

Margaritaville DM3500000033

Margaritaville Bali Frozen Concoction Maker User Manual

Model: DM3500000033

Brand: Margaritaville

INTRODUCTION

The Margaritaville Bali Frozen Concoction Maker is designed to simplify the creation of frozen beverages such as margaritas, daiquiris, coladas, and smoothies. This appliance features an innovative self-dispensing lever and an auto remix channel to ensure consistent quality for every drink. Its large 60 oz ice reservoir and blending chamber are suitable for preparing party-sized batches.

Key features include:

- **On-Demand Self Dispenser:** Allows direct dispensing into glasses with a simple press of a lever.
- **Unique Remix Channel:** Blends and dispenses each serving, maintaining a smooth, consistent texture.
- **Extra Large Ice Reservoir and Blending Chamber:** Accommodates up to 60 ounces for large batch preparation.
- **Premium-Crafted Blade:** Automatically shaves ice and mixes ingredients for optimal consistency.
- **Four Pre-programmed Drink Settings:** Dedicated settings for Margaritas, Daiquiris, Coladas, and Smoothies.
- **Adjustable Batch Sizes:** Settings can be programmed for either half-chamber or full-chamber batches.
- **Manual Controls:** Independent Shave and Blend controls for customized consistency.
- **Durable Construction:** Features premium quality brushed metallic housing with polished stainless steel accents.

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before operating the Margaritaville Bali Frozen Concoction Maker. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always unplug the appliance from the outlet when not in use, before putting on or taking off parts, and before cleaning.
- Do not immerse the motor base in water or other liquids. Clean with a damp cloth only.
- Keep hands and utensils out of the blending jar while blending to reduce the risk of severe injury to persons or damage to the blender. A scraper may be used but only when the blender is not running.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- The use of attachments not recommended or sold by the manufacturer may cause fire, electric shock, or injury.

- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Always operate the appliance on a flat, stable surface.
- Exercise extreme caution when handling the sharp blades and during cleaning.

PRODUCT COMPONENTS

Familiarize yourself with the main parts of your Margaritaville Bali Frozen Concoction Maker:

- **Ice Reservoir:** Top compartment for holding ice cubes.
- **Shaving Blade Assembly:** Located within the ice reservoir, responsible for shaving ice.
- **Blending Jar (Pitcher):** Transparent container where ingredients are blended.
- **Remix Channel:** Internal mechanism within the blending jar that ensures consistent mixing.
- **Dispensing Lever:** Front-mounted lever for serving blended drinks.
- **Control Panel:** Features pre-programmed drink settings and manual controls.
- **Base Unit:** Houses the motor and provides stability.

SETUP AND INITIAL USE

1. **Unpack:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Clean:** Before first use, wash the blending jar, ice reservoir, and dispensing components in warm, soapy water. Rinse thoroughly and dry. The blending jar is dishwasher safe. Wipe the motor base with a damp cloth.
3. **Assemble:**
 - Place the main base unit on a stable, flat surface.
 - Ensure the blending jar is securely seated on the base.
 - Place the ice reservoir on top of the main unit, ensuring it clicks into place.

4. **Power Connection:** Plug the power cord into a standard electrical outlet.

