Tek Styz TS-1242

Tek Styz Bluetooth 5.3 Headset User Manual

Model: TS-1242

Brand: Tek Styz

INTRODUCTION

This manual provides detailed instructions for the proper use, setup, and maintenance of your Tek Styz Bluetooth 5.3 Headset. Please read this manual thoroughly before using the device to ensure optimal performance and longevity.

WHAT'S IN THE BOX

Verify that all components are present in the package:

- (1) Tek Styz Bluetooth 5.3 Headset
- (1) MicroUSB Charging Cable
- (3) Ear Adapters (various sizes)
- (1) Large Over-Ear Adapter
- User Manual (this document)

SETUP

1. Charging the Headset

Before first use, fully charge the headset. A full charge takes approximately 1 hour.

1. Connect the MicroUSB charging cable to the headset's charging port.
2. Connect the other end of the cable to a USB power source (e.g., computer USB port, USB wall adapter).
3. The LED indicator on the headset will show charging status (refer to headset's specific LED behavior for full indication).
4. Once fully charged, disconnect the charging cable.

Long Lasting Battery Time

24 Hours Talking Time, 1440 Hours Standby Time

Image: Illustration of the headset's long battery life, indicating up to 24 hours of talk time and 1440 hours of standby time after charging.

2. Bluetooth Pairing

The headset uses Bluetooth 5.3 technology for stable connection. It can connect to two devices simultaneously.

1. Ensure the headset is fully charged and powered off.
2. Press and hold the Multi-function button on the headset until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.

4. Select "TS-1242" or "Tek Styz Headset" from the list of found devices.
5. Once paired, the LED indicator will flash blue slowly, and a voice prompt will confirm the connection.
6. To connect a second device, disable Bluetooth on the first device, put the headset back into pairing mode, connect the second device, then re-enable Bluetooth on the first device. The headset should automatically reconnect to both.

Smart compatibel with various brands of digital products/multimedia

3. Fitting the Headset

Choose the ear adapter and ear hook that provides the most comfortable and secure fit for your ear. The headset is designed for single-ear use.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the Multi-function button for approximately 3 seconds until the LED indicator flashes blue and a voice prompt confirms "Power On".
- **Power Off:** Press and hold the Multi-function button for approximately 3 seconds until the LED indicator flashes red and a voice prompt confirms "Power Off".

Call Management

- **Answer Call:** Short press the Multi-function button when an incoming call rings.
- **End Call:** Short press the Multi-function button during a call.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds when an incoming call rings.
- **Redial Last Number:** Double-click the Multi-function button when not on a call.

Answer Hang up Key

- **Answer or end calls; double-click redial recent calls**
- **When listening to the music, click to pause, and then click to play**

Image: A user's hand demonstrating how to interact with the headset's main button to answer or hang up calls, and to pause or play music.

Music Control

- **Play/Pause:** Short press the Multi-function button while music is playing.

Voice Assistant Activation

- **Activate Siri/Google Assistant:** Triple-click the Multi-function button (requires compatible device).

Battery Status

The headset provides voice notifications for battery level. For newer Android and iOS devices, the battery level may also be displayed on your phone's screen.

MAINTENANCE

Cleaning

Gently wipe the headset with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.

Storage

Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid storing with metallic objects that could scratch or damage it.

Water Resistance (IPX5)

The headset is IPX5 water-resistant, meaning it can withstand low-pressure water jets from any direction. It is suitable for use during light rain or sweaty workouts. **Do not submerge the headset in water.**

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset won't power on.	Low battery.	Charge the headset fully.
Cannot pair with device.	Headset not in pairing mode; Bluetooth off on device; device too far.	Ensure headset is in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move headset closer to device (within 33 feet).
No sound or poor sound quality.	Volume too low; headset not connected; interference.	Increase volume on both headset and device. Reconnect headset. Move away from sources of interference.
Microphone not working.	Microphone blocked; software issue.	Ensure microphone is not covered. Restart your device and headset.

Clear Microphone & CVC6.0 Noise Cancellation

Sensitive microphone extended down to your mouth, picks up voice perfectly.

CVC6.0 Noise cancellation ensure clear sound being heard
