## M MCombo 1000D

# M MCombo 1000D Natural Wood Garden Storage Cabinet Instruction Manual

Model: 1000D

## 1. INTRODUCTION

---

Thank you for choosing the M MCombo 1000D Natural Wood Garden Storage Cabinet. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new garden cabinet. Please read these instructions carefully before beginning assembly and retain them for future reference.

This garden cabinet is designed to offer generous and secure storage for your garden tools and accessories, featuring a durable wood construction and weather-resistant properties.

## 2. SAFETY INFORMATION

---

Please adhere to the following safety guidelines to prevent injury or damage to the product:

- Exercise caution when handling heavy tools during assembly.
- Always secure the cabinet to the ground or a wall using the provided anti-tip fasteners to prevent tipping.
- Ensure all screws and fasteners are tightened securely before use.
- Do not overload shelves beyond the specified weight capacity of 40 kg per shelf.
- Keep children and pets away from the assembly area.
- Inspect the cabinet periodically for any signs of wear or damage. Address any issues promptly.

## 3. PRODUCT OVERVIEW

---

The M MCombo 1000D Garden Storage Cabinet is designed for outdoor use, offering practical storage solutions with robust construction and weather protection.

### Key Features:

- **Generous Storage Space:** Equipped with two adjustable intermediate shelves, providing ample room for various garden tools and utensils. Each shelf supports up to 40 kg.
- **Stable Wood Construction:** Made from high-quality, FSC-certified fir wood for durability and long-term outdoor use.
- **Weather Protection:** Features a sloped asphalt roof for rain protection, making the cabinet weather-resistant, rain-resistant, and UV-light resistant.
- **Stability and Moisture Protection:** A raised base prevents ground water entry. Wooden feet with ground anchors and anti-slip rubber pads enhance stability and protect against moisture.
- **Removable Shelves:** Shelves can be adjusted to different heights or removed to customize storage space.
- **Anti-Tip Fasteners:** Includes hardware to secure the cabinet, preventing accidental tipping.
- **Secure Doors:** Double doors feature 6 flexible hinges, 4 magnetic latches (top and bottom), two metal handles, and a lockable galvanized, rust-resistant door bolt for smooth operation and security.

## 5. PACKAGE CONTENTS

The M MCombo 1000D Garden Storage Cabinet is delivered unassembled in two packages. Please verify that all components are present and undamaged before beginning assembly. Refer to the included parts list in your package for detailed identification.

### Typical Components Include:

- Wooden panels for walls, doors, roof, and base
- Adjustable shelves
- Asphalt roofing material
- Hinges, magnetic latches, door bolt, and handles
- Ground anchors and anti-slip pads
- All necessary screws and fasteners
- Assembly instructions

## 6. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the M MCombo 1000D Garden Storage Cabinet requires basic tools and is best performed by two people. All parts are numbered for easy identification.

### Recommended Tools:

- Electric drill (for faster assembly)
- Screwdriver (Phillips head)
- Hammer (for ground anchors)
- Measuring tape

### Assembly Steps:

1. **Unpack and Verify:** Carefully unpack all components and compare them against the parts list provided in your package. Ensure no parts are missing or damaged.
2. **Assemble Base:** Construct the base frame, ensuring the raised feet and anti-slip pads are correctly positioned.
3. **Attach Side Panels:** Securely attach the side panels to the base.
4. **Install Back Panel:** Fasten the back panel to the assembled sides and base.
5. **Assemble Roof:** Construct the pitched roof frame and attach the asphalt roofing material. Secure the roof to the top of the cabinet.
6. **Install Doors:** Attach the double doors using the provided hinges. Ensure they open and close smoothly. Install the magnetic latches, metal handles, and the lockable door bolt.
7. **Insert Shelves:** Place the adjustable shelves at your desired heights. These can be removed or repositioned as needed.
8. **Secure Cabinet:** Position the cabinet in its final location. Use the provided ground anchors to secure the cabinet to the ground or a suitable wall to prevent tipping.

## 7. OPERATION

Operating your M MCombo garden cabinet is straightforward. Follow these guidelines for optimal use:

- **Opening/Closing Doors:** Use the metal handles to open and close the double doors. The magnetic latches will help keep the doors securely shut. For added security, engage the lockable door bolt.
- **Adjusting Shelves:** To adjust shelf height or remove a shelf, carefully lift it from its supports and reposition it to the desired slot or remove it completely. Ensure shelves are level and securely seated before placing items on them.
- **Storage:** Store garden tools, gardening supplies, and other outdoor items. Distribute weight evenly on shelves and avoid exceeding the 40 kg per shelf limit.
- **Ventilation:** While the cabinet is weather-resistant, ensure adequate air circulation around it to prevent moisture buildup inside, especially in humid conditions.

## 8. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your M MCombo garden cabinet:

- **Cleaning:** Clean the exterior wood surfaces with a soft cloth and mild soap solution. Avoid abrasive cleaners. Rinse with clean water and dry thoroughly.
- **Wood Treatment:** Although made from durable fir wood, applying a wood sealant or stain annually can further protect the wood from weathering and UV damage, enhancing its longevity and appearance.
- **Hardware Inspection:** Periodically check all hinges, latches, and fasteners for tightness. Tighten any loose screws to maintain structural integrity and door function.
- **Roof Inspection:** Inspect the asphalt roof for any cracks or damage, especially after severe weather. Repair as needed to maintain its waterproof properties.
- **Moisture Management:** Ensure the area around the cabinet's base remains clear of debris to allow for proper drainage and prevent prolonged contact with standing water.

## 9. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your garden cabinet.

### Common Issues and Solutions:

- **Doors do not close properly:**
  - Check if the cabinet is level. Adjust the ground anchors or place shims under the feet if necessary.
  - Inspect hinges for damage or looseness. Tighten or replace as needed.
  - Ensure nothing inside the cabinet is obstructing the doors.
- **Water leakage inside the cabinet:**
  - Inspect the asphalt roof for any damage or gaps. Apply a suitable sealant if necessary.
  - Check the seals around the doors.
  - Ensure the cabinet is not sitting in standing water; verify the raised base and ground anchors are functioning correctly.
- **Cabinet feels unstable:**
  - Verify that the cabinet is securely anchored to the ground or a wall using the provided fasteners.
  - Ensure all assembly screws are tightened.
  - Check if the ground surface is even.

## 10. WARRANTY AND SUPPORT

---

For warranty information or technical support, please refer to the documentation included with your purchase or contact M MCombo customer service directly. Keep your proof of purchase for any warranty claims.
