# VOSS Premium Still Water User Manual

*Model: 16.9 Fl Oz (Pack of 12) VOSS STILL*

## 1. INTRODUCTION

---

Welcome to the VOSS Premium Still Water user manual. VOSS water is renowned for its pure, natural taste and iconic bottle design. This manual provides essential information for the optimal enjoyment and care of your VOSS water bottles.

### Key Features:

- **Iconic Design:** Globally recognized bottle design, now available in high-grade PET plastic.
- **Pure Natural Taste:** Sourced deep underground and naturally filtered through layers of rock, ensuring a crisp and clean taste with low mineral content.
- **BPA-Free & Recyclable:** Made from high-grade PET plastic, ensuring safety and environmental responsibility.
- **Convenient 12-Pack:** Ideal for home, office, sports, and on-the-go hydration.

## 2. SETUP AND PREPARATION

---

VOSS Premium Still Water is ready for consumption directly from the bottle. For optimal enjoyment, consider the following:

1. **Unboxing:** Carefully open the outer packaging to access the individual bottles.
2. **Chilling:** For a refreshing experience, refrigerate bottles for at least 2 hours before consumption.
3. **Inspection:** Before opening, visually inspect the bottle for any signs of damage or tampering. Ensure the cap is securely sealed.

### 3. OPERATING INSTRUCTIONS (CONSUMPTION)

---

Using your VOSS water bottle is straightforward:

1. **Open the Cap:** Twist the cap counter-clockwise to break the seal and open the bottle.
2. **Enjoy:** Drink directly from the bottle. The wide mouth is also suitable for adding fruit infusions if desired.
3. **Reseal:** To maintain freshness, twist the cap clockwise until securely closed after each use.

## 4. MAINTENANCE AND CARE

While VOSS water bottles are designed for single-use convenience, their durable PET construction allows for responsible reuse. Follow these guidelines for maintenance:

- **Cleaning for Reuse:** If reusing the bottle, wash thoroughly with warm water and mild soap. Rinse completely and air dry.
- **Storage:** Store unopened bottles in a cool, dry place away from direct sunlight and strong odors.
- **Recycling:** Once the bottle reaches the end of its useful life, please recycle it according to local guidelines. The bottles are made from high-grade PET plastic and are recyclable.

### Creative Reuse Idea: DIY Sensory Bottle

The sturdy VOSS PET bottles are excellent for creative projects, such as DIY sensory bottles. This can be a fun and engaging activity, giving your empty bottles a new purpose.

## 5. TROUBLESHOOTING

VOSS water is produced under strict quality controls. However, if you encounter any issues, please refer to the following:

- **Unusual Taste/Odor:** While rare, if the water has an unusual taste or odor, it may be due to improper storage (e.g., exposure to extreme temperatures or strong scents). Discard the bottle and ensure future storage is in a cool, dry, odor-free environment.
- **Leaking Bottle:** If a bottle is leaking upon arrival, do not consume the contents. This indicates a compromised seal.
- **Damaged Packaging:** If the outer packaging or individual bottles are significantly damaged, inspect all contents carefully.

For any quality concerns, please contact VOSS customer support (see Section 7).
