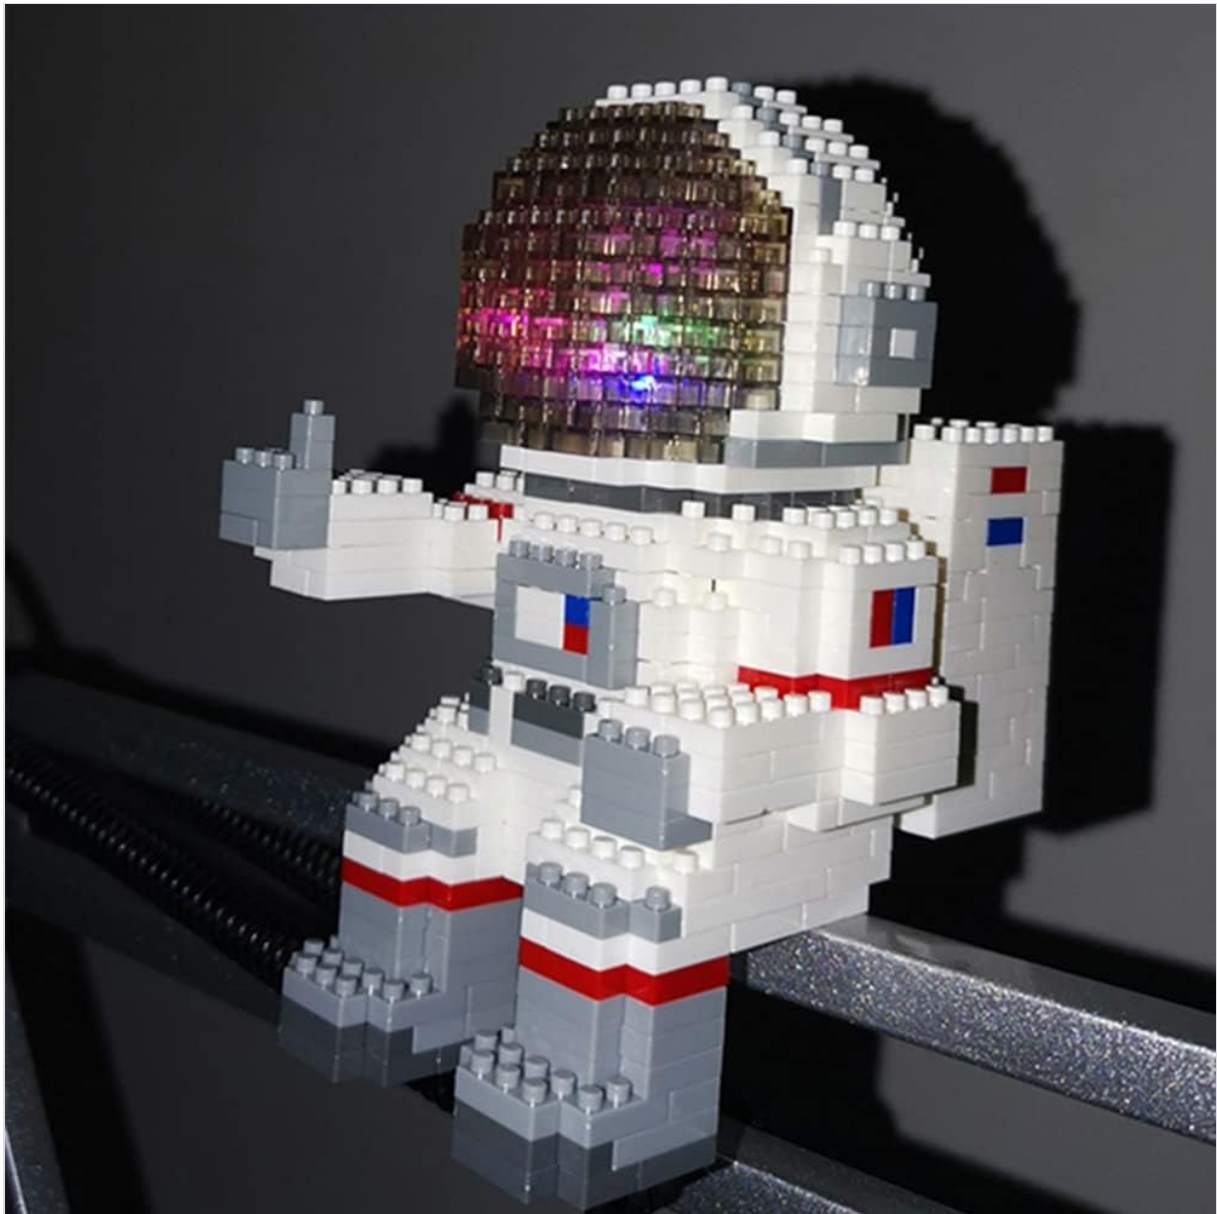

Image 4.2: The astronaut model displaying a multi-color LED light effect in its helmet.

5. MAINTENANCE

To maintain the quality and appearance of your building block model:

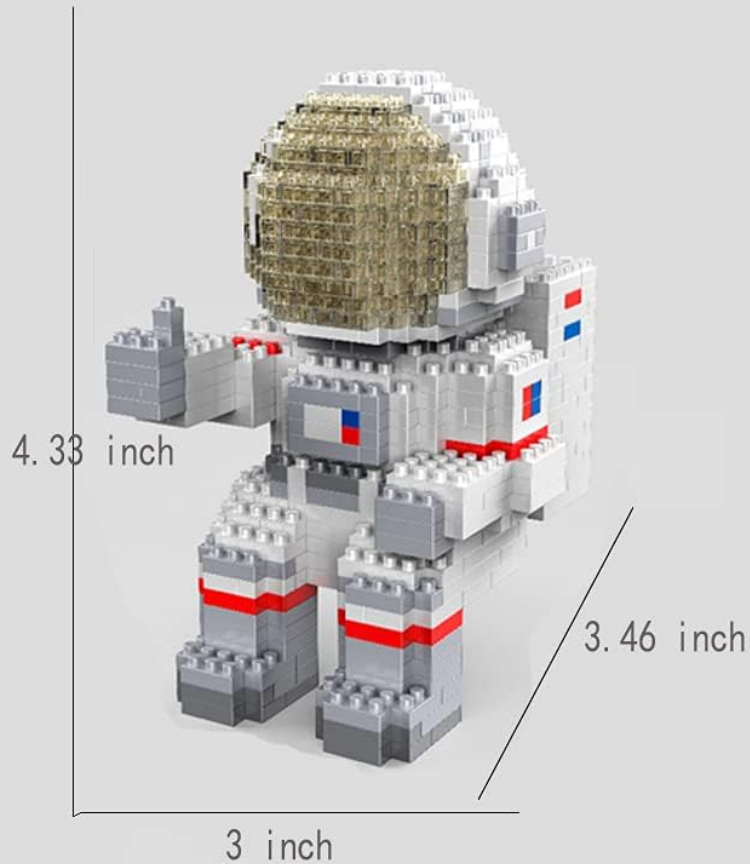

- Keep the model clean by gently dusting it with a soft, dry cloth.
- Avoid exposing the model to direct sunlight for prolonged periods to prevent color fading.
- Store the model in a cool, dry place to prevent damage to the plastic components.

6. TROUBLESHOOTING

If you encounter any issues during assembly or with the product:

- **Missing Parts:** If any parts are missing, please mark them in your instruction manual and contact customer service for assistance. We will arrange for the missing parts to be sent to you.
- **Assembly Difficulty:** Double-check the instruction manual steps. Ensure all pieces are correctly oriented and connected.
- **LED Light Not Working:** Verify that the LED light string is properly connected to its power source and that the power source is functional.

7. SPECIFICATIONS

Please Note:

Different production batch might cause tiny **difference** in color and size.

We appreciate your understanding!

Image 7.1: Product dimensions diagram.

Feature	Detail
Model Number	WG12-1 (HC9077)
Material	ABS (Acrylonitrile Butadiene Styrene)
Number of Pieces	1008
Product Dimensions	3 x 3.46 x 4.33 inches
Item Weight	0.23 Kilograms
Recommended Age	8 years and up

Educational Objective	Creative Thinking, Divergent Thinking, Hand-Eye Coordination, Problem Solving Skills, STEM, Team Building Skills
