

IKEA 701.548.00

IKEA Variera Pot Lid Organizer User Manual

Model: 701.548.00 | Brand: IKEA

1. INTRODUCTION

Thank you for choosing the IKEA Variera Pot Lid Organizer. This product is designed to help you organize pot lids, plates, or other kitchen items efficiently in your drawers or cabinets. Its adjustable length allows for flexible use in various spaces. Please read this manual carefully before assembly and use to ensure proper function and longevity of your product.

2. SAFETY INFORMATION

- Keep all packaging materials, especially plastic bags, away from children to prevent suffocation hazards.
- Ensure all components are securely assembled before placing items on the organizer.
- Do not overload the organizer. Distribute weight evenly to maintain stability.
- Avoid placing sharp or heavy objects that could damage the organizer or cause injury if they fall.
- This product is intended for indoor use only.

3. PACKAGE CONTENTS

Verify that all parts are present before beginning assembly. This package contains:

- 2 x IKEA Variera Pot Lid Organizers (Stainless Steel)
- Necessary assembly hardware (e.g., screws, adjustable rods)

Image 1: Two IKEA Variera Pot Lid Organizers. Each organizer consists of a base with multiple upright stainless steel rods, designed to hold pot lids or plates. The organizers are shown in an expanded state, demonstrating their adjustable nature.

4. ASSEMBLY INSTRUCTIONS

The IKEA Variera Pot Lid Organizer requires minimal assembly. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure no components are missing or damaged.
2. **Extend the Base:** The organizer comes in a compact form. Gently pull the two ends of the base apart to extend it to your desired length. The base is designed to expand and contract smoothly.
3. **Adjust Rods (if applicable):** The upright rods are typically pre-attached. If any rods need to be inserted or adjusted, ensure they are firmly seated in the designated holes on the base. The design allows for flexible spacing of the rods to accommodate different sizes of pot lids or plates.
4. **Secure Placement:** Once extended and adjusted, place the organizer in your drawer or cabinet. The rubber feet on the bottom of the base help prevent slipping.

No tools are typically required for the standard assembly and adjustment of this product.

5. OPERATING INSTRUCTIONS

Using your Variera Pot Lid Organizer is straightforward:

- **Placement:** Position the organizer inside a kitchen drawer, cabinet, or on a countertop.
- **Adjust Length:** To fit your space or the items you wish to store, gently pull or push the ends of the organizer to adjust its length. It can be adjusted from approximately 5.91 inches (15 cm) to a longer length (exact maximum length depends on the specific model, but it's designed to be expandable).
- **Store Items:** Place pot lids, plates, cutting boards, or baking sheets vertically between the stainless steel rods. Arrange them according to size for optimal organization.
- **Stability:** Ensure the organizer is stable and the items are securely held by the rods before closing drawers or cabinet doors.

6. MAINTENANCE AND CARE

To keep your IKEA Variera Pot Lid Organizer in good condition:

- **Cleaning:** Wipe clean with a soft cloth dampened with water and a mild dish detergent or soap, if necessary.
- **Drying:** Wipe dry with a clean, dry cloth immediately after cleaning to prevent water spots or corrosion on the stainless steel.
- **Avoid Harsh Cleaners:** Do not use abrasive powders, steel wool, or cleaning agents that dissolve grease or acids, as these can damage the stainless steel surface.
- **Regular Inspection:** Periodically check the organizer for any loose parts or signs of wear.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Organizer slides in drawer/cabinet.	Insufficient friction with surface.	Ensure rubber feet are clean. Place a non-slip mat or liner under the organizer.
Items fall over easily.	Rods are too far apart or items are too small/unstable.	Adjust the organizer's length to bring the rods closer together. Ensure items are placed securely between rods.
Difficulty adjusting length.	Mechanism might be stiff or dirty.	Gently clean the sliding parts. Apply minimal force; it should slide smoothly.

8. SPECIFICATIONS

- **Product Name:** Variera Pot Lid Organizer
- **Model Number:** 701.548.00
- **Brand:** IKEA
- **Material:** Stainless Steel
- **Color:** Silver
