Sanus Universal Tilting TV Wall Mount Instruction Manual

Model: B09533KXM2

Compatible with 50-86 inch TVs and Amazon Fire TVs

1. INTRODUCTION

This manual provides detailed instructions for the safe and proper installation and operation of your Sanus Universal Tilting TV Wall Mount. Please read all instructions carefully before beginning installation and retain this manual for future reference. This mount is designed to securely hold 50-86 inch televisions, including Amazon Fire TVs.

2. SAFETY INFORMATION

Always prioritize safety during installation. Incorrect installation can result in property damage or personal injury. If you are unsure about any part of the installation process, consult a qualified professional.

- Ensure the mounting surface can support the combined weight of the mount and your television.
- Use appropriate tools and hardware for your specific wall type (wood studs or concrete).
- Do not exceed the maximum weight capacity of 130 lbs (59 kg).
- This product is UL certified, ensuring it meets safety standards.

SAFETY TESTED + UL CERTIFIED

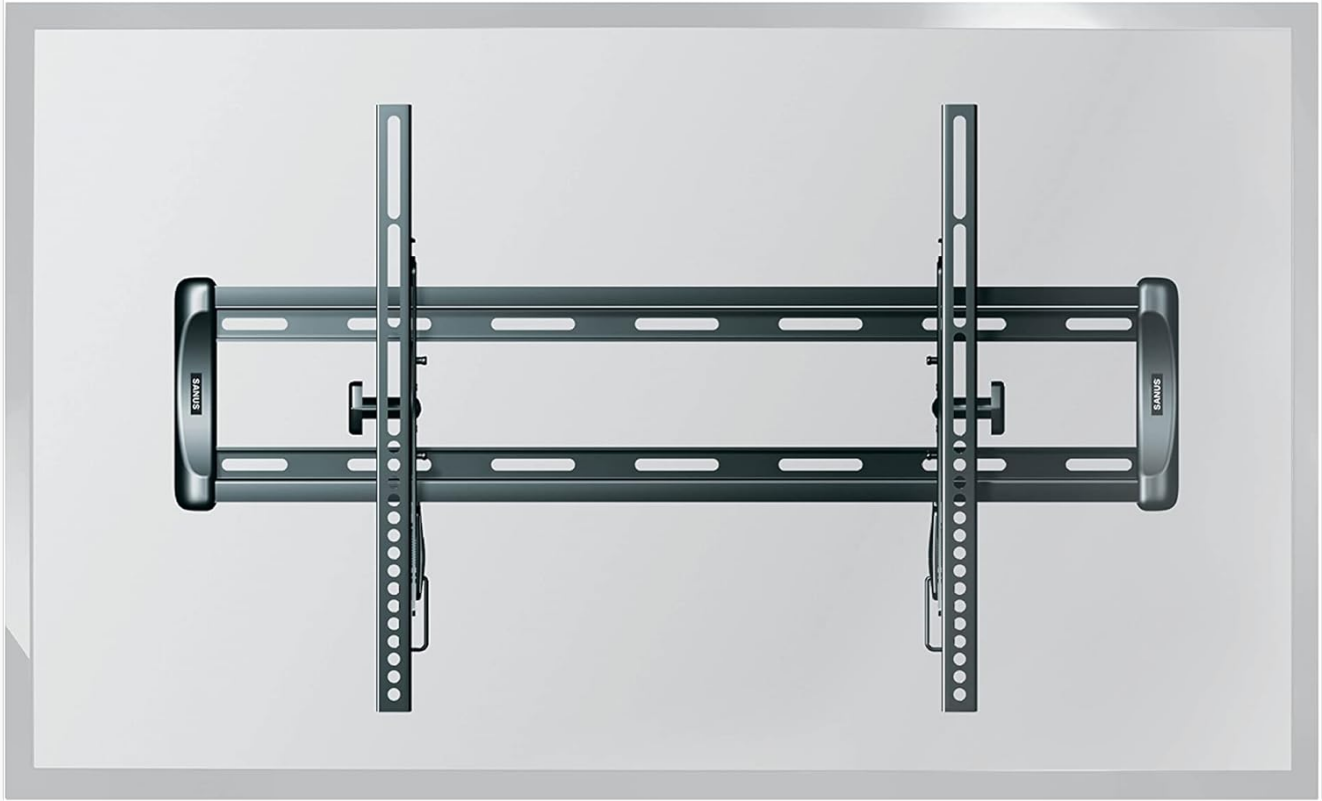

Figure 2.1: The Sanus TV wall mount is Safety Tested and UL Certified.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- TV Wall Mount Assembly
- Mounting Hardware Kit (various screws, washers, spacers)
- Wall Plate Template
- Instruction Manual (this document)

Figure 3.1: Main components of the Sanus Universal Tilting TV Wall Mount.

