LEGO City Stunt Show Truck 60294 Instruction Manual

Official Instruction Manual for the LEGO City Stunt Show Truck (Model 60294)

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and care of your LEGO City Stunt Show Truck (Set 60294). Designed for builders aged 6 and up, this set features a robust stunt truck, a detachable trailer with stunt props, a flywheel-powered stunt bike, and minifigures to create dynamic stunt shows.

The set includes elements for constructing launch ramps, a functional dunk tank, and various accessories to enhance imaginative play. The flywheel-powered stunt bike allows for spectacular jumps and interactive play scenarios.

SETUP: BUILDING YOUR STUNT SHOW TRUCK

Assembly of the LEGO City Stunt Show Truck is designed to be straightforward, guided by the included printed building instructions. For an enhanced building experience, the free LEGO Building Instructions app offers interactive Instructions PLUS, featuring zoom, rotate, and visualization tools.

Assembly Overview

The set consists of a main stunt truck and a trailer that transforms into a stunt arena. Follow the step-by-step instructions provided in your building guide to construct each component.

OPERATING: PERFORMING STUNTS

The LEGO City Stunt Show Truck is designed for interactive play, allowing you to stage exciting stunt events. The core of the action revolves around the flywheel-powered stunt bike and the modular stunt arena.

Flywheel-Powered Stunt Bike

The stunt bike utilizes flywheel technology. To activate it, push the bike forward on a flat surface to build momentum. Once sufficient speed is achieved, release it to perform jumps and other stunts.

Stunt Arena Features

The trailer transforms into a versatile stunt arena with several interactive elements:

- **Launch and Landing Ramps:** Position the ramps to create various jump configurations for the stunt bike.
- **Dunk Tank:** Aim the stunt bike to hit the target and activate the dunk tank function, dropping a minifigure into the water.
- **Customizable Modules:** The stunt modules can be rearranged and combined to create new challenges and stunt sequences.

MAINTENANCE: CARE AND CLEANING

To ensure the longevity and continued enjoyment of your LEGO City Stunt Show Truck, follow these general care guidelines:

- **Cleaning:** LEGO bricks can be cleaned with mild soap and water. Avoid using hot water or harsh chemicals, as these can damage the plastic. Rinse thoroughly and air dry.
- **Storage:** Store the set in a clean, dry place away from direct sunlight and extreme temperatures to prevent discoloration or warping of the bricks.
- **Handling:** While LEGO components are designed for durability, avoid excessive force when

assembling or disassembling to prevent breakage.

All LEGO City components meet strict industry standards for compatibility and durability, ensuring consistent performance over time.

TROUBLESHOOTING

Should you encounter any issues with your LEGO City Stunt Show Truck, consider the following common solutions:

- **Missing Pieces:** If you find any pieces missing from your set, please refer to the LEGO Customer Service website for replacement parts.
- **Difficulty Connecting Bricks:** Ensure that bricks are aligned correctly and apply firm, even pressure. If a brick is consistently difficult to connect, check for any debris or manufacturing imperfections.
- **Stunt Bike Not Functioning:** Ensure the flywheel mechanism is clear of obstructions. Push the bike firmly and consistently to build sufficient momentum before release.
