Operating Instructions

Once your AirTag is securely placed within the Case-Mate holder and attached to your item, it operates seamlessly with your Apple device's Find My network. The holder does not interfere with the AirTag's signal or functionality.

- **Tracking:** Use the Find My app on your Apple device to locate your item.
- **Sound Playback:** Activate sound playback through the Find My app to help locate nearby items.
- **Versatile Attachment:** The heavy-duty clip allows for attachment to a wide range of items, including but not limited to:
  - Keys
  - Luggage

- Backpacks
- Purses
- Pet Collars

Maintenance

To ensure the longevity and appearance of your Case-Mate AirTag Keychain Holder, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the vegan leather surface with a soft, damp cloth to remove dust or dirt. Avoid harsh chemicals or abrasive cleaners.
- **Protection:** The holder's materials are designed to be scratch-resistant, offering enhanced protection for your AirTag. However, avoid exposing it to sharp objects or extreme conditions to maintain its integrity.
- **Storage:** When not in use, store the holder in a cool, dry place away from direct sunlight.

Troubleshooting

The Case-Mate AirTag Keychain Holder is a passive accessory designed to protect and carry your AirTag. Most issues related to tracking or connectivity are typically associated with the AirTag itself or the Apple Find My network.

- **AirTag Not Responding:** Ensure your AirTag's battery is not depleted. Refer to Apple's official AirTag support documentation for troubleshooting AirTag functionality.
- **Holder Damage:** If the holder becomes damaged, inspect it for any sharp edges or compromised areas that could affect the AirTag or attached items. Replace if necessary to ensure continued protection.