4. SETUP AND INSTALLATION

The installation process is designed to be completed in three main steps. Ensure you have the necessary tools, such as a drill, stud finder, level, and screwdriver, before you begin.

1. **Prepare the Wall Plate:** Use the included wall template to mark drilling locations. This mount is compatible with wood studs up to 24 inches apart or concrete walls. Drill pilot holes as indicated by the template.
2. **Attach the Wall Plate:** Secure the wall plate to the wall using the provided mounting hardware. Ensure it is level and firmly attached.
3. **Attach TV Brackets and Mount TV:** Attach the vertical TV brackets to the back of your television using the appropriate screws and spacers from the hardware kit. Carefully lift the TV and hook the brackets onto the wall plate.

After hanging the TV, leveling adjustments can be made to ensure the TV is perfectly positioned.

EASILY LEVEL TV AFTER INSTALL

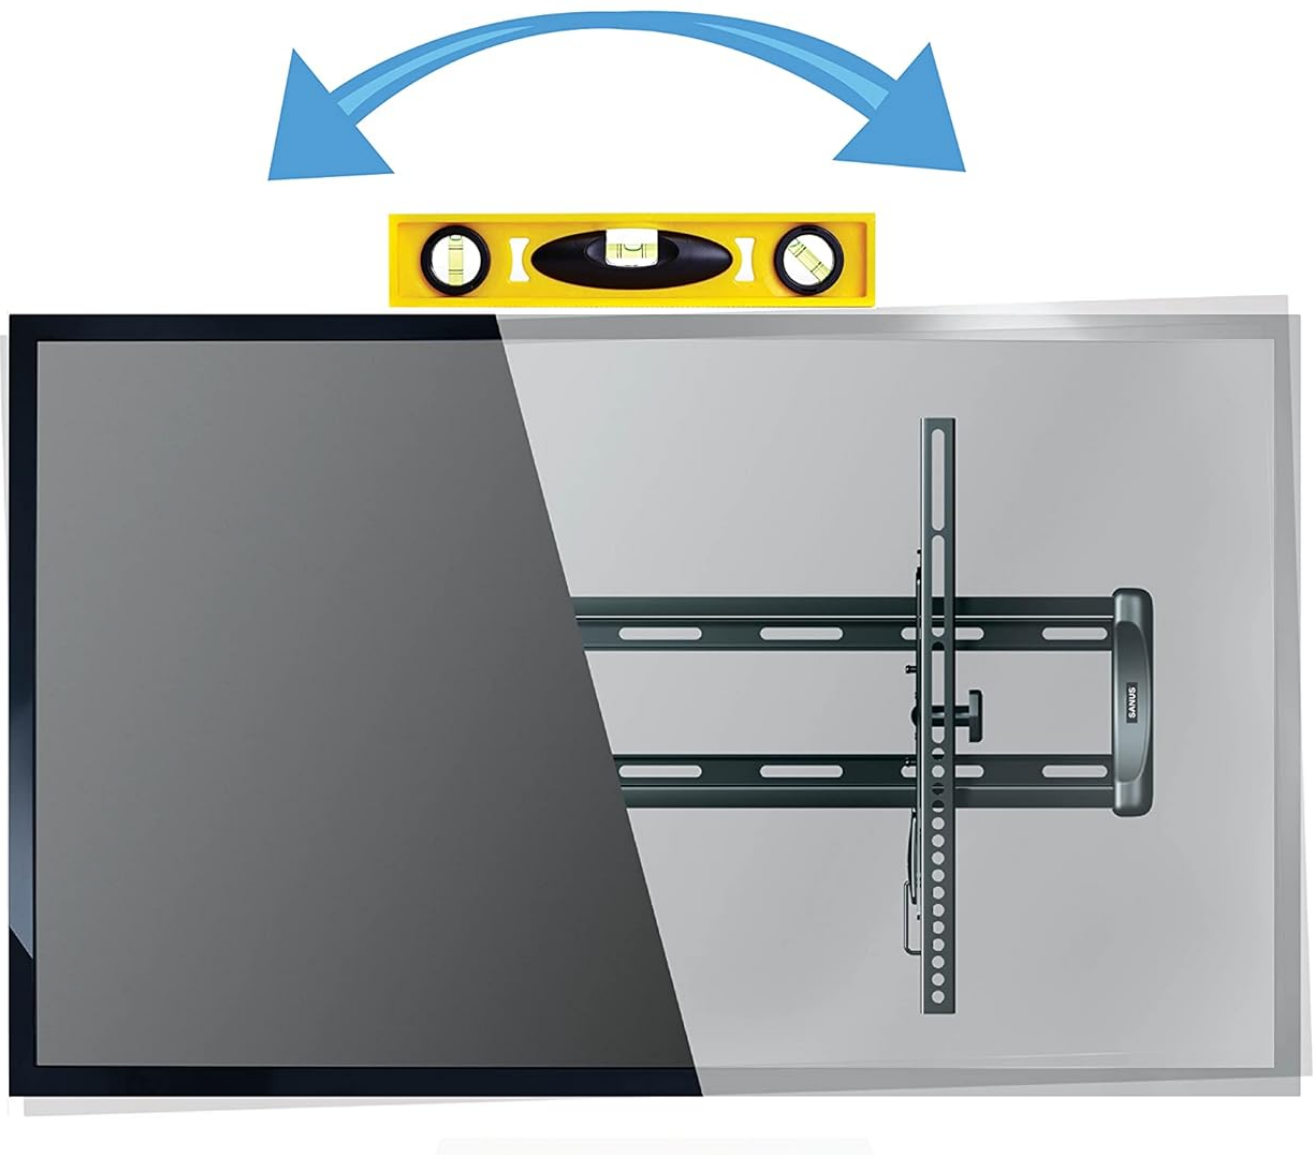

Figure 4.1: Leveling adjustments can be made after the TV is mounted.

The horizontal shift feature allows you to slide the TV along the wall plate to center it perfectly on your wall after installation.

5. OPERATING THE MOUNT

This tilting wall mount offers flexibility for optimal viewing angles and easy access.

- **Tilting Function:** The mount allows for 5 degrees of upward tilt and 10 degrees of downward tilt. This fingertip tilt mechanism helps reduce screen glare and optimize your viewing experience.

