## 6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your patio set.

### Cleaning:

- **Cushions:** The soft sponge-filled cushions feature removable, zippered covers. These covers can be easily removed and washed. Refer to the care label on the cushion covers for specific washing instructions.
- **Rattan and Frame:** Wipe the powder-coated steel frame and PE rattan wicker with a damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and drying thoroughly.
- **Glass Tabletop:** The tempered glass-top coffee table is easy to maintain. Simply wipe it with a cloth and a glass cleaner for a streak-free finish.

### General Care:

- To protect the furniture from harsh weather conditions and prolong its lifespan, it is recommended to cover the set when not in use or during inclement weather.
- Store cushions indoors during heavy rain or off-season to prevent mildew and fading.

## 7. TROUBLESHOOTING

If you encounter any issues with your FDW Patio Conversation Set, please refer to the following common solutions:

- **Wobbly Chairs/Table:** Ensure all screws are fully tightened. If the issue persists, loosen all screws slightly, gently rock the furniture to settle it, and then re-tighten all screws evenly.
- **Difficulty Aligning Holes During Assembly:** Do not fully tighten any screws until all components are loosely assembled. This allows for minor adjustments to align all holes correctly.
- **Cushion Discoloration/Mildew:** Ensure cushions are dried thoroughly after rain. For persistent issues, remove covers and wash according to instructions. Consider storing cushions indoors when not in use for extended periods.