OPERATING INSTRUCTIONS

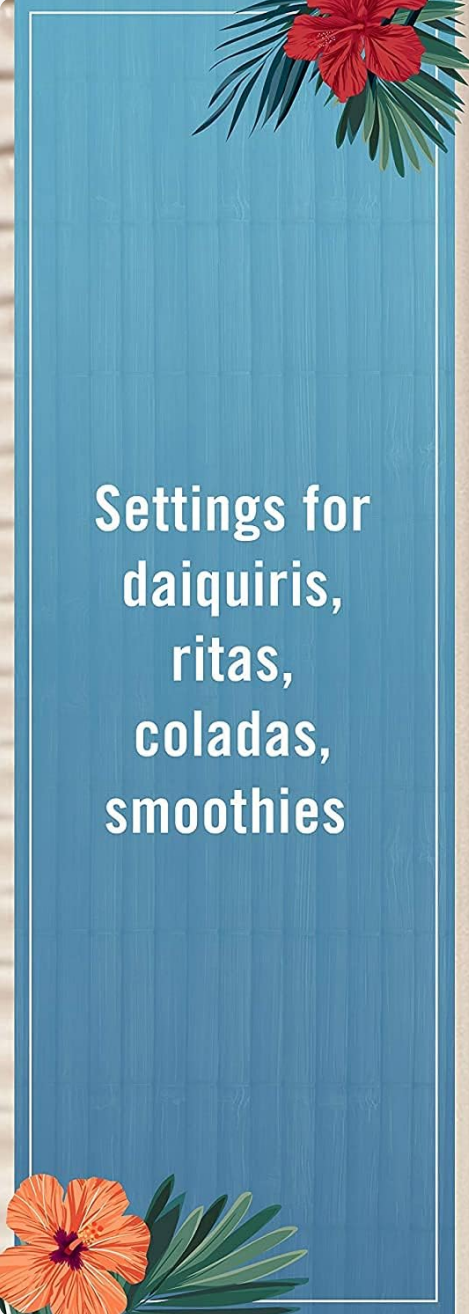

Preparing a Frozen Concoction

1. **Add Ingredients:** Pour your liquid ingredients (mix, alcohol, juice, etc.) into the blending jar. Do not exceed the maximum fill line.
2. **Add Ice:** Open the lid of the ice reservoir and add ice cubes. The reservoir can hold a significant amount of ice for multiple batches.

Image: Adding ice to the top reservoir. Ensure ice is evenly distributed for optimal shaving.

3. **Select Drink Setting:** Use the top dial on the control panel to select one of the four pre-programmed drink settings: Margaritas, Daiquiris, Coladas, or Smoothies.

Settings for daiquiris, ritas, coladas, smoothies

Image: Control dials for selecting drink type and batch size.

4. **Select Batch Size:** Use the bottom dial to choose between "Half Chamber" or "Full Chamber" batch sizes, depending on your needs.
5. **Start Blending:** Press the "Start" button. The machine will automatically shave the ice and blend it with your ingredients according to the selected program. The unique remix channel ensures consistent blending throughout the process.

Unique remix channel consistently blends and dispenses each serving

Manual Shave & Blend Controls

For customized consistency, you can use the manual controls:

- **Manual Shave:** Press and hold the "Shave" button to shave ice into the blending jar without blending. Release to stop.
- **Manual Blend:** Press and hold the "Blend" button to blend the contents of the jar without shaving more ice. Release to stop.

MAINTENANCE AND CLEANING

Regular cleaning will ensure the longevity and optimal performance of your concoction maker.

1. **Unplug:** Always unplug the appliance before cleaning.
2. **Disassemble:** Carefully remove the blending jar and ice reservoir from the base unit.
3. **Blending Jar:** The blending jar is dishwasher safe. For manual cleaning, wash with warm, soapy water using a non-abrasive sponge. Rinse thoroughly.
4. **Ice Reservoir:** Wash the ice reservoir and its components with warm, soapy water. Pay attention to the shaving blade area, exercising caution due to sharp edges. Rinse thoroughly.
5. **Base Unit:** Wipe the exterior of the motor base with a damp cloth. Do not immerse the base in water or any other liquid.
6. **Drying:** Allow all parts to air dry completely before reassembling or storing.

7. **Ice Melt Tray:** Any unused ice will melt into a tray at the rear of the machine. Remove and empty this tray after each use.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--|---|--|
| Appliance does not turn on. | Not plugged in; power outlet malfunction; safety interlock not engaged. | Ensure unit is properly plugged into a working outlet. Check that the blending jar and ice reservoir are correctly seated and locked into place. |
| Ice is not shaving or blending properly. | Too much ice; ice is frozen together; blade obstruction; insufficient liquid. | Reduce the amount of ice. Break up any large ice clumps. Ensure no foreign objects are in the ice reservoir or blending jar. Add more liquid if the mixture is too thick. |
| Drink consistency is too thick or too thin. | Incorrect ice-to-liquid ratio; program setting. | Adjust the amount of ice or liquid. Use manual shave/blend controls to achieve desired consistency. Ensure the correct pre-programmed setting is selected for your desired drink type. |
| Dispensing lever is stuck or not dispensing. | Mixture too thick; dispensing spout clogged. | Add more liquid and re-blend to thin the mixture. Ensure the dispensing spout is clear of any blockages. |
