MOFII 4056

MOFii Wireless Keyboard and Mouse Combo Instruction Manual

Model: 4056

INTRODUCTION

This manual provides detailed instructions for the MOFii 2.4GHz Wireless Keyboard and Mouse Combo, Model 4056. Please read this manual carefully before using the product to ensure proper operation and longevity.

PACKAGE CONTENTS

- MOFii Wireless Keyboard
- MOFii Wireless Mouse
- 2.4GHz USB Nano Receiver
- User Manual (this document)

SETUP INSTRUCTIONS

1. Install Batteries:

- Open the battery compartment on the underside of the keyboard and mouse.
- Insert the required batteries.
- Ensure correct polarity (+/-).
- Close the battery compartment.

2. Connect USB Receiver:

- Locate the 2.4GHz USB Nano Receiver. It is often stored within the mouse's battery compartment.
- Plug the USB receiver into an available USB port on your computer, laptop, or smart TV.
- The system should automatically detect and install the necessary drivers.

3. Power On:

- Turn on the keyboard and mouse using their respective power switches (if available).

- The devices should connect automatically to the receiver.

OPERATING INSTRUCTIONS

General Usage

The keyboard features a full-size layout with colorful round keys, designed for comfortable typing. The mouse is ergonomically shaped for ease of use.

Hotkey Functions

The keyboard includes 13 hotkey functions for quick access to various features. Refer to the keycap legends for specific functions (e.g., media control, volume adjustment, web browser access).

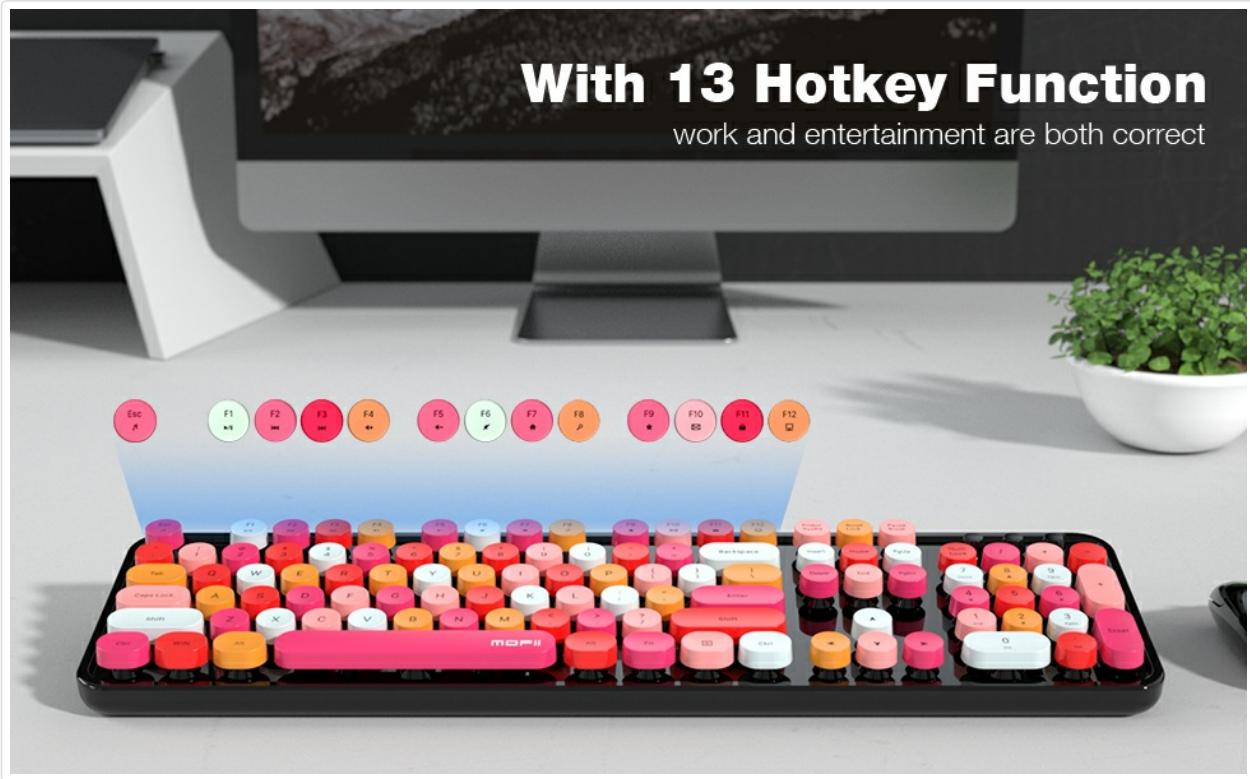

Image: The MOFii keyboard highlighting its 13 hotkey functions, designed to enhance productivity and entertainment.

Auto Power Saving

To conserve battery life, both the keyboard and mouse will automatically enter sleep mode after 5 minutes of inactivity. To wake them up, simply press any key on the keyboard or move the mouse.

Intelligent Auto-Sleep

Enter sleeping automatically while not using, save battery life and reduce battery replacement

MAINTENANCE

Cleaning the Keyboard

The keyboard features detachable keycaps for easy cleaning. A brush is included to help remove dust and debris from between the keys.

- Gently pull up the keycaps to remove them.
- Use the provided brush or a soft, dry cloth to clean the keyboard base and keycaps.
- Ensure all parts are dry before reattaching the keycaps.

TROUBLESHOOTING

- **No Connection/Lag:**
 - Ensure the USB receiver is securely plugged into a working USB port.
 - Check if the keyboard and mouse have fresh batteries and are powered on.
 - Move the devices closer to the USB receiver to ensure they are within the 10m/33ft operating range.
 - Try plugging the USB receiver into a different USB port.
- **Keys Not Responding:**
 - Check battery levels and replace if necessary.
 - Ensure the keyboard is not in sleep mode (press any key to wake).
 - Re-pair the keyboard by unplugging and re-plugging the USB receiver.
- **Mouse Not Responding:**
 - Check battery levels and replace if necessary.

- Ensure the mouse is not in sleep mode (move the mouse to wake).
- Verify the optical sensor on the bottom of the mouse is clean and unobstructed.
- Re-pair the mouse by unplugging and re-plugging the USB receiver.
