

Hot Wheels GTT95

Hot Wheels City Mega Garage Toy Track User Manual

Model: GTT95

1. PRODUCT OVERVIEW

Get ready for an electrifying journey with the Hot Wheels™ City Mega Garage Set! Featuring four levels packed with possibilities, this giant garage includes a corkscrew-shaped elevator that transports cars between levels with the help of a crank – an interactive and fun experience for children aged 4 and up. The fun begins with the included 1:64 scale Hot Wheels® vehicle, ready to race straight out of the box. Then, simply turn the crank to move cars between floors, deciding whether they continue onto the track or park for display. The garage can hold up to 60 additional cars (sold separately), making it an incredible space for both storage and play. Connection points allow for further expansion of the Hot Wheels® universe. It's possible to integrate with other sets and add classic Hot Wheels® orange tracks at four different points to create a true world of stunts and continuous action. With an urban look, innovative functionalities, and endless possibilities for building and racing, the Mega Garage is the ideal gift for young racers and big collectors. Colors and decorations may vary.

Key Features:

- Explore 4 levels of action with the Hot Wheels City Mega Garage! Includes a corkscrew elevator, space for 60 cars, and connections to build the track of your dreams. Fun guaranteed!
- Turn the crank to activate the spiral elevator that transports vehicles between floors and launches them directly onto the track — ready to speed towards new radical adventures!
- Enjoy playtime with 1 included Hot Wheels vehicle and space to store over 60 additional cars! Ideal for races, organization, and displaying your collection.
- Connect the garage to other Hot Wheels sets and orange tracks (sold separately) to create personalized courses, full of stunts and endless possibilities!
- Gift children aged 4 and up with the Hot Wheels Mega Garage — a universe of stories, races, and creativity that grows with the imagination of young racers!

2. SETUP

Assembly is required for the Hot Wheels City Mega Garage. Please follow the instructions provided in the product packaging for detailed step-by-step guidance. Ensure all pieces are securely connected for stable play.

Assembly Steps:

1. Unpack all components from the box.
2. Connect the base sections firmly.
3. Assemble the vertical support columns and attach the multi-level parking ramps.
4. Install the corkscrew elevator mechanism, ensuring the crank operates smoothly.
5. Attach any additional track pieces or connection points as indicated in the manual.
6. Verify all connections are secure before play.

3. OPERATING INSTRUCTIONS

Using the Corkscrew Elevator:

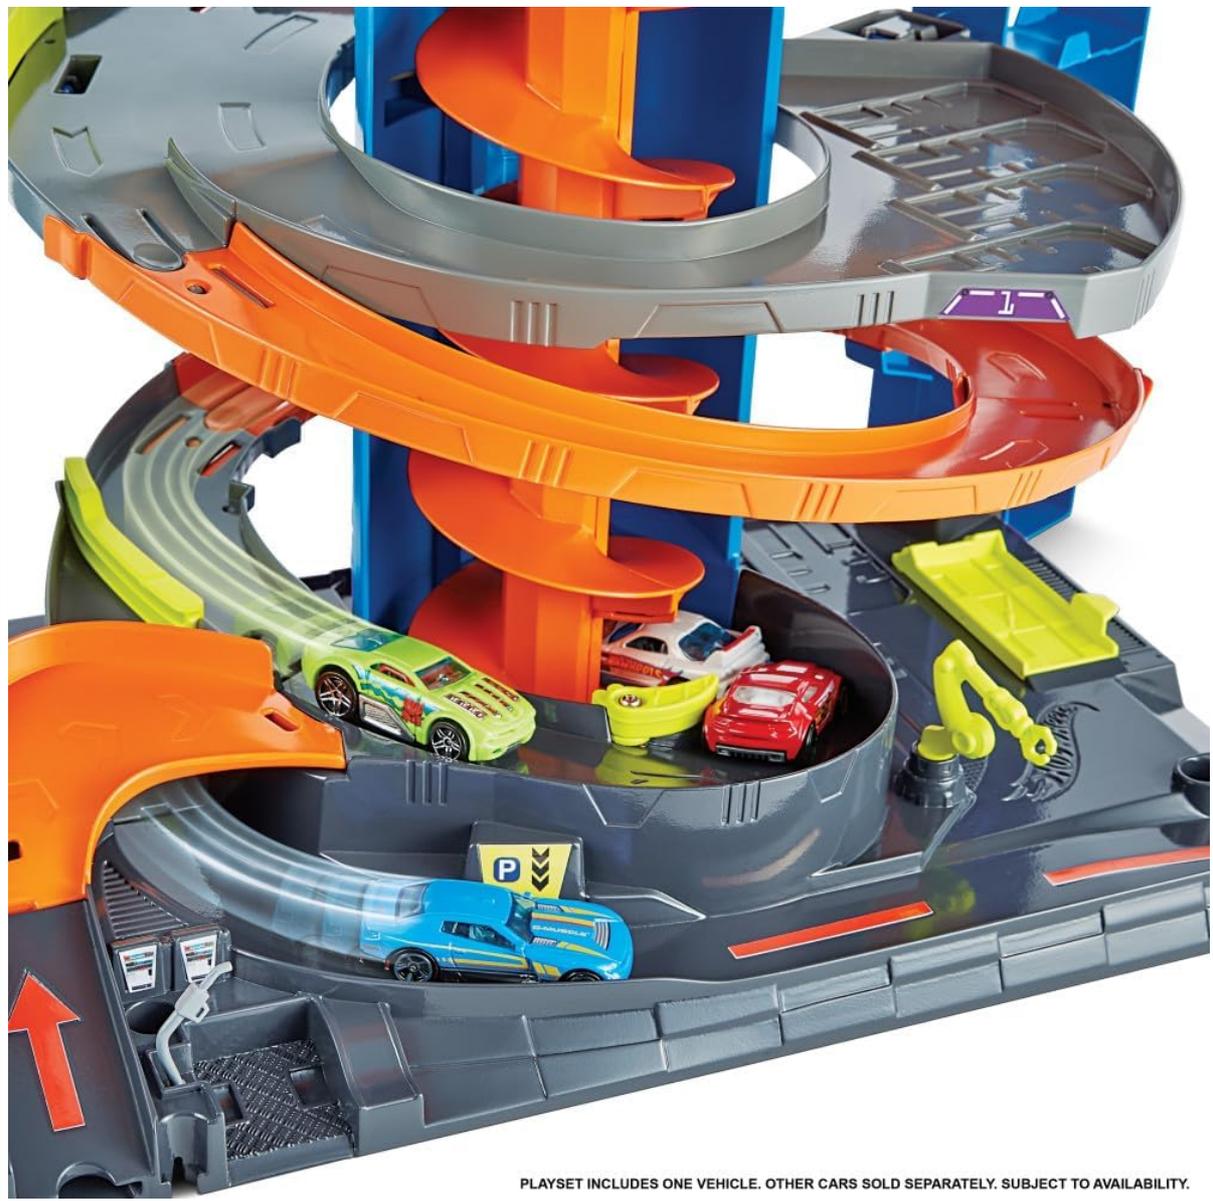

Place a Hot Wheels vehicle onto the elevator platform at the bottom level. Turn the red crank located at the top of the garage clockwise to raise the vehicle through the corkscrew ramp to the desired level. The elevator is designed to transport cars efficiently between all four levels.

Image: A child actively engaging with the Hot Wheels Mega Garage, turning the crank to operate the corkscrew elevator.

Launching and Parking Cars:

Once a car reaches a level via the elevator, you can choose to launch it onto the track for continuous play or divert it to a parking spot for storage and display. The garage features multiple parking slots on each level, capable of holding over 60 Hot Wheels vehicles (additional vehicles sold separately).

PLAYSET INCLUDES ONE VEHICLE. OTHER CARS SOLD SEPARATELY. SUBJECT TO AVAILABILITY.

Expanding Your Hot Wheels City:

The Hot Wheels City Mega Garage includes multiple connection points. These allow you to attach other Hot Wheels City play sets and classic orange tracks (sold separately) to create an even larger, more intricate world of racing and stunts. Experiment with different configurations to build unique courses.

4. MAINTENANCE

To ensure the longevity and optimal performance of your Hot Wheels City Mega Garage, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the plastic.
- **Storage:** When not in use, store the garage in a cool, dry place away from direct sunlight to prevent material degradation. The garage is designed to store up to 60 cars, making it an excellent storage solution for your collection.
- **Inspection:** Periodically check all connections and moving parts (especially the elevator crank) to ensure they are secure and functioning correctly.

5. TROUBLESHOOTING

If you encounter any issues with your Hot Wheels City Mega Garage, please refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Elevator not moving smoothly.	Obstruction in the corkscrew mechanism or loose connection.	Check for any small objects or debris blocking the path. Ensure the elevator components are securely assembled.
Cars not launching properly.	Incorrect car placement or track misalignment.	Ensure the car is correctly positioned on the launcher. Check that all track pieces are firmly connected and aligned.

Problem	Possible Cause	Solution
Garage feels unstable.	Loose connections between sections.	Review the assembly instructions and ensure all interlocking pieces are snapped into place securely.

6. SPECIFICATIONS

Feature	Detail
Brand	Hot Wheels