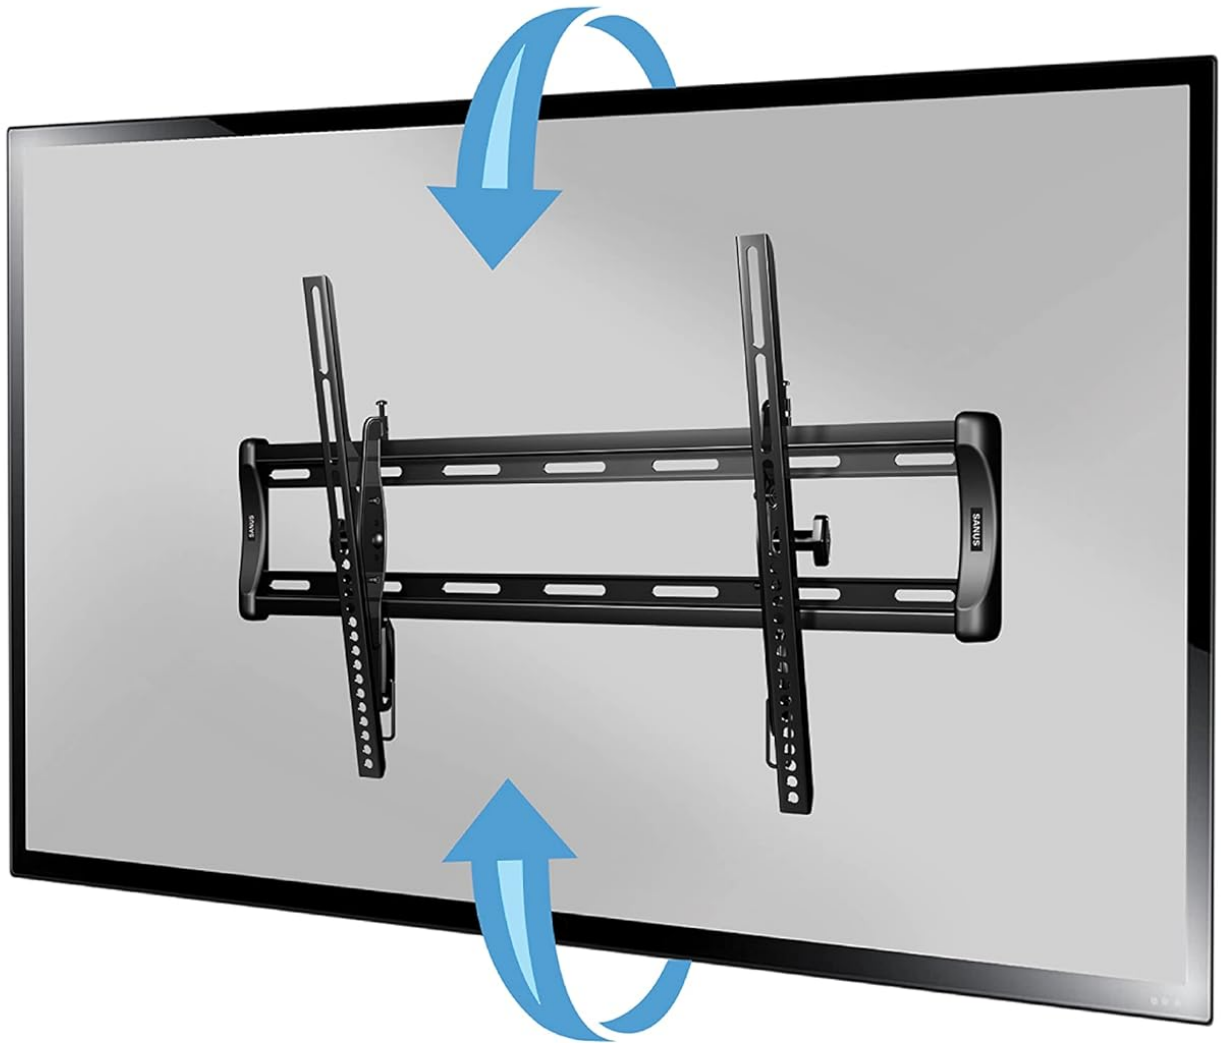

SMOOTH

FINGERTIP TILT

Figure 5.1: Smooth fingertip tilt allows for easy angle adjustments.

TILTS UP 5°

DOWN 10°

FOR TVS 50"-86" UP TO 130 LBS

Figure 5.2: The mount provides 5 degrees of up tilt and 10 degrees of down tilt.

- **Cable Access:** The quick-release mechanism, activated by pulling tabs, makes accessing cables behind the TV simple without needing to fully unmount the television.

Figure 5.3: Pull release tabs for easy cable access.

6. MAINTENANCE

The Sanus Universal Tilting TV Wall Mount requires minimal maintenance. Periodically check the following:

- Ensure all mounting screws and bolts remain tight.

- Inspect the mount for any signs of wear or damage.
- Clean the mount with a soft, dry cloth. Avoid abrasive cleaners.

7. TROUBLESHOOTING

If you encounter issues during or after installation, consider the following:

- **TV not level:** Utilize the leveling adjustments on the mount to correct the angle.
- **Difficulty tilting:** Ensure no cables are obstructing the tilting mechanism.
- **Mount feels unstable:** Re-check all mounting hardware for tightness and ensure the wall surface is appropriate for the weight.

For further assistance, refer to the Support section.

8. SPECIFICATIONS

- **TV Size Compatibility:** 50-86 inches
- **Maximum Weight Capacity:** 130 lbs (59 kg)
- **Tilt Range:** 5 degrees up, 10 degrees down
