MARK ADLER Expert 8.5

MARK ADLER Expert 8.5 Executive Office Chair Instruction Manual

Model: Expert 8.5

INTRODUCTION

Thank you for choosing the MARK ADLER Expert 8.5 Executive Office Chair. This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your new office chair. Please read this manual carefully before assembly and use to ensure proper function and longevity of the product.

SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the chair:

- Ensure all components are securely fastened before use.
- Do not stand on the chair.
- Do not use the chair on uneven surfaces.
- Avoid exposing the chair to direct sunlight or extreme temperatures for prolonged periods.
- Keep small parts away from children during assembly.
- Do not exceed the maximum weight capacity (refer to specifications).

PACKAGE CONTENTS

Before beginning assembly, please verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

Common components include:

- Backrest with headrest
- Seat cushion
- Armrests (2)
- Gas lift cylinder
- Star base
- Casters (5)

- Mechanism plate
- Hardware kit (screws, washers, Allen wrench)

SETUP AND ASSEMBLY

Follow these steps to assemble your MARK ADLER Expert 8.5 office chair. It is recommended to assemble the chair on a soft, clean surface to prevent damage.

1. **Attach Casters to Base:** Insert the five casters into the holes at the end of each leg of the star base until they click securely into place.
2. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the star base. Ensure it is seated firmly.
3. **Attach Mechanism to Seat:** Align the mechanism plate with the pre-drilled holes on the underside of the seat cushion. Secure it using the provided screws. Ensure the front of the mechanism faces the front of the seat.
4. **Attach Armrests to Seat:** Secure the armrests to the sides of the seat cushion using the designated screws. Ensure they are oriented correctly.
5. **Attach Backrest to Seat:** Connect the backrest to the seat assembly. This typically involves aligning brackets and securing with screws.
6. **Connect Seat Assembly to Gas Lift:** Carefully place the assembled seat and backrest onto the gas lift cylinder, ensuring the center hole of the mechanism plate aligns with the top of the gas lift. Press down firmly to secure.
7. **Adjust Headrest:** Once assembled, adjust the headrest to your preferred height and tilt.

OPERATING INSTRUCTIONS

The MARK ADLER Expert 8.5 chair offers multiple adjustment options for personalized comfort.

Chair Height Adjustment

To adjust the chair height, pull the lever located under the seat upwards while applying or releasing body weight. Release the lever at the desired height.

Backrest Tilt and Lock (SeatRest Cradle Plus)

Image: The MARK ADLER Expert 8.5 office chair shown tilting backward, illustrating the 135-degree recline capability and the range of motion for the backrest.

The SeatRest Cradle Plus function allows you to recline the backrest to your preferred angle. Use the lever on the side of the chair to adjust the tilt. The multi-lock mechanism enables you to lock the backrest in up to 4 different positions, from upright to a reclined position of approximately 135 degrees.

5D Armrest Adjustment

The armrests feature 5D adjustment, allowing for movement in five directions:

- **Height Adjustment:** Press the button on the side of the armrest and move it up or down.
- **Forward/Backward:** Slide the armrest pad forward or backward.
- **Left/Right Pivot:** Rotate the armrest pad left or right.
- **Inward/Outward Slide:** Slide the entire armrest assembly closer to or further from the seat.
- **Angle Adjustment:** Adjust the angle of the armrest pad.

Image: A side profile of the MARK ADLER Expert 8.5 chair, emphasizing the adjustable armrests and headrest, demonstrating the chair's ergonomic flexibility.

Adjustable Headrest

The headrest can be adjusted in both height and tilt angle to provide optimal neck and head support. Gently push or pull the headrest to adjust its position.

Flexible Lumbar Support

The chair features a flexible lumbar support system designed to adapt to your spine's natural curve, providing continuous comfort and support. No manual adjustment is typically required for this feature as it is designed to be adaptive.

MAINTENANCE

Proper care will extend the life and appearance of your MARK ADLER Expert 8.5 office chair.

- **Cleaning:** Wipe clean with a damp cloth. For stubborn stains on the AiRMesh HD fabric, use a mild soap solution and a soft brush, then wipe with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary.
- **Casters:** Keep casters free of hair and debris to ensure smooth movement.

TROUBLESHOOTING

If you encounter any issues with your chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift cylinder malfunction or lever not engaged.	Ensure the lever is fully pulled. If the issue persists, the gas lift may need replacement.
Chair wobbles	Loose screws or uneven floor.	Check and tighten all assembly screws. Ensure the chair is on a flat surface.
Casters not rolling smoothly	Debris caught in casters.	Remove any hair, dust, or debris from the caster wheels.
Backrest does not lock	Locking mechanism not engaged or damaged.	Ensure the multi-lock lever is fully engaged. If damaged, contact support.
