## PACKAGE CONTENTS

---

Verify that all items are present in the package:

- XINMENG T60-01 Mechanical Gaming Keyboard
- USB Type-C Cable
- English User Manual
- Keycap Puller
- Gaming Mouse Pad

## SETUP INSTRUCTIONS

---

Follow these steps to set up your XINMENG T60-01 keyboard:

1. **Unpack the Keyboard:** Carefully remove the keyboard and all accessories from the packaging.

2. **Connect the USB Cable:** Insert the Type-C end of the provided USB cable into the port on the keyboard. Connect the standard USB-A end to an available USB port on your computer (PC or Mac).
3. **System Recognition:** Your operating system (Windows 7/8/10/Vista/XP or macOS) should automatically detect and install the necessary drivers. No additional software installation is typically required.
4. **Placement:** Position the keyboard comfortably on your desk. The compact 60% design provides ample space for mouse movement.

## OPERATING INSTRUCTIONS

---

### Basic Operation

The XINMENG T60-01 is a plug-and-play device. Once connected, it is ready for use. The keyboard features 62 keys with full-key anti-ghosting, ensuring all key presses are registered accurately, even during rapid, simultaneous inputs.

### RGB Backlight Control

The keyboard offers 20 distinct RGB backlight effects. Use the Function (Fn) key in combination with other keys to control the lighting:

- **Fn + { / [**: Increase backlight brightness (5 levels).
- **Fn + } / ]**: Decrease backlight brightness (5 levels).
- **Fn + ; / ::** Increase backlight speed.
- **Fn + ' / "**: Decrease backlight speed.
- **Fn + \ |**: Cycle through 20 different backlight modes.

### Multimedia Shortcut Keys

Access various multimedia functions by pressing the Fn key in combination with the designated keys:

Key Combination	Function
Fn + A	Silent
Fn + S	Previous Song
Fn + D	Next Song
Fn + F	Play/Pause
Fn + G	Stop
Fn + H	Volume -
Fn + J	Volume +
Fn + K	Home
Fn + L	My Computer

Key Combination	Function
Fn + Q	Multimedia Player
Fn + W	Mail
Fn + E	Search
Fn + R	Calculator

## MAINTENANCE

---

To ensure the longevity and optimal performance of your keyboard, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the keyboard with a soft, dry cloth. For deeper cleaning, use the provided keycap puller to remove keycaps and clean dust or debris from underneath. A can of compressed air can also be used.
- **Spill Resistance:** The keyboard features a spill-resistant design, offering protection against accidental liquid spills. In case of a spill, immediately disconnect the keyboard from your computer, wipe off any liquid, and allow it to dry completely before reconnecting. *Note: Spill-resistant does not mean waterproof; avoid submerging the keyboard in liquid.*
- **Storage:** When not in use, store the keyboard in a clean, dry environment away from extreme temperatures and direct sunlight.

## TROUBLESHOOTING

If you encounter issues with your XINMENG T60-01 keyboard, refer to the following common problems and solutions:

- **Keyboard Not Responding:**
  - Ensure the USB Type-C cable is securely connected to both the keyboard and your computer.
  - Try connecting the keyboard to a different USB port on your computer.
  - Test the keyboard on another computer to determine if the issue is with the keyboard or the computer's USB port/drivers.
- **Backlight Not Working or Incorrect:**
  - Check if the backlight brightness is set to the lowest level (Fn + } / ). Increase brightness using Fn + { / [.
  - Cycle through backlight modes using Fn + \ | to see if the desired effect appears.
  - Ensure the keyboard is properly powered via the USB connection.
- **Keys Not Registering:**

- Clean around and under the affected keycaps using the keycap puller and compressed air to remove any debris.
- Ensure the keyboard is connected directly to the computer and not through a faulty USB hub.

If these steps do not resolve the issue, please contact XINMENG customer support for further assistance.
