## Givi SR1186

# GIVI SR1186 Specific Rear Attachment User Manual

FOR HONDA FORZA 750 AND X-ADV 750 (2021 MODELS)

Model: SR1186 | Brand: GIVI

## 1. Product Overview

The GIVI SR1186 is a specific rear adapter designed to facilitate the mounting of GIVI MONOKEY or MONOLOCK top cases, or the EX2M anodized aluminum bag holder, on Honda Forza 750 and X-ADV 750 motorcycles from the 2021 model year onwards. This attachment is engineered to integrate seamlessly with the motorcycle's original luggage rack, which is typically an optional accessory from the manufacturer.

It provides a secure and stable platform for carrying additional luggage, enhancing the utility of your motorcycle. The maximum permissible load for this attachment is 6 kg.

## 2. Safety Information

- Always ensure all mounting hardware is securely tightened before riding. Regularly check fasteners for tightness, especially after the first few rides.
- Do not exceed the maximum load capacity of 6 kg. Overloading can affect motorcycle stability and handling.
- Distribute weight evenly within the top case or bag to maintain optimal balance.
- Be aware that adding a top case or bag can alter the motorcycle's center of gravity and aerodynamic characteristics. Adjust your riding style accordingly.
- If you are unsure about any installation step, consult a qualified mechanic.

## 3. Package Contents

Please verify that all components are present before beginning installation:

- GIVI SR1186 Specific Rear Attachment (main bracket)
- Mounting hardware kit (bolts, washers, spacers, etc.)
- Instruction sheet (this document)

*Note: The specific MONOKEY or MONOLOCK plate, or the EX2M bag holder, is sold separately and is required to complete the luggage system. The motorcycle's original luggage rack is also required and sold separately by the*

manufacturer.

## 4. Setup and Installation

---

This GIVI SR1186 rear attachment is designed for installation exclusively on Honda Forza 750 and X-ADV 750 (2021 models onwards) motorcycles that are already equipped with the manufacturer's original optional luggage rack.

1. **Prepare the Motorcycle:** Ensure the motorcycle is on a stable surface, preferably a center stand, and the engine is off and cool.
2. **Identify Mounting Points:** Locate the designated mounting points on the motorcycle's original luggage rack. These are typically pre-drilled holes.
3. **Position the SR1186 Attachment:** Carefully place the GIVI SR1186 specific rear attachment onto the original luggage rack, aligning its holes with the mounting points.
4. **Secure with Hardware:** Use the provided mounting hardware (bolts, washers, spacers) to secure the SR1186 attachment to the original luggage rack. Hand-tighten all bolts initially.
5. **Final Tightening:** Once all bolts are in place and aligned, progressively tighten them using appropriate tools. Refer to your motorcycle's service manual or GIVI's specific instructions for torque specifications if available. Ensure a firm and secure fit without overtightening.
6. **Attach GIVI Plate/Bag Holder:** Once the SR1186 is securely installed, you can then attach your chosen GIVI MONOKEY plate (M5, M7, M8A, M8B, M9A, M9B), MONOLOCK plate (M5M, M6M), or EX2M anodized aluminum bag holder to the SR1186. Follow the instructions provided with your specific GIVI plate or bag holder for this step.

**Important Compatibility Note:** When using MONOKEY plates M8A, M8B, M9A, or M9B, the design of these plates and the SR1186 attachment does not allow for the installation of a stop light kit on the top case or a remote control device for opening the top case.

**Image 1:** The GIVI SR1186 Specific Rear Attachment securely installed on the rear of a Honda X-ADV 750 motorcycle. The black adapter plate is visible, mounted onto the motorcycle's silver original luggage rack, positioned behind the passenger seat. This setup provides the base for attaching a GIVI MONOKEY or MONOLOCK top case or an EX2M bag holder.

## 5. Operating (Usage)

---

Once the GIVI SR1186 attachment and your chosen GIVI plate are installed, using your top case or bag is straightforward:

- **Attaching a Top Case/Bag:** Align the top case or bag with the GIVI plate and press down firmly until it clicks into place. Ensure it is securely locked.
- **Detaching a Top Case/Bag:** Use the release mechanism on your GIVI top case or bag (typically a button or lever) to unlock it from the plate, then lift it off.
- **Load Capacity:** Always adhere to the maximum load capacity of 6 kg for the SR1186 attachment. Refer to your top case or bag's specific load limits as well.

## 6. Maintenance

---

- **Regular Inspection:** Periodically inspect the SR1186 attachment and all mounting hardware for signs of wear, damage, or looseness.
- **Tighten Fasteners:** Re-tighten any loose bolts or screws to ensure the attachment remains secure.
- **Cleaning:** Clean the attachment with a mild soap and water solution. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Corrosion Prevention:** If riding in wet or salty conditions, rinse the attachment with fresh water and dry thoroughly to prevent corrosion.

## 7. Troubleshooting

---

- **Attachment feels loose:** Check all mounting bolts and ensure they are tightened to the correct specifications. Inspect for any damaged components.
- **Top case/bag does not attach securely:** Ensure the GIVI plate is correctly installed on the SR1186 attachment and that the top case/bag's locking mechanism is functioning properly. Verify compatibility between the plate and the top case/bag.
- **Difficulty with installation:** Double-check that your motorcycle is a Honda Forza 750 or X-ADV 750 (2021+) and that it has the original manufacturer's luggage rack installed. Review the installation steps carefully.

## 8. Specifications

---

Model Number	SR1186
Brand	GIVI
Manufacturer	GIVI
Compatibility	Honda Forza 750 (2021+), Honda X-ADV 750 (2021+) with original luggage rack
Material	Nylon
Color	Black
Item Weight	1.12 kg
Maximum Load	6 kg
Country of Origin	Italy

## 9. Warranty and Support

---

For warranty information or technical support, please refer to the official GIVI website or contact your authorized GIVI dealer. Keep your proof of purchase for any warranty claims.
