## Larcele KLJM-05

# Larcele KLJM-05 Black and White Cat Micro Building Blocks Instruction Manual

Model: KLJM-05

## 1. INTRODUCTION

---

Thank you for purchasing the Larcele KLJM-05 Black and White Cat Micro Building Blocks set. This intricate model consists of 1390 micro-sized pieces, designed to provide an engaging and rewarding building experience. Due to the very small size of the components, patience and attention to detail are essential for successful assembly. This manual will guide you through the assembly process and provide important information regarding safety and maintenance.

## 2. SAFETY INFORMATION

---

This product contains very small parts which may pose a choking hazard. Please observe the following safety guidelines:

- **Age Recommendation:** The manufacturer recommends this product for ages 3 and up. However, due to the complexity and extremely small size of the pieces, we recommend this set for individuals aged 14 and older.
- **Choking Hazard:** Keep all small parts away from young children and pets.
- **Handling Small Pieces:** We strongly recommend using tweezers (not included with the product) to handle the micro-sized pieces for better precision and to prevent loss.
- **Non-toxic Material:** The blocks are made from non-toxic plastic.

## 3. PACKAGE CONTENTS

Your Larcele KLJM-05 set includes:

- Approximately 1390 plastic micro building blocks.
- One instruction manual (please note that the manual may not be available in all languages, including Japanese).

## 4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Black and White Cat model:

1. **Preparation:** Unpack all pieces and organize them by color or shape if desired. Ensure you have a clean, well-lit workspace. Consider using a tray or mat to prevent small pieces from rolling away.
2. **Layer-by-Layer Construction:** The model is built layer by layer. Attach one layer at a time, carefully identifying the correct fitting points for each piece as indicated in the instruction manual.
3. **Patience is Key:** The initial layers of the model can be the most challenging due to the small size and intricate connections. Take your time and double-check each step. The assembly

process will become significantly easier once the first few layers are securely in place.

4. **Refer to Images:** Constantly refer to the provided images in the instruction manual to ensure correct placement and orientation of the blocks.

## 5. MAINTENANCE

---

To ensure the longevity and appearance of your Larcele Micro Building Blocks model:

- **Cleaning:** Gently wipe the assembled model with a soft, dry cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or material degradation.
- **Handling:** Handle the assembled model with care to avoid accidental disassembly, especially if it is frequently moved.

## 6. TROUBLESHOOTING

---

If you encounter any issues during assembly or with your product, consider the following:

- **Missing Pieces:** Carefully check all packaging materials. If pieces are genuinely missing, please contact Larcele customer support for assistance.
- **Difficulty Assembling:** Re-examine the instruction manual closely. Sometimes a small detail or orientation can be missed. Take a break and return to it with fresh eyes. Ensure you are

using the correct pieces for each step.

- **Loose Connections:** Ensure each block is firmly pressed into place. Micro blocks require a snug fit.

## 7. SPECIFICATIONS

Feature	Detail
Brand	Larcele
Model Number	KLJM-05 (Part Number: Larcele-A0004947-CA6)
Model Name	Black and White Cat
Material	Plastic
