Sluban Army 10-in-1 Aircraft Carrier Building Set M38-B0662 Instruction Manual

Model: M38-B0662

1. Product Overview

The Sluban Army 10-in-1 Aircraft Carrier building set (Model M38-B0662) allows for the construction of a large aircraft carrier or ten individual military-themed vehicles. This set contains 361 pieces designed for children aged 6-12 years, promoting building skills and visual development. The components are fully compatible with other major building block brands.
The set includes a full-color instruction booklet to guide the assembly process for both the individual models and the combined aircraft carrier.

2. Safety Warnings

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.
This product contains small parts which may pose a choking hazard. Adult supervision is recommended, especially for younger children within the recommended age range (6-12 years). Keep all packaging materials away from children to prevent suffocation.

3. Package Contents

- 361 building block pieces for the Sluban Army 10-in-1 Aircraft Carrier.
- 1 x Full-color instruction booklet.

Please verify all components are present upon opening the package. If any pieces are missing, refer to the Troubleshooting section.

4. Assembly Instructions

The Sluban Army 10-in-1 Aircraft Carrier set offers two primary assembly options: building ten individual military vehicles or combining these vehicles to form a large aircraft carrier.

4.1. General Assembly Steps

1. **Unpack Components:** Carefully open the packaging and lay out all building block pieces. It is recommended to sort pieces by color or type to facilitate assembly.
2. **Consult Instruction Booklet:** Refer to the included full-color instruction booklet for detailed, step-by-step assembly

guides. Each model has specific instructions.

3. **Follow Steps Sequentially:** Assemble the models by following the diagrams and instructions in the booklet from beginning to end. Ensure each piece is securely connected.
4. **Verify Connections:** After each major step, check that all connections are firm to prevent the model from falling apart during play.

4.2. Individual Models and Combined Carrier

The set allows for the construction of 10 distinct military vehicles. These vehicles can then be combined to form the larger aircraft carrier model. The instruction booklet provides separate guides for each configuration.

5. Operating Instructions

Once assembled, the Sluban Army 10-in-1 Aircraft Carrier and its individual vehicles are ready for imaginative play. This product is manually operated and does not require batteries or external power sources.

- **Play Environment:** Use the models on a flat, stable surface. Avoid rough handling to prevent pieces from detaching.
- **Interactivity:** The models are designed for creative play. Encourage users to explore different scenarios and combinations.
- **Disassembly:** To reconfigure the models or store them, carefully disassemble the pieces by gently pulling them apart. Avoid twisting or forcing connections to prevent damage.

6. Maintenance

Proper maintenance ensures the longevity of your Sluban building set.

- **Cleaning:** To clean the building blocks, wipe them with a soft, damp cloth. For more thorough cleaning, use mild soap and water. Rinse thoroughly and air dry completely before storage. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the building blocks in a clean, dry place away from direct sunlight and extreme temperatures. Keeping them in their original box or a dedicated storage container will help prevent loss of pieces.
- **Inspection:** Periodically inspect all pieces for any signs of wear or damage. Replace any broken or severely worn pieces to maintain structural integrity and safety.

7. Troubleshooting

This section addresses common issues you might encounter with your building set.

7.1. Missing Pieces

If you find that pieces are missing from your set upon opening, please:

1. **Double-Check Packaging:** Thoroughly check all packaging materials, including bags and the box, as small pieces can sometimes be overlooked.
2. **Contact Retailer/Manufacturer:** If pieces are still missing, contact the retailer where the product was purchased or the Sluban customer support. Provide your product model number (M38-B0662) and a clear description of the missing parts.

7.2. Difficulty Connecting Pieces

Ensure pieces are aligned correctly before applying gentle pressure. Avoid forcing pieces together, as this can cause damage. Refer to the instruction booklet to confirm the correct orientation and placement of parts.

7.3. Model Instability

If an assembled model feels unstable, retrace your steps in the instruction booklet to ensure all connections are made correctly and securely. Loose connections are a common cause of instability.
