Logitech for Creators 961-000500

Logitech for Creators Mevo Start 3-Pack Wireless Live Streaming Cameras

MODEL: 961-000500

Introduction

The Logitech for Creators Mevo Start 3-Pack Wireless Live Streaming Cameras offer a versatile solution for multi-camera HD video streaming. Designed for ease of use and portability, these cameras allow you to capture and stream high-quality content from various angles directly via Wi-Fi or smartphone control. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Mevo Start cameras.

What's in the Box

- 3 Mevo Start cameras
- 3 USB C-A cables
- Microfiber lens cloth
- Quick start guide

IN THE BOX: 3X CAMERA, LENS CLOTH, QUICK START GUIDE, 3X 2M (6.5FT) USB C TO A CABLE

The Mevo Start 3-Pack includes three cameras, USB-C to USB-A cables, a microfiber lens cloth, and a quick start guide.

Product Features

The Mevo Start cameras are engineered with features to enhance your live streaming experience:

- **Multi-Camera Ready:** Sync up to three Mevo Start devices for HD multi-camera streaming, right out of the box.
- **Stunning HD Quality:** Live stream and record in crisp, detailed 1080p resolution.
- **Stream Anywhere:** Stream live from anywhere using Wi-Fi, eliminating the need for cables.
- **Intelligent App Control:** The Mevo Multicam App wirelessly controls your cameras, offering features like Auto-Director for compelling content creation.

Multiple Mevo Start cameras can be synced for dynamic multi-angle streaming.

The Mevo Start delivers stunning 1080p HD video quality for clear and detailed imaging.

With Wi-Fi connectivity, Mevo Start cameras allow you to stream live from any location without the need for cables.

Control all your Mevo Start cameras wirelessly using the intuitive Mevo Multicam App on your smartphone.

Mevo Start cameras are built for extended streaming sessions, featuring a built-in battery and options for continuous power.

ADVANCED ONBOARD SOUND

Capture clear audio with the camera's built-in microphone or connect external sound sources via the 3.5mm TRS audio input for advanced setups.

BUILT FOR LONG STREAMS

Enhance your live stream with full-screen graphics, lower thirds, or corner bugs using the Mevo Multicam App.

Stream directly to popular platforms such as YouTube, Twitch, and Facebook with just a few taps.

Setup

1. **Charge the Cameras:** Before first use, fully charge each Mevo Start camera using the provided USB C-A cables. Connect the USB-C end to the camera and the USB-A end to a compatible power adapter (not included). The LED indicators on the back will show charging status.
2. **Download the Mevo Multicam App:** Install the Mevo Multicam App on your smartphone or tablet. This app is essential for controlling your cameras and managing your live streams.
3. **Power On:** Press and hold the power button on the back of each camera for 3 seconds to turn it on.
4. **Connect to App:** Open the Mevo Multicam App and follow the on-screen instructions to connect your cameras via Wi-Fi. Ensure all cameras are within range of your Wi-Fi network or directly connected to your control device's hotspot.
5. **Mounting:** Each Mevo Start camera features a standard 1/4" screw thread on the bottom, allowing for versatile mounting on tripods, stands, or other compatible accessories.

Operating

1. **Multi-Camera Control:** Within the Mevo Multicam App, you can view feeds from all connected cameras simultaneously. Tap on a camera feed to make it the live output.
2. **Zoom and Pan:** Use pinch-to-zoom gestures on the app to digitally zoom in and out, and drag to pan across the camera's field of view.
3. **Audio Management:** The cameras have built-in microphones. You can also connect an external microphone via the 3.5mm TRS audio input. The app allows you to mix audio levels from different cameras and external sources.
4. **Adding Graphics:** The Mevo Multicam App enables you to add various graphics, such as lower thirds, full-screen overlays, and logos, to your live stream.

- 5. **Recording:** You can record your entire live stream directly to your control device or to a microSD card inserted into each camera.
- 6. **Live Streaming:** Select your desired streaming platform (e.g., YouTube, Facebook, Twitch) within the app, configure your stream settings, and go live.

Watch how the Mevo Multicam App allows seamless switching between multiple cameras and dynamic shot adjustments during a live cooking demonstration.

Learn how Mevo cameras can be used to livestream engaging events, demonstrating their versatility and ease of setup for dynamic content creation.

Maintenance

- **Lens Cleaning:** Use the provided microfiber lens cloth to gently clean the camera lens. Avoid abrasive materials or harsh chemicals.
- **Battery Care:** For optimal battery life, avoid fully discharging the cameras frequently. Store cameras with a partial charge if not in use for extended periods.
- **Storage:** Store cameras in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

- **Connectivity Issues:** Ensure your cameras and control device are connected to the same Wi-Fi network. Check Wi-Fi signal strength. If issues persist, try restarting the cameras and the app.
- **Short Battery Life:** The Mevo Start has a built-in battery life of up to six hours. For longer streams, connect the cameras to a power source via the USB-C port.
- **Poor Image/Audio Quality:** Ensure good lighting conditions. Check microphone connections and audio levels in the app. Verify your internet upload speed meets the requirements for your chosen streaming resolution.

Specifications

Feature	Detail
Product Dimensions	3.42 x 1.33 x 2.97 inches
Item Weight	8.2 ounces
Item Model Number	961-000500
