Tek Styz TS-1242

Tek Styz TS-1242 Bluetooth 5.3 Wireless Headset User Manual

Brand: Tek Styz | Model: TS-1242

1. INTRODUCTION

This manual provides detailed instructions for the proper use, setup, and maintenance of your Tek Styz TS-1242 Bluetooth 5.3 Wireless Headset. Designed for clear communication and audio playback, this headset features Bluetooth 5.3 connectivity, dual microphones with CVC 6.0 noise reduction, and IPX5 water resistance. Please read this manual thoroughly before using the device to ensure optimal performance and longevity.

2. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- (1) Tek Styz TS-1242 Wireless Earbud
- (1) MicroUSB Charging Cable
- (3) Ear Adapters (various sizes)
- (1) Large Over-Ear Adapter (Earhook)
- (1) User Manual (this document)

3. PRODUCT FEATURES

- **Bluetooth 5.3 Connectivity:** Ensures a stable, efficient, and long-range wireless connection.
- **Dual Microphones with CVC 6.0 Noise Reduction:** Provides clear communication by actively reducing background noise.
- **IPX5 Water Resistance:** Protects the headset from splashes and sweat, suitable for various environments.
- **Extended Battery Life:** Offers up to 24 hours of talk time and 720 hours of standby time on a single charge.
- **Multifunctional Button:** Allows for easy control of calls and music playback.
- **Voice Notifications:** Informs about incoming calls and battery levels.
- **Lightweight and Ergonomic Design:** Ensures comfortable wear for extended periods.
- **Wide Compatibility:** Works with Android, iOS, Mac, and Windows devices, including Motorola Moto G7.

4. SETUP GUIDE

4.1 Charging the Headset

1. Connect the MicroUSB charging cable to the charging port on the headset.
2. Plug the other end of the cable into a USB power source (e.g., computer, wall adapter).
3. The LED indicator on the headset will show charging status. A full charge typically takes approximately 1 hour.
4. Once fully charged, disconnect the charging cable.

Long Lasting Battery Time

24 Hours Talking Time, 1440 Hours Standby Time

Image 2: Illustration of the headset's long-lasting battery, indicating up to 24 hours of talk time and 1440 hours of standby time.

4.2 Adjusting for Fit

Select the appropriate ear adapter and over-ear adapter (earhook) from the package to ensure a secure and comfortable fit. The earhook can be rotated to fit either the left or right ear.

4.3 Pairing with a Device

1. Ensure the headset is fully charged and powered off.
2. Slide the ON/OFF switch to the "ON" position. The headset will enter pairing mode, indicated by a flashing LED light (color may vary).
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "TS-1242" or a similar name from the list of found devices.
5. Once paired, the LED indicator will stop flashing and remain solid, and you may hear a confirmation tone.
6. The headset supports connecting to two devices simultaneously. After pairing with the first device, disable Bluetooth on it, pair with the second device, then re-enable Bluetooth on the first device. The headset should connect to both.

Image 3: Visual representation of Bluetooth CSR technology, highlighting stable connection, clear microphone, Siri support, power display on iOS devices, and the ability to connect to two devices simultaneously.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Slide the ON/OFF switch to the "ON" position.
- **Power Off:** Slide the ON/OFF switch to the "OFF" position.

5.2 Call Management

- **Answer/End Call:** Press the Multifunctional button once.
- **Reject Call:** Press and hold the Multifunctional button for 2 seconds.
- **Redial Last Number:** Double-click the Multifunctional button.

Image 4: Close-up of the headset's multifunctional button, illustrating its use for answering/ending calls and pausing/playing music.

5.3 Music Playback

- **Play/Pause:** Press the Multifunctional button once.

5.4 Voice Assistant (Siri)

The headset supports voice assistants like Siri. Refer to your device's instructions for activating the voice assistant through a connected Bluetooth headset.

5.5 Noise Cancellation

The integrated CVC 6.0 and DSP chips provide active noise cancellation for clearer audio during calls and music playback. The sensitive microphone is designed to pick up your voice accurately while filtering out ambient noise.

Image 5: Diagram illustrating the CVC6.0 noise cancellation process, showing sound collection, chip analysis and filtration, leading to clear voice output.

6. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Do not use abrasive cleaners or solvents.
- **Water Resistance:** The headset is IPX5 water-resistant, meaning it can withstand splashes and light rain. Do not submerge the headset in water or expose it to heavy rain.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To preserve battery life, charge the headset regularly, even if not in frequent use. Avoid fully discharging the battery for extended periods.

Image 6: The headset shown with water droplets, illustrating its water-resistant design. The product is rated IPX5 for water resistance.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset does not power on.	Low battery.	Charge the headset for at least 1 hour.
Cannot pair with device.	Bluetooth is off on device; headset not in pairing mode; device too far.	Ensure Bluetooth is enabled on your device. Put headset in pairing mode (flashing LED). Keep devices within 10 meters (33 feet).
No sound or poor audio quality.	Volume too low; headset not properly connected; interference.	Adjust volume on both headset and device. Re-pair the headset. Move away from other wireless devices.
Call quality is poor.	Microphone obstructed; environmental noise.	Ensure microphone is clear. The CVC 6.0 noise reduction should help, but extreme noise may still affect clarity.

8. SPECIFICATIONS

Feature	Detail
Model Name	TS-1242
Connectivity Technology	Bluetooth 5.3
Wireless Range	Up to 33 feet (10 meters)
Noise Control	Active Noise Cancellation (CVC 6.0)
