Weewooday Weewooday-X Lar-X406

Weewooday 3X Credit Card Size Fresnel Magnifier User Manual

Model: Weewooday-X Lar-X406

1. INTRODUCTION

Thank you for choosing the Weewooday 3X Credit Card Size Fresnel Magnifier. This compact and portable magnifying tool is designed to assist with reading small text and examining fine details. Its credit card size makes it convenient for everyday use and travel. Please read this manual carefully to understand the product's features, proper usage, and maintenance.

2. PRODUCT OVERVIEW

The Weewooday Fresnel Magnifier is a thin, flat lens that uses concentric grooves to magnify objects. It is designed for portability and ease of use.

Figure 2.1: Weewooday 3X Credit Card Size Fresnel Magnifiers. This image shows three transparent magnifiers, each individually packaged in a clear plastic sleeve, stacked on top of each other, highlighting their compact and portable design.

3. KEY FEATURES

- **3X Magnification:** Provides clear enlargement for small print and intricate details.
- **Credit Card Size:** Ultra-thin and lightweight, fits easily into wallets, pockets, or purses.
- **Durable PVC Plastic:** Made from high-quality PVC material, offering flexibility and resistance to wear.
- **Transparent Design:** Ensures clear viewing without distortion.

- **Safe Edges:** Features flat and semi-circular edges to prevent scratches and ensure safe handling.

Figure 3.1: Quality and Design Features. This image illustrates the high-quality PVC material, flat edges, and thoughtful semi-circular corner design of the magnifier, emphasizing its durability and user safety.

4. PACKAGE CONTENTS

Upon opening your package, please ensure all items are present and in good condition:

- 3 x Weewooday 3X Credit Card Size Fresnel Magnifiers
- 3 x Individual Plastic Sleeves (for protection)

5. SETUP

The Weewooday Fresnel Magnifier requires no complex setup. It is ready for use directly out of its protective sleeve.

1. Carefully remove the magnifier from its individual plastic sleeve.

2. Inspect the lens for any dust or smudges. If present, gently wipe with a soft, lint-free cloth.

6. OPERATING INSTRUCTIONS

Using the Fresnel magnifier is straightforward. Follow these steps for optimal magnification:

1. Hold the magnifier approximately 5-8 cm (2-3 inches) above the object or text you wish to magnify.
2. Adjust the distance slightly until the image appears clear and magnified.
3. Ensure adequate lighting for best results.

Figure 6.1: Proper Usage Distance. This image demonstrates the correct way to hold the magnifier, approximately 5-8 cm above the reading material, to achieve clear magnification.

6.1. Common Applications

- **Reading:** Ideal for newspapers, books, maps, menus, and product labels with small print.

- **Inspection:** Useful for examining small components, stamps, coins, or other detailed items.
- **Travel:** Its compact size makes it perfect for on-the-go reading assistance.

Figure 6.2: Versatile Applications. This composite image illustrates various practical uses for the magnifier, including reading, assisting during travel, aiding in small repairs, and its convenient credit card size for portability.

Important Note: While Fresnel lenses can concentrate light, these magnifiers are not designed as fire-starting tools. Avoid prolonged exposure to direct sunlight, especially on flammable materials, as this could pose a fire hazard.

7. CARE AND MAINTENANCE

To ensure the longevity and clarity of your Weewooday Fresnel Magnifier, follow these care instructions:

- **Cleaning:** Gently wipe the lens surface with a soft, lint-free cloth (e.g., microfiber cloth). For stubborn smudges, a small amount of lens cleaning solution can be applied to the cloth, not directly to the lens.
- **Storage:** Always store the magnifier in its provided plastic sleeve or a protective case when not in use to prevent

scratches and dust accumulation.

- **Avoid Extreme Temperatures:** Do not expose the magnifier to extreme heat or cold, as this may affect the plastic material.
- **Avoid Abrasive Materials:** Do not use paper towels, rough cloths, or abrasive cleaners, as these can scratch the lens.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Image is blurry or distorted.	Incorrect distance from object; dirty lens.	Adjust the distance between the magnifier and the object (typically 5-8 cm). Clean the lens with a soft cloth.
Magnifier appears scratched.	Improper storage or cleaning.	Always store in its protective sleeve. Use only soft, lint-free cloths for cleaning.
Insufficient magnification.	Expectations for 3X magnification may vary; poor lighting.	Ensure adequate lighting. The magnifier provides 3X magnification, which is suitable for general reading.

9. SPECIFICATIONS

Attribute	Detail
Brand	Weewooday
Model	Weewooday-X Lar-X406
Magnification	3X
Material	PVC Plastic
Color	Transparent
Dimensions (L x W x H)	Approx. 9.4 x 6.2 x 0.1 cm (3.7 x 2.36 x 0.04 inches)
