- GIMP

It also functions with office software such as Microsoft Office Word, Excel, PowerPoint, and OneNote, making it suitable for online teaching, remote work, and presentations.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the tablet surface and pen. Avoid using harsh chemicals or abrasive materials.
- **Nib Replacement:** When the pen nib wears down, use the included nib remover tool to gently pull out the old nib and insert a new one. Ensure the new nib is fully seated.
- **Storage:** Store the tablet and pen in a dry, cool place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the USB cable excessively to prevent damage.

TROUBLESHOOTING

- **No Pen Pressure:**
 - Ensure the VEIKK driver is correctly installed and running.
 - Check if any other tablet drivers are installed and uninstall them.
 - Test the pen in different compatible software.
- **Tablet Not Responding:**
 - Verify the USB cable is securely connected to both the tablet and the computer.
 - Try connecting the tablet to a different USB port.
 - Restart your computer.
 - Reinstall the VEIKK driver.
- **Cursor Jumps or Lag:**
 - Ensure there are no other wireless devices causing interference nearby.
 - Check for any background applications consuming high system resources.
 - Update your computer's operating system and graphics drivers.
- **Android Connection Issues:**
 - Confirm your Android device supports OTG functionality.
 - Ensure the OTG connector is properly attached.
 - Verify your Android OS version is 6.0 or later (excluding Samsung).
