## Westclox 71051

# Westclox 71051 Sunrise Alarm Clock User Manual

Model: 71051

## 1. INTRODUCTION

The Westclox 71051 Sunrise Alarm Clock is designed to enhance your sleep and wake-up experience. This clock features a simulated natural sunrise to gently wake you, a restful sunset simulator to help you fall asleep, and a dimmable nightlight. It is easy to set and operate, providing a refreshing start to your day.

## 2. KEY FEATURES

- **Sunrise Simulation:** Gradually brightens to simulate a natural sunrise, promoting a gentle wake-up.
- **Sunset Simulation:** Gradually dims to simulate a natural sunset, aiding in relaxation and sleep.
- **Dimmable Nightlight:** Provides a soft glow for nighttime use, adjustable for comfort.
- **Ascending Audible Alarm:** Gently increases in volume after the light alarm, ensuring you wake up.
- **Large 0.6" Red Digital LED Display:** Clear and easy to read time display, day or night.
- **Electric Operated with Battery Backup:** Ensures time and alarm settings are maintained during power outages (requires 2 AAA batteries, not included).
- **Easy to Use Controls:** Simple buttons for setting time, alarm, and other functions.
- **Snooze Function:** Allows for extra minutes of sleep.

## 3. SETUP

### 3.1 Power Connection

Connect the alarm clock to a standard electrical outlet using the provided power cord. The clock is primarily electric operated.

### 3.2 Battery Backup Installation

For uninterrupted operation during power outages, install 2 AAA batteries (not included) into the battery compartment located on the underside of the unit. This will preserve your time and alarm settings.

## **ELECTRIC OPERATED WITH BATTERY BACKUP**

say goodbye to oversleeping during power outages

The battery backup is optional and requires  
2 AAA battery (not included)

## 4. OPERATING INSTRUCTIONS

Figure 3: Rear Controls Overview

#### 4.1 Setting the Time

1. Press and hold the **TIME** button located on the back of the clock.
2. While holding **TIME**, press the **HOUR** button to adjust the hour.
3. While holding **TIME**, press the **MINUTE** button to adjust the minute.
4. Release the **TIME** button once the desired time is set.

#### 4.2 Setting the Alarm

1. Press and hold the **ALARM** button located on the back of the clock.
2. While holding **ALARM**, press the **HOUR** button to adjust the alarm hour.
3. While holding **ALARM**, press the **MINUTE** button to adjust the alarm minute.
4. Release the **ALARM** button once the desired alarm time is set.

#### 4.3 Activating/Deactivating the Alarm

Press the **ALARM ON/OFF** button to toggle the alarm function. An indicator light on the display will show if the alarm

is active.

#### 4.4 Sunrise Simulation

The sunrise simulation feature will gradually brighten the light before your set alarm time, mimicking a natural sunrise. This helps to gently prepare your body for waking.

## SUNRISE ALARM

WAKEUP NATURALLY TO A SUNRISE LIGHTED ALARM.

Pleasant ascending audible alarm shortly after the sunrise light alarm  
(In case the sunrise light does not wake you)

Figure 4: Sunrise Light Feature

#### 4.5 Sunset Simulation / Nightlight

To activate the sunset simulation or use the dimmable nightlight:

1. Press and hold the **SUNSET** button.
2. While holding **SUNSET**, press the **MINUTE** or **HOUR** buttons to set the duration of the sunset simulation.
3. The light will gradually dim over the set period, helping you relax and fall asleep.

- To use as a static nightlight, simply press the **SUNSET** button briefly to turn the light on/off. The brightness can be adjusted by holding the button.

## 4.6 Snooze Function

When the alarm sounds, press the large **SNOOZE** button (typically located on top) to temporarily silence the alarm and get a few extra minutes of sleep. The alarm will sound again after the snooze period.

Figure 6: Snooze Button

#### 4.7 Display Dimmer

The digital LED time display can be adjusted to be dim or bright according to your preference. Refer to the product's specific controls for dimmer adjustment, usually a dedicated button or a combination of buttons.

### 5. MAINTENANCE

- **Cleaning:** Wipe the clock with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Battery Replacement:** Replace AAA batteries in the backup compartment annually or when the display shows signs of dimming during power outages.
- **Storage:** If storing the clock for an extended period, remove the backup batteries to prevent leakage.

### 6. TROUBLESHOOTING

- **Clock Not Working/Display Blinking:** Ensure the power cord is securely plugged into a working electrical outlet. If using battery backup, check if batteries are correctly installed and not depleted.
- **Alarm Not Sounding:** Verify that the alarm is activated using the ALARM ON/OFF button. Check the alarm time setting.
- **Light Not Bright Enough:** The sunrise simulation gradually increases brightness. If the nightlight is too dim, adjust the dimmer setting. Note that the light intensity is designed for a gentle wake-up, not as a primary room light source.
- **Humming Noise:** If you experience an unusual humming sound, try plugging the clock into a different outlet. If the issue persists, contact customer support.

### 7. SPECIFICATIONS

Feature	Detail
---------	--------

Brand	Westclox
Model Number	71051
Color	Red
Display Type	Digital
Special Feature	Small, Sound Machine
Product Dimensions	5"W x 5.1"H
Power Source	Battery Powered, Electrical
Room Type	Bedroom
Shape	Round
Indoor/Outdoor Usage	Indoor
Frame Material	Plastic
Are Batteries Included	No
Mounting Type	Tabletop
Alarm Clock	Yes
Warranty Type	Limited
Operation Mode	Electrical
Clock Form	Sunrise
Connectivity Technology	USB
Item Weight	10.2 ounces
Manufacturer	Nyl Holdings llc
Date First Available	May 21, 2021
