4. SETUP

4.1 Battery Installation

1. Locate the battery compartment on the back of the remote control.
2. Open the battery compartment cover.
3. Insert the required batteries (typically AAA, not included) according to the polarity markings (+ and -) inside the compartment. Ensure the flat side of the battery is towards the back of the remote.
4. Close the battery compartment cover securely.

4.2 Pairing with Treadmill

The RHYTHM FUN Remote Control 3.0 is designed to connect automatically with compatible RHYTHM FUN treadmills. In most cases, simply inserting the batteries and powering on your treadmill will establish the connection.

If the remote does not connect automatically:

- Ensure the treadmill is powered on and plugged into a working outlet.
- Verify that the batteries in the remote control are correctly installed and have sufficient charge.
- Try turning both the treadmill and the remote control off and then on again.

- Move closer to the treadmill to ensure a clear signal path.

5. OPERATING INSTRUCTIONS

Once the remote control is paired with your RHYTHM FUN treadmill, you can use it to control basic functions:

- **To Turn On/Off:** Press the Power Button once to turn the treadmill on. Press it again to turn the treadmill off.
- **To Adjust Speed:** Use the **+** button to increase the treadmill speed and the **-** button to decrease the speed. Each press will adjust the speed incrementally.

6. MAINTENANCE

6.1 Cleaning

Wipe the remote control with a soft, dry cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the surface or internal components.

6.2 Battery Replacement

When the remote control's response becomes sluggish or it stops functioning, it is likely time to replace the batteries. Follow the battery installation steps in Section 4.1. Always replace all batteries at the same time with new ones of the same type.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Remote control does not work.	Dead or incorrectly installed batteries.	Check battery orientation and replace with fresh batteries. Refer to Section 4.1.
Remote control does not connect to the treadmill.	Treadmill not powered on; remote out of range; interference.	Ensure treadmill is on. Move closer to the treadmill. Restart both devices. Verify compatibility (only RHYTHM FUN treadmills).
Buttons are unresponsive.	Low battery power; internal malfunction.	Replace batteries. If the issue persists, contact RHYTHM FUN customer support.
