

LuFun LuFun Modern LED Ceiling Light

LuFun Modern LED Ceiling Light User Manual

Model: LuFun Modern LED Ceiling Light

Brand: LuFun

1. INTRODUCTION

This user manual provides detailed instructions for the installation, operation, and maintenance of your LuFun Modern LED Ceiling Light. Please read this manual thoroughly before installation and retain it for future reference. This product is designed to provide efficient and eye-friendly illumination for various indoor spaces.

2. SAFETY INFORMATION

- Always turn off the power at the circuit breaker before beginning installation or performing any maintenance.
- Installation should be performed by a qualified electrician or a person with sufficient knowledge of electrical wiring.
- Ensure the voltage supply matches the product's requirements (110V AC).
- Do not attempt to modify the light fixture. Any modifications may void the warranty and pose a safety risk.
- Keep the product away from water and moisture. This product is designed for indoor use only and is not water resistant.
- Handle with care to avoid damage to the LED components or the fixture itself.

3. PACKAGE CONTENTS

Please check the package to ensure all components are present and undamaged:

- LuFun Modern LED Ceiling Light Fixture(s) (Quantity as per purchase, e.g., 2 Packs)

- Mounting Hardware (screws, wire nuts, etc.)
- User Manual (this document)

4. SPECIFICATIONS

Feature	Detail
Model	LuFun Modern LED Ceiling Light
Power	30W
Voltage	110V AC
Color Temperature	6500K Cool White (Non-dimmable)
Brightness	2400 Lumens
Dimensions	Ø11.8" x 1.97" (Ø30cm x 5cm)
Material	Iron, Wood, Acrylic (Shade)
Lifespan	>30,000 hours
CRI (Color Rendering Index)	>80Ra
Installation Type	Flush Mount
Control Method	Wall Switch (On/Off)

5. INSTALLATION INSTRUCTIONS

Follow these steps for safe and proper installation:

1. **Preparation:** Before starting, ensure the power supply to the installation area is turned off at the circuit breaker. Gather all necessary tools (screwdriver, wire strippers, etc.).
2. **Mounting Bracket Installation:** Attach the mounting bracket to the ceiling junction box using the provided screws. Ensure it is securely fastened.
3. **Wiring Connection:** Carefully connect the household electrical wires to the light fixture's wires. Typically, connect the live wire (black or red) to the live wire of the fixture, the neutral wire (white) to the neutral wire of the fixture, and the ground wire (green or bare copper) to the ground wire of the fixture. Use wire nuts to secure connections.
4. **Fixture Attachment:** Carefully align the light fixture with the mounting bracket and secure it in place with the provided screws. Ensure the fixture is flush with the ceiling and stable.
5. **Power Restoration:** Once the fixture is securely installed and all connections are checked, restore power at the circuit breaker.
6. **Test:** Turn on the wall switch to test the light fixture.

Image 5.1: The light fixture is designed for use with a standard ON/OFF wall switch and is not compatible with dimmer switches.

6. OPERATING INSTRUCTIONS

The LuFun Modern LED Ceiling Light is designed for simple operation:

- **Turning On/Off:** Use a standard wall switch connected to the light fixture to turn it on or off.
- **Brightness:** This fixture provides a fixed 6500K cool white light at 2400 lumens and is not dimmable.
- **Eye Protection:** The high-quality acrylic lampshade ensures soft, uniform light distribution, reducing glare and eye strain.

SHOW DETAILS

- 👁️ Protect eyes
- 💡 Energy saving
- 💡 LED chip

Use high-quality moisture-proof rubber solid wood, moisture-proof and no deformation, the top acrylic is illuminated as a whole, and the 360°light is uniform

Soft light

No flicker

LED chip

7. MAINTENANCE

To ensure the longevity and optimal performance of your LED ceiling light, follow these maintenance guidelines:

- **Cleaning:** Before cleaning, ensure the power is turned off. Use a soft, dry cloth to wipe the surface of the fixture. For stubborn dirt, a slightly damp cloth can be used, but avoid abrasive cleaners or solvents.
- **No Bulb Replacement:** This fixture uses integrated LED chips, meaning there are no bulbs to replace.
- **Regular Inspection:** Periodically check the fixture for any loose connections or signs of wear. If any issues are found, consult a qualified electrician.

8. TROUBLESHOOTING

If you encounter any issues with your LuFun Modern LED Ceiling Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Light does not turn on.	No power supply; Loose wiring; Faulty switch.	Check circuit breaker; Ensure all wires are securely connected; Test the wall switch.
Light flickers.	Loose wiring; Incompatible dimmer switch (if used).	Check wiring connections; Ensure a standard ON/OFF switch is used, not a dimmer.
Light is too dim.	Incorrect voltage; Product not designed for dimming.	Verify voltage supply (110V); This model is not dimmable.

If the problem persists after trying these solutions, please contact customer support.

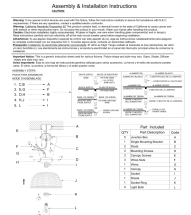

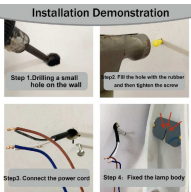

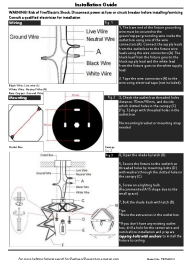

9. WARRANTY AND SUPPORT

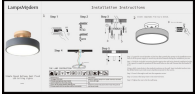

LuFun products are manufactured with high-quality materials and craftsmanship. While specific warranty details are not provided in this manual, please refer to your purchase documentation or contact the seller for information regarding warranty coverage and customer support.

For technical assistance or inquiries, please reach out to the seller or manufacturer through the platform where the product was purchased.
